Huneault, Janice Anderson, 2012-04-11 The history of women and art in Canada has often been celebrated as a story of progress from amateur to professional practice Rethinking Professionalism challenges this narrative by questioning the assumptions that underlie the category of artistic professionalism a construct as influential for artistic practice as it has been for art historical understanding Through a series of in depth studies contributors examine changes to the infrastructure of the art world that resulted from a powerful discourse of professionalization that emerged in the late nineteenth century While many women embraced this new model others fell by the wayside barred from professional status by virtue of their class their ethnicity or the very nature of the artworks they produced The richly illustrated essays in this collection depict the changing nature of the professional paradigm as it was experienced by women painters photographers craftspeople architects curators gallery directors and art teachers In so doing they demonstrate the ongoing power of feminist art history to disrupt patterns of thought that have become naturalized and accordingly invisible Going beyond the narratives of recovery or exclusion that the category of professionalism has traditionally encouraged Rethinking Professionalism explores the very consequences of telling the history of women s art in Canada through that lens Contributors include Annmarie Adams McGill University Alena Buis Queen s University Sherry Farrell Racette University of Manitoba Cynthia Hammond Concordia University Kristina Huneault Concordia University Loren Lerner Concordia University Lianne McTavish University of Alberta Kirk Niergarth Mount Royal University Mary O Connor McMaster University Sandra Paikowsky Concordia University Ruth B Phillips Carleton University Jennifer Salahub Alberta College of Art Design and Anne Whitelaw Concordia University

Abstract Painting in Canada Roald Nasgaard, Art Gallery of Nova Scotia, 2008 In the tradition of the distinguished Douglas McIntyre art program this lavishly illustrated and superbly printed book is a rich readable history of abstract painting in Canada The story begins in the 1920s with the sometimes eccentric but remarkable work rooted in symbolism and theosophy of pioneers such as Kathleen Munn Bertram Brooker and Lawren Harris Two decades later the Automatistes Canada s first truly independent avant garde art movement burst onto the scene in Montreal After the Second World War the urge to abstraction spread across Canada manifesting itself in significant regional movements Vancouver painters retained a British flavour while in Toronto the Painters Eleven looked south to New York Montreal s Plasticiens launched their own razor edged interpretation of the European tradition of geometric abstraction In the sixties and seventies the Prairies were influenced by Clement Greenberg s post painterly abstraction while Halifax became a hub of conceptual art and concrete painting The book continues through the eighties and nineties during which critics largely denounced painting and concludes in the twenty first century with abstract painting alive and well again in the studios of Canada s young artists A monumental tome containing 200 color reproductions it mines a rich vein of art history ripe for international discovery

comprehensive reference work like this available even though the bibliography in English on various aspects of the history of women artists has grown exponentially during the past ten years As researchers the editors have been frustrated many times by being unable to locate basic information about many of the artists included in this volume especially those working outside the United States This leads directly to another reason for producing this particular kind of reference book to try and create a better understanding between and among the artists and art audiences in these countries *Creative Canada* ,1972-12-15 Did he ever play Hamlet Has she worked in television What was the title of his first novel Under whom did she study How many children has he Answers to such questions about contemporary Canadian artists have often been difficult even impossible to find This series has been created to provide the answers it covers creative and performing artists who have contributed as individuals to the culture of Canada in the twentieth century Each volume in the series presents a cross section of many different kinds of artists authors of imaginative works artists and sculptors musicians performers composers conductors and directors and performing artists in ballet modern dance radio theatre television and motion pictures directors designers and producers in theatre cinema radio television and the dance choreographers and for cinema cartoonists and animators Within each category of art is included a selection of those who have achieved national and international recognition those who have been recognized locally and some now deceased who markedly influenced their contemporaries locally nationally or internationally This is not a critical compilation rather it is an objective and factual reference work for those interested in contemporary Canadian culture Information was collected by painstaking research in a wide variety of sources and wherever possible it has been verified by the artist to make each entry as accurate and comprehensive as possible **Canadian Culture** Elspeth Cameron,1997 The surest way to the hearts of a Canadian audience is to inform them that their souls are to be identified with rock rapids wilderness and virgin but exploitable forest This critical statement no longer explains Canada s largely urban culture Multiculturalism feminism postmodernism and regionalism these and other vital movements jostle for expression in today s Canada Wherever there s a centre a new margin vies for attention Whenever a new voice catches the country s ear another appears to challenge it However styles form new ways of expression keep shaping themselves Nation without a narrative Yes But in the music literature painting history and popular culture of this country you can always find a soul *Scene* Harry Malcolmson,2025-04-17 The 1960s transformed art in Canada The Scene traces the remarkable reshaping of the Canadian art landscape during that era Written by renowned art critic Harry Malcolmson the book offers a captivating insider s perspective on how a surge of artists galleries collectors and critics propelled Canadian art into the global spotlight Malcolmson identifies the catalysts that ignited this artistic renaissance including an outpouring of pride in the country linked to Canada s Centennial Expos 67 and the Toronto City Hall With rich anecdotes and insights the book paints a comprehensive portrait of the era while showcasing over twenty portraits of influential Canadian artists Richly illustrated the book illuminates the totality of the Scene s evolution and delves into the

impact of Canadian nationalism and economic prosperity on the Scene It examines the rise of contemporary institutions such as the Art Gallery of Ontario and the National Gallery of Canada capturing the emergence of a modern Canadian identity Ultimately The Scene stands as a unique testament to a pivotal moment in cultural history capturing the essence of the most impactful decade in the history of art in Canada
