McCracken, 2014-03 While it is frequently trivialized the business of beauty is one of the most important global industries generating millions of dollars and implicating many more the world over from consumers to corporate elites As trends spread so do ideas about standards of appearance and what is necessary to look good and fit in standards that are often influenced by ideas about race class and gender norms In looking at beauty products practices and ideas of youth in Guadalajara Mexico *The Beauty Trade* takes seriously the question of whether and how beauty norms are changing in relation to the globalizing beauty economy Angela B V McCracken considers who benefits and who loses from beauty globalization and what this means for gender norms among youth Weaving together fascinating ethnographic research on beauty practices and insights from political economy theory the book presents a feminist analysis of the global economy of beauty Rather than a sign of frivolity the beauty economy is intimately connected to youth's social and economic development Cosmetic makeovers have become a modern rite of passage for girls enabling social connections and differentiations as well as entrepreneurial activities The global beauty economy is a phenomenon generated by young people mostly women laboring in teaching and consuming beauty and eager for belonging and originality using every mechanism at their disposal to enhance their appearance As McCracken shows globalization is

not homogenizing beauty standards to a Western ideal rather it is diversifying beauty standards The Beauty Trade explains how globalization combined with youth s desires for uniqueness is enabling the spread of a diversity of beauty cultures including alternative visions of gender appropriate looks and behavior The International Authors and Writers Who's who Ernest Kay,1986 **The Publishers' Trade List Annual** ,1985 *Contemporary Authors* CONTEMPORARY.,1981 *Paperbound Books in Print* ,1991 **Incredible New York** Lloyd Morris,1996-06-01 This is the entertaining story of New York City s social life and customs over the period 1850 to 1950 **Small Press Record of Books in Print** Len Fulton,1984 **Face Value** Robin Lakoff,Raquel Scherr,2022-11-30 First published in 1984 Face Value confronts the pervasive power of beauty through art and literature as well as interviews with men and women with varying perspectives on the subject The topics covered range widely the history of beauty from the Greeks to the present the pathology of beauty how women have been willing to harm themselves mentally and physically to achieve beauty the language we use to speak of beauty and its implications our attitudes towards beauty as examined by psychologists beauty and ethnic identity men and beauty The authors present in fact a redefinition of beauty enabling both women and men to enjoy it in themselves and in others while discarding the sex role stereotypes that have governed the definition of beauty in the past With a new preface that explores the gaps created by time in the book s discourse this book will be of interest to students of linguistics gender studies women s studies cultural studies sociology and anthropology
