## Rise Of The Silver Queen:

Happy Dreams of Liberty R. Isabela Morales, 2022 A beautifully narrated and rich saga of one family's journey from slavery to freedom and from the South to the North and West set against Americans changing attitudes towards mixed race people from the late antebellum period to the Jim Crow era

*Eben Smith* David Forsyth, 2021-09-21 David Forsyth recounts the life of Eben Smith an integral but little known figure in Colorado mining history Smith was one of the many fortune seekers who traveled to California during the gold rush and one of the few who found what he sought He moved to Colorado in 1860 with business partner Jerome Chaffee and over the next forty six years was involved in mining in nearly every major camp in the state from Central City to Cripple Creek and in the development of mines such as the Bobtail Little Jonny and Victor He was eulogized by the Denver Post and Denver Times as the dean of mining in Colorado The mining teams Smith formed with Chaffee and with industrialist David Moffat were among the most successful and respected in Colorado and many in the state held Smith in high regard Yet despite the credit he received during his lifetime for establishing Colorado's mining industry Smith has not received much attention from historians perhaps because he was content to leave public facing duties to his partners while he concerned himself with managing mine operations From Smith's early years and his labor in the mines to his rise to prominence as an investor and developer Forsyth shows how Smith used the mining and milling knowledge he acquired in California to become a leader in technological innovation in Colorado's mining industry

**Mining Irish-American Lives** Alan J. M. Noonan, 2022-09-29 *Mining Irish American Lives* focuses on the importance and influence of the Irish within the mining frontier of the American West Scholarship of the West has largely ignored the complicated lives of the Irish people in mining towns whose life details are often kept to a bare minimum This book uses individual stories and the histories of different communities Randsburg California Virginia City Nevada Leadville Colorado Butte Montana Idaho's Silver Valley and the Comstock Lode for example to explore Irish and Irish American lives Historian Alan J M Noonan uses a range of previously overlooked sources including collections of emigrant letters hospital logbooks private detective reports and internment records to tell the stories of Irish men and women who emigrated to mining towns to search for opportunity Noonan details the periods the places and the experiences over multiple generations in the late nineteenth and early twentieth centuries He carefully examines their encounters with nativists other ethnic groups and mining companies to highlight the contested emergence of a hyphenated Irish American identity Unearthing personal details along with the histories of different communities the book investigates Irish immigrants and Irish Americans through the prism of their own experiences significantly enriching the history of the period
