Shamanic Journeys Through Daghestan Michael

Berman,2010-01-16 Known as the land of the mountains Dagestan lies immediately north of the Caucasus Mountains and stretches for approximately 250 miles along the west shore of the Caspian Sea With its mountainous terrain making travel and communication difficult Daghestan is still largely tribal Despite over a century of Tsarist control followed by seventy years of repressive Soviet rule there are still 32 distinct ethnic groups in Daghestan each with its own language making it unquestionably the most complex of the Caucasian republics Shamanic practices are still prevalent in this country where one of the ten lost tribes of Israel can be found In Daghestan as in the neighbouring countries of Georgia Chechnya and Azerbaijan these roots lie in shamanism This book one of only a handful available in English on the country contains the texts of some of these stories as well as commentaries on them

The Outback Within Mark Byrne,2016-09-23 What is it about

the Australian outback For nearly two centuries narratives of outback journeys have been suffused with the aura of death Why It is not just that the desert is big dry hot and apparently empty The outback is Australia s mythological crucible and journeys there have become rites of passage It is where settler Australians go to die and perhaps be reborn This book explores the landscape of this evolving national mythology It argues that a more conscious engagement with the process of symbolic death and rebirth is needed for Australians to enter into a deeper understanding of themselves and their relationship to the land and its Indigenous people

Chattooga John Lane, 2013-05-01 Before the novel and the film Deliverance appeared in the early 1970s any outsiders one met along the Chattooga River were likely serious canoeists or anglers In later years untold numbers and kinds of people have felt the draw of the river's torrents which pour down the Appalachians along the Georgia South Carolina border Because of Deliverance the Chattooga looms enigmatically in our shared imagination as iconic as Twain's Mississippi or maybe Conrad's Congo This is John Lane's search for the real Chattooga for the truths that reside somewhere in the river's rapids along its shores or in its travelers hearts Lane balances the dark indifferent mythical river of Deliverance against the Chattooga known to locals and to the outdoors enthusiasts who first mastered its treacherous vortices and hydraulics Starting at its headwaters Lane leads us down the river and through its complex history to its current status as a National Wild and Scenic River Along the way he stops for talks with conservation activists seventh generation residents locals who played parts in the movie day visitors and others Lane weaves into each encounter an abundance of details drawn from his perceptive readings and viewings of Deliverance and his wide ranging knowledge of the Chattooga watershed At the end of his run Lane leaves us still fully possessed by the Chattooga's mystery yet better informed about its place in his world and ours Body Landscape Journals Margaret Somerville, 1999 Annotation Reading this book is like falling through a faultline as we respond to poesis both as poetry and as thought creation Margaret Somerville attended the 1984 Pine Gap Women's Peace Camp where urban women and Aboriginal women demonstrated against military bases As she moved through the landscape of this and other very different places she recorded her interactions with Aboriginal women in the desert in the mountains and at home and with white women in the tropics and at home It is a thoughtful challenge of all that we think She
