Risking Old Age In America:

Risking Old Age In America Richard J. Margolis, 2019-06-18 Originally published in 1990 Research into the provision made for the 30 million Americans aged sixty five and up whom society calls old

The New Politics of Old Age Policy Robert B. Hudson, 2005 The successor to Robert Hudson's The Future of Age Based Public Policy this volume offers a variety of perspectives on these policy issues that directly effect America's aging population particularly the relative merits of using chronological age to determine eligibility for government programs

Aging, Social Inequality, and Public Policy Fred C. Pampel, 1998-02-25 Author Fred C. Pampel treats age as a component of social inequality which gives rise to the three major themes of the text diversity in the experience of individuals differences in public policy and variations across nations Comparison of the United States with other nations is a central component of the book providing a greater understanding of the larger forces that shape old age

Critical Perspectives on Aging Meredith Minkler, Carroll Estes, 2020-11-25 This unique volume brings together 20 critical essays on aging within the context of the broad social political and economic factors that help shape and determine the realities of growing old Rather than viewing aging in isolation it explores the social creation of old age dependency and the profound influence of race gender and social class on what it means to grow old It looks too at such topics as the biomedicalization of aging the role of business and the media in changing societal images of the old the fact and fiction behind senior power the multibillion dollar nursing home industry and the role of advanced capitalist nations in creating economic dependency among elders in the Third World

The Graying of the World Laura Katz Olson, 1994 This unique book studies America's frail older population relative to the elderly in ten other nations It contains a cross national assessment of approaches to long term care for the elderly and explains the nature and extent of current and future problems related to caring for the functionally impaired elderly By studying and analyzing the ongoing struggles of other nations in their attempts to cope with growing populations of frail elderly readers in the U S can expand the parameters of their own national debate on the subject The Graying of the World shows the political economic and social context in which decisions on elder care are based and evaluates how successful various countries programs have been Chapters outline alternative approaches taken by disparate types of national systems highlighting unique and creative solutions to provide useful information on new and alternative ways to respond to personal and public issues related to elder care The elderly and their care in Finland France Germany Great Britain Israel Japan People's Republic of China Sweden and Yugoslavia are discussed as are the elderly in Canada and the United States Chapters cover the following topics for each country the increasing number of frail elderly and their costly health needs the current and future role of the state in elder care the current and future role of the family in elder care types of support services offered for the elderly including in home care community based care and institutional care the relationship of a nation's political economy to its attitude and policy on long term care innovative approaches to elder care Practitioners decision makers and the concerned general public will all

find *The Graying of the World* an interesting and informative book that expands the discussion of health care options available for the elderly As such the book is also a helpful text for undergraduate and beginning graduate students of gerontology public policy and comparative politics as well as for social service practitioners It provokes much needed conversation on developing a healthcare plan for the future that meets the needs of a large elderly population *Aging* Harry R. Moody, 2006-01-13 Welcome to the world's most unique and dynamic textbook on aging Widely praised and adopted in previous editions the Fifth Edition of *Aging* once again presents key issues in an engaging and accessible fashion Organized unlike any other traditional textbook author Harry R. Moody presents basic concepts followed by controversies supported by carefully chosen adapted readings The result is the most captivating introduction to gerontology available today

Aging and Adult Development in the Developing World Frank E. Eyetsemitan, James T. Gire, 2003-02-28 Most studies of human development in developing societies have focused on the childhood stage and in a few cases exploration has extended up to adolescence since this age group represents about half the population in developing societies The developed world however is experiencing a surge in the elderly population and this has spurred its study There is growing recognition that studies are needed in order to understand aging in all contexts and to discover how the experience may differ in developing and developed societies In this book the authors discuss the appropriateness or inappropriateness of applying Western theories and perspectives to studies of aging in the developing world The present study critically examines the major theories in the area of aging and adult development covering such domains as the physical psychological and social aspects of aging death and dying and social and public policies Applying the concepts of individualism and collectivism as well as the global and environmental dimensions of the developing world the authors have earmarked the theories that seem suitable only to the developed world and those that appear to be universally relevant *Services to the Aging and Aged* Paul K. Kim, 2021-03-04 This series attempts to address the topic of aging from a wide variety of perspectives and to make available some of the best gerontological thought and writings to researchers professional practitioners and students in the field of aging as well as in other related areas This volume is an invaluable resource for those persons seeking a broad comprehensive coverage of current public policies and service programs for the elderly Besides dealing with present gerontological services it also explores the emerging challenges that these services must face in the future One of the outstanding features of the book is that its contributors include some of the most prominent authorities in the field of gerontology This is an exceptionally important and timely volume and is a much needed addition to the literature on aging

Families in Later Life Alexis Walker, 2001-01-22 The introductory essays and readings drawn from both literature and social science research vividly illustrate the diversity of aging experiences both within and across American families diversity conditioned by social space historical time and individual biography Eleanor Palo Stoller Selah Chamberlain Professor of Sociology Case Western Reserve University *Families in Later Life* is the only textbook on the subject that addresses the

diversity of aging experiences in society by race gender and social class and in a form which combines insight from the humanities as well as the social sciences Includes a balance between empirical selections and literary pieces keeping students interested and engaged while still introducing them to solid research Every social science article included has been carefully edited so those students learn and enjoy their reading to the maximum extent possible Framing Essays by the Editors Questions for Discussion and a complete Index make this book even more useful for teaching **Handbook of Aging and the Family** Rosemary Blieszner,Victoria Hilkevitch Bedford,1996-07-30 No other reference provides such a comprehensive and timely overview of theory and research on family relationships the contexts of family life and major turning points in late life families It includes many suggestions for theoretical and practical applications for future research on a score of important topics This multidisciplinary survey is an invaluable library reference and teaching resource intended for upper level undergraduate and graduate students teachers and practitioners for gerontologists family scholars psychologists sociologists historians social workers health care providers and policy makers *Gerontological Nursing* Mary M. Burke,Susan Sherman,1993 This book makes a compelling argument for an immediate and comprehensive shift in the nursing education curriculum from an acute care to a gerontological nursing care focus It is important reading for deans and faculty in schools of nursing administrators in long term care facilities and community health agencies and for practicing nurses caring for the elderly **Remainder of Their Days** Carolyn J. Rosenthal,Jon Hendricks,2021-04-14 First published in 1993 This present volume co edited by two sociologists Jon Hendricks of the United States and Carolyn Rosenthal of Canada focuses on a comparative cross national discussion of social policies of the United States and Canada especially those related to health care The uniqueness of this work lies in the fact that it views family experiences from both a Canadian and an American perspective In addition this book not only fills a gap in our knowledge of social policies but contributes to our understanding of how these policies shape and effect the lives of older families in both countries **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1991 **Voices and Visions of Aging** Robert Kastenbaum, PhD,Thomas R. Cole, PhD,W. Andrew Achenbaum, PhD,Patricia L. Jakobi, PhD,1992-11-15 A critical gerontology requires more than a simple elaboration of existing humanistic scholarship on aging This exceptional new work introduces a basis for genuine dialogue across humanistic scientific and professional disciplines Among the topics addressed are industrial employment retirement life styles of older women and biological research From philosophical reflections on the third age to critical perspectives on institutional adaptations to an aging society this book presents a wide range of provocative thought *Arts - Therapies - Communication* Line Kossolapow,Sarah Scoble,Diane Waller,2001 Arts Therapies Communication is designed as two volumes with this being the first volume The book deals with art therapy studies from Great Britain and the non European countries The second volume offers topic related contributions from other European regions and countries Under the auspices of the European Consortium for Art Therapies Education ECArTE a European art

therapy which is concerned with the development of a European oriented discipline with training and fostering of successors at universities is articulating itself The book is aimed at art therapists music therapists drama and dance therapists but also at psychotherapists and clinical psychologists teachers sociologists and doctors With regard to method and theory different directions and psychoanalytical approaches are represented and it also addresses a wide spectrum of clinical and non clinical contexts and illnesses In this way diverse interests in art therapy can be satisfied **LIFE** ,1939-02-06 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **No Country for Old Age** Mischa

Honeck,2025-01-10 Since the birth of their nation Americans have acted on the belief that theirs was a land of youth a place destined to offer a fresh start to an aging world No Country for Old Age tells this story from the founding period to our present moment but not without exposing its darker side rejuvenation has often bred grand expectations that end in division and despair Mischa Honeck reveals how Americans of diverse backgrounds have sought not only to feel and look younger but also to breathe new life into their communities Whether marching under the banners of science public health sexual liberation physical fitness nation building or world peace these youth seekers have tended to paint their ventures in utopian colors However from the founders to today s Silicon Valley elites anti aging ventures have repeatedly magnified social inequalities often projecting visions of society that have been unmistakably classist racist misogynist and ageist Today we are experiencing rejuvenation s Janus faced legacy As transhumanists rhapsodize about cyber enhancing human bodies ghastly pandemics old age poverty and shrinking life expectancies are poised to become the new normal for many twenty first century Americans **Redesigning the Medicare Contract** Edward F. Lawlor,2003-12-06 Recent debates on Medicare

reform focus on prescription drug coverage expanding managed care choices or technical issues of payment policy Despite all the heat generated by these issues Edward F Lawlor s new book Redesigning the Medicare Contract demonstrates that fundamental questions of purpose and policy design for Medicare have been largely ignored Challenging conventional ideas Lawlor suggests that we look at Medicare as a contract between the federal government the program s beneficiaries and health care providers Medicare reform then would involve rewriting this contract so that it more successfully serves the interests of both beneficiaries and taxpayers To do this Lawlor argues that we must improve the agency of the program the informational organizational and incentive elements that assure Medicare program carries out beneficiary and taxpayer interests in providing the most appropriate high quality care possible The book includes a chapter devoted solely to concepts and applications that give definition to this brand of agency theory Lawlor s innovative agency approach is matched with lucid explanation of the more comprehensive groundwork in the history and politics of the Medicare program Lawlor s important and timely book reframes the Medicare debate in a productive manner and effectively analyzes alternatives for

reform Lawlor argues that effective policy design for Medicare requires greater appreciation of the vulnerability of beneficiaries the complexity of the program itself its wide geographical variations in services and financing and the realistic possibilities for government and private sector roles Tackling difficult problems like end of life and high tech care and offering sensible solutions Redesigning the Medicare Contract will interest political scientists economists policy analysts and health care professionals alike *Bibliography of Agriculture* ,1991 *Social Work in the Health Field* Lois A Cowles,2012-10-12 This book provides an introduction to social work practice in the field of health care It addresses both physical and mental health examines various settings such as primary care home care hospice and nursing and also provides histories of social work practice in traditional industry segments
