Risk And Survival In Ancient Greece

Layla Skinns, Michael Scott, Tony Cox

Risk And Survival In Ancient Greece:

Risk and Survival in Ancient Greece Thomas W. Gallant,1991-08-26 This new work from Thomas Gallant provides a highly original analysis of the ancient Greek domestic economy The nature of their environment together with only rudimentary technology caused the Greek peasants to develop an extensive but delicate web of risk management strategies The author details these strategies alongside the key adaptive measures by which the ancient Greeks coped with major fluctuations in food production and supply As a whole the book makes a major contribution to the perennial debate about how peasants secure the basic conditions of material subsistence *Structures Rurales Et Sociétés Antiques* Panagiotis N. Doukellis,Lina G. Mendônê,1994

The World of Ancient Greece Michael Lovano,2019-12-02 This book opens the world of the ancient Greeks to all readers through easily accessible entries on topics essential to understanding Greek high culture and daily life The ancient Greeks provided the foundation for Western civilization They made significant advances in science mathematics philosophy literature and government While many readers might have heard of Plato and Aristotle however or be familiar with the classic works of Greek tragedy most people know significantly less about daily life in the ancient Greek world This encyclopedia opens the world of the ancient Greeks spanning Greek history from the Bronze Age through Roman times with an emphasis on the Classical and Hellenistic Eras The encyclopedia provides roughly 270 easily accessible entries on topics essential to understanding everything from Greek high culture to daily life These entries are grouped in topical sections on the arts science and technology politics and government domestic life and other subjects Sidebars on particularly noteworthy people places and concepts provide related information while primary documents allow readers to delve into the mindset and feelings of the ancient Greeks themselves Extensive bibliographic references give curious readers direction for further research

Encyclopedia of Ancient Greece Nigel Wilson,2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient Greece

An Environmental History of Ancient Greece and Rome Lukas Thommen,2012-03-08 In ancient Greece and Rome an ambiguous relationship developed between man and nature and this decisively determined the manner in which they treated the environment On the one hand nature was conceived as a space characterized and inhabited by divine powers which deserved appropriate respect On the other a rationalist view emerged according to which humans were to subdue nature using their technologies and to dispose of its resources This book systematically describes the ways in which the Greeks and Romans intervened in the environment and thus traces the history of the tension between the exploitation of resources and the protection of nature from early Greece to the period of

late antiquity At the same time it analyses the comprehensive opening up of the Mediterranean and the northern frontier regions both for settlement and for economic activity The book s level and approach make it highly accessible to students and non specialists

The Economics of War in Ancient Greece Roel Konijnendijk,Manu Dal Borgo,2024-12-12 In recent decades the study of the ancient economy and ancient warfare have both been transformed by ground breaking new studies and methodological approaches Offering a selection of cutting edge research on the interlocked themes of economics and war this edited volume explores how armed conflict affected markets and economic opportunities in ancient Greece From the destruction of cities to the emergence of new fiscal institutions war prompted massive changes to economic conditions throughout the ancient Mediterranean and beyond some with lasting consequences for the organisation of states and armies The contributors look beyond the old paradigms of finance and logistics and broaden the discussion to address themes such as gender literary culture and the Persian Empire More specifically they analyse how ancient rulers and states struggled to mobilise resources and what they did to tackle fiscal challenges to wage war more efficiently thereby demonstrating how matters of war can be an invaluable source of information on the way ancient economies worked and developed As a result this book shows how the study of economic factors too often neglected in works on ancient warfare allows a deeper understanding of military cultures and events in ancient Greece

Risk in the Roman World Jerry Toner,2023-11-30 Risk is everywhere in the modern world The Roman world was no different but its solutions were very different

Democracy, Justice, and Equality in Ancient Greece Georgios Anagnostopoulos,Gerasimos Santas,2018-11-16 The original essays in this volume discuss ideas relating to democracy political justice equality and inequalities in the distribution of resources and public goods These issues were as vigorously debated at the height of ancient Greek democracy as they are in many democratic societies today Contributing authors address these issues and debates about them from both philosophical and historical perspectives Readers will discover research on the role of Athenian democracy in moderating economic inequality and reducing poverty on ancient debates about how to respond to inborn and social inequalities and on Plato s and Aristotle s critiques of Greek participatory democracies Early chapters examine Plato s views on equality justice and the distribution of political and non political goods including his defense of the abolition of private property for the ruling classes and of the equality of women in his ideal constitution and polis Other papers discuss views of Socrates or Aristotle that are particularly relevant to contemporary political and economic disputes about punishment freedom slavery the status of women and public education to name a few This thorough consideration of the ancient Greeks work on democracy justice and equality will appeal to scholars and researchers of the history of philosophy Greek history classics as well as those with an interest in political philosophy

Moral Codes and Social Structure in Ancient Greece Joseph M. Bryant,1996-07-03 An exercise in cultural sociology Moral Codes and Social Structure in Ancient Greece seeks to explicate the dynamic currents of classical Hellenic ethics and social philosophy by situating those idea complexes in their socio historical and intellectual contexts

Central to this enterprise is a comprehensive historical sociological analysis of the Polis form of social organization which charts the evolution of its basic institutions roles statuses and class relations From the Dark Age period of genesis on to the Hellenistic era of eclipse by the emergent forces of imperial patrimonialism Polis society promoted and sustained corresponding normative codes which mobilized and channeled the requisite emotive commitments and cognitive judgments for functional proficiency under existing conditions of life The aristocratic warrior ethos canonized in the Homeric epics the civic ideology of equality and justice espoused by reformist lawgivers and poets the democratization of status honor and martial virtue that attended the shift to hoplite warfare the philosophical exaltation of the Polis citizen bond as found in the architectonic visions of Plato and Aristotle and the subsequent retreat from civic virtues and the interiorization of value articulated by the Skeptics Epicureans and Stoics new age philosophies in a world remade by Alexander s conquests these are the key phases in the evolving currents of Hellenic moral discourse as structurally framed by transformations within the institutional matrix of Polis society

Olive Cultivation in Ancient Greece Lin Foxhall,2007-09-20 Lin Foxhall explores the cultivation of the olive as an extended case study for understanding ancient Greek agriculture in its landscape economic social and political settings Evidence from written sources archaeology and visual images is assembled to focus on what was special about the cultivation and processing of the olive in classical and archaic Greece and how and why these practices differed from Roman ones This investigation opens up new ways of thinking about the economies of the archaic and classical Greek world

A History of Trust in Ancient Greece Steven Johnstone,2024-05-31 An enormous amount of literature exists on Greek law economics and political philosophy Yet no one has written a history of trust one of the most fundamental aspects of social and economic interaction in the ancient world In this fresh look at antiquity Steven Johnstone explores the way democracy and markets flourished in ancient Greece not so much through personal relationships as through trust in abstract systems including money standardized measurement rhetoric and haggling Focusing on markets and democratic politics Johnstone draws on speeches given in Athenian courts histories of Athenian democracy comic writings and laws inscribed on stone to examine how these systems worked He analyzes their potentials and limitations and how the Greeks understood and critiqued them In providing the first comprehensive account of these pervasive and crucial systems *A History of Trust in Ancient Greece* links Greek political economic social and intellectual history in new ways and challenges contemporary analyses of trust and civil society

Voiceless, Invisible, and Countless in Ancient Greece Samuel D. Gartland,David W. Tandy,2024 This volume brings together an international group of scholars to explore the experiences of subordinates and the nature of their subordination in ancient Greece The work focusses on improving techniques for witnessing the lives of such groups understanding their common experiences and through these seeing their common humanity

Economy and Economics of Ancient Greece Takeshi Amemiya,2007-02-08 Adding to the small amount that has been written on this aspect of economic history Amemiya a leading economist based at Stanford University analyzes the

exact nature of the ancient Greek economy offering an unprecedented broad and comprehensive survey Hesiod's Ascra Anthony T. Edwards, 2004-02-26 In *Works and Days* one of the two long poems that have come down to us from Hesiod the poet writes of farming morality and what seems to be a very nasty quarrel with his brother Perses over their inheritance In this book Anthony T Edwards extracts from the poem a picture of the social structure of Ascra the hamlet in northern Greece where Hesiod lived most likely during the seventh century b c e Drawing on the evidence of trade food storage reciprocity and the agricultural regime as Hesiod describes them in *Works and Days* Edwards reveals Ascra as an autonomous village outside the control of a polis less stratified and integrated internally than what we observe even in Homer In light of this reading the conflict between Hesiod and Perses emerges as a dispute about the inviolability of the community's external boundary and the degree of interobligation among those within the village Hesiod's Ascra directly counters the accepted view of *Works and Days* which has Hesiod describing a peasant society subordinated to the economic and political control of an outside elite Through his deft analysis Edwards suggests a new understanding of both *Works and Days* and the social and economic organization of Hesiod's time and place *Encyclopedia of Greece and the Hellenic Tradition* Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The *Encyclopedia of Greece and the Hellenic Tradition* contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world's merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence *Ancient Greece and Rome* Keith Hopwood, 1995 Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament's New Model Army from 1645 to 1650 Although Fairfax emerged as England's most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax's relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the seventeenth century Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum more generally Republics Ancient and

Modern Paul Anthony Rahe,1994 Republics Ancient and Modern Volume I The Ancien Regime in Classical Greece **Risk**
Layla Skinns,Michael Scott,Tony Cox,2011-09-01 Recent events from the economic downturn to climate change mean that there has never been a better time to be thinking about and trying to better understand the concept of risk In this book prominent and eminent speakers from fields as diverse as statistics to classics neuroscience to criminology politics to astronomy as well as speakers embedded in the media and in government have put their ideas down on paper in a series of essays that broaden our understanding of the meaning of risk The essays come from the prestigious Darwin College Lecture Series which after twenty five years is one of the most popular public lecture series at the University of Cambridge The risk lectures in 2010 were amongst the most popular yet and in essay form they make for a lively and engaging read for specialists and non specialists alike **Archaeology of Greece and Rome** John Bintliff,2016-09-28 Over his long and illustrious career as Lecturer Reader and Professor in Edinburgh University 1961 1976 Lawrence Professor of Classical Archaeology at Cambridge 1976 2001 and currently Fellow of the McDonald Institute of Archaeology at Cambridge Anthony Snodgrass has influenced and been associated with a long series of eminent classical archaeologists historians and linguists In acknowledgement of his immense academic achievement this collection of essays by a range of international scholars reflects his wide ranging research interests Greek prehistory the Greek Iron Age and Archaic era Greek texts and Archaeology Classical Art History societies on the fringes of the Greek and Roman world and Regional Field Survey Not only do they celebrate his achievements but they also represent new avenues of research which will have a broad appeal The Houses Bradley A. Ault,2005 This is an exploration of the organization and contents of five houses at Halieis It is based on the structure of each house and its contents and includes detailed room by room analyses of the excavated finds

As recognized, adventure as without difficulty as experience not quite lesson, amusement, as without difficulty as harmony can be gotten by just checking out a books **Risk And Survival In Ancient Greece** with it is not directly done, you could say you will even more something like this life, re the world.

We offer you this proper as well as easy quirk to acquire those all. We manage to pay for Risk And Survival In Ancient Greece and numerous books collections from fictions to scientific research in any way. along with them is this Risk And Survival In Ancient Greece that can be your partner.
