Risk Management For Executives A Practical Approach To Controlling Business Interests Ft:

Risk Management Gerald Mars, David T. H. Weir, 2019-04-08 First published in 2000 Risk Management is a two volume set comprised of the most significant and influential articles by the leading authorities in the studies of risk management The volumes includes a full length introduction from the editor an internationally recognized expert and provides an authoritative guide to the selection of essays chosen and to the wider field itself The collections of essays are both international and interdisciplinary in scope and provide an entry point for investigating the myriad of study within the discipline *The Business Ethics Twin-Track* Steve Giles, 2015-04-07 Institute a proactive reputational management framework that matches individual behaviour to organizational values The Business Ethics Twin Track is a practical guide to reputational risk management A deep exploration of the concept of reputation the ways in which it can suffer and the consequences when it does the book outlines an ethics controls framework that can mitigate risk and improve business performance Readers will learn how to identify and manage weaknesses and how to institute a system of governance that embeds proper ethical conduct into the corporate culture A clear set of controls and procedures provides actionable instruction that can be customised to suit the organisational structure and discussion of historical and international ethics provides the context for implementation Case studies illustrate the real world applications while interviews with executives from a variety of sectors provide important practical insights into some of the key issues discussed in the book The law regulates behaviour in health and safety and financial crime but otherwise conduct is largely determined by the culture ethics and values of an organisation Effective reputation management is complex and often difficult to achieve as much of the available information on the topic is more theoretical than practical This book bridges the gap by providing the tools that will help managers to Implement a modern ethics control framework encompassing codes officers reporting lines and training Consider the role of the media and social media in reputational damage to individuals and organisations Analyse the key controls in responsibility and governance frameworks from around the world Determine the causes and controls of conduct risk including incompetence negligence and criminality Today s fast paced media environment means corporate reputations can be obliterated in moments and damage limitation is often too little too late Adopting the measures set out in this book will embed ethics into the culture and match people s behaviours to the organisation s values **Managing Fraud Risk** Steve Giles, 2013-01-04 A strategic practical cost effective approach to fraud prevention In troubled economic times the risk of fraud and financial crime increases In our post credit crunch environment new laws and tougher penalties for financial crime mean that if you are in business you have a responsibility to help fight fraud However to design effective proportionate fraud controls for your business you need a complete picture of all the risks Managing Fraud Risk shows you where to look for fraud setting out a route map for finding and fighting fraud risks in your business with the practical strategic advice you need Combining the latest theory with forensic risk analysis this book reveals how you can provide assurance to your Board and

stakeholders Practical examples are used to clearly show cost effective techniques for preventing and detecting business fraud An innovative fraud awareness quiz enables you to easily apply the theories and principles Answers questions such as Who commits more fraud men or women How many of your employees are prepared to falsify documents Essential information to ensure your procedures are sufficient to meet compliance with new international legislation increasing the liability of directors and managers in cases of fraud and corruption Takes a new perspective from the point of view of business risk making it unique to other texts that take only an auditing investigative or specialist approach This route map is essential reading to help you navigate the complex landscape of business fraud

Rethinking Corporate Governance in Financial Institutions Demetra Arsalidou,2015-11-06 There are many deep seated reasons for the current financial turmoil but a key factor has undoubtedly been the serious failings within the corporate governance practices of financial institutions There have been shortcomings in the risk management and incentive structures the boards supervision was at times weak disclosure and accounting standards were in some cases inadequate the institutional investors engagement with management was at times insufficient and last but not least the remuneration policies of many large institutions appeared inappropriate This book will provide a critical overview and analysis of key corporate governance weaknesses focusing primarily on three main areas directors failure to understand complex company transactions the poor remuneration practices of financial institutions and finally the failure of institutional investors to sufficiently engage with

management The book while largely focused on the UK will also consider EU and Australian developments as well as offering a comparative angle looking at the corporate governance of financial institutions in the US *QFinance*, 2009-10-13

[Risk, Crisis and Security Management](#) Edward P. Borodzicz, 2005-07-11 This book has two aims First it shows how risk crisis and security may be linked in an organisational context Second it reviews the role of simulation and gaming in responding to these phenomena Issues of risk management are implicit in every debate about how social services such as health transport and public safety are to be managed and how corporate activity is to be regulated This book informs that debate by considering the relationships between risk and security Includes case studies such as the Kings Cross underground disaster September 11 Hong Kong race track fire and Arthur Anderson and the London ambulance computer failure

[The Financial Times Guide to Saving and Investing for Retirement](#) Yoram Lustig, 2016-05-23 One of the most important financial plans you can have is saving and investing for your retirement Quite simply the success of this plan determines whether you're going to live comfortably after you stop working The Financial Times Guide to Saving

Investor Protection Hanneke Wegman,2015-11-24 The expansion of the fund industry has been one of the most notable trends in the financial markets of recent years Not only has the demand for funds among EU investors grown but both the number and types of investment funds also continue to increase Since investment funds available in the EU can be established both inside and outside the EU they may be subject to different investor protection regulations depending on where the fund is located Accordingly different levels of investor protection may exist between investors investing in EU funds and investors investing in non EU funds including US funds This book investigates whether there is a level playing field between EU investors investing in EU funds and EU investors investing in US funds and if not if there is a legal basis in current EU law for the EU regulator to adopt additional investor protection rules applying to investment funds The analysis considers the basic characteristics of investment funds how they function in practice and how they are regulated relating to investor protection issues Factors examined in depth include the following features of funds most relevant to the protection of retail investors operational structure investment strategies fee structure and legal structure of funds internal control systems transparency and disclosure rules conduct of business rules and depositary monitoring rules The author examines relevant EU directives and rules and the particular remit of each as well as US law applying to investment funds that are active in the EU Case law and relevant literature in the field is also drawn on As an assessment of the current degree of protection applying to funds that are available to EU retail investors as well as an up to date overview of regulatory requirements and procedures concerning the protection of EU investors in investment funds this book is unsurpassed Especially valuable is the closing discussion about whether the EU regulatory system provides for a level playing field of protection for EU retail investors and if not which additional rules can be adopted by the EU regulator in this area Lawyers and other professionals in all areas of law and policy concerned with investment and finance will find this book of great value

Financial Management Eugene F. Brigham,Louis C. Gapenski,Michael C. Ehrhardt,1999 Intended for use in an introductory finance course this textbook emphasizes the skills needed to make good financial decisions It outlines fundamental concepts and provides detailed discussions of topics like securities corporate valuation strategic investment and working capital management Two CD ROMs contain displays tools kits models files spreadsheets and reference materials Brigham teaches at the University of Florida Ehrhardt teaches at the University of Tennessee Distributed by ISBS c Book

News Inc *Corporate Governance and Investment Management* Roger M. Barker, Iris H.-Y. Chiu, 2017-12-29 Shareholder engagement with publicly listed companies is often seen as a key means to monitor corporate malpractices In this book the authors examine the corporate governance roles of key institutional investors in UK corporate equity including pension funds insurance companies collective investment funds hedge and private equity funds and sovereign wealth funds They argue that institutions corporate governance roles are an instrument ultimately shaped by private interests and market forces as well as law and regulatory obligations and that policy makers should not readily make assumptions regarding their effectiveness or their alignment with public interest or social good

Managing Country Risk in an Age of Globalization Michel Henry Bouchet, Charles A. Fishkin, Amaury Goguel, 2018-08-04 This book provides an up to date guide to managing Country Risk It tackles its various and interlinked dimensions including sovereign risk socio political risk and macroeconomic risk for foreign investors creditors and domestic residents It shows how they are accentuated in the global economy together with new risks such as terrorism systemic risk environmental risk and the rising trend of global volatility and contagion The book also assesses the limited usefulness of traditional yardsticks of Country Risk such as ratings and rankings which at best reflect the market consensus without predictive value and at worst amplify risk aversion and generate crisis contamination This book goes further than comparing a wide range of risk management methods in that it provides operational and forward looking warning signs of Country Risk The combination of the authors academic and market based backgrounds makes the book a useful tool for scholars analysts and practitioners

Managing Risk and Resolving Crisis Bill Waite, 2001 This briefing look at crisis and risk from a strategic perspective offering practical advice from industry experts on a wide range of topics from the hostile takeover to the Internet With contributions from experts in corporate risk modelling major incident management lawyers and public relations the briefing provides an unparalleled multi disciplinary guide to managing risk and resolving crisis
