Securities Regulation Thomas Lee Hazen, 2008 This booklet contains the full text of the basic federal securities laws the principle Securities and Exchange Commission SEC rules and forms under those laws and other related laws and regulations It is designed primarily as a supplement to securities regulation texts used in law school courses However it can also serve as a basic reference for lawyers securities professionals corporate officers and others who have occasion to deal with questions of securities law The revised 2008 edition of the Securities Regulation Selected Statutes Rules and Forms contains a number of important changes to SEC rules and forms made in December 2007 Those changes include significant revisions to 1933 Act Rules 144 and 145

the elimination of Regulation S B and special registration and disclosure forms for small business issuers and revised Regulation S K and forms to reflect the scaled disclosures now applicable to smaller public companies The revised 2008 edition of the Securities Regulation Selected Statutes Rules and Forms contains a number of important changes to SEC rules and forms made in December 2007 Those changes include significant revisions to 1933 Act Rules 144 and 145 the elimination of Regulation S B and special registration and disclosure forms for small business issuers and revised Regulation S K and forms to reflect the scaled disclosures now applicable to smaller public companies **Securities Regulation** Larry D. Soderquist, Theresa A. Gabaldon, 2006 The philosophy of this leading casebook is that securities law is tricky and most students need a straightforward guide through at least some of its aspects Coverage of the Securities Act of 1933 and the Securities Exchange Act of 1934 is kept separate and care is taken to distinguish the different perspectives of the planner and the litigator The authors try to approach the law from the perspective of the student While professors of securities law may think of recent developments such as the Sarbanes Oxley Act of 2002 as add ons the text simply presents the law as it is today Where it is important for students to realize that there has been a change or where there is a new and unresolved issue however the Sixth Edition makes that clear Securities Law Stephen M. Bainbridge, 2007 Presenting the history richness and texture of important areas of law this text illustrates the development of securities insider trading law with selected cases and in depth explanations Insider trading is a central topic in most corporations business association and securities regulation classes For many corporate law students insider trading is their principal introduction to federal securities law SEC Rule 10b 5 and economic analysis As a recommended text this book addresses the important subject in a readable and authoritative manner Accessible but sophisticated it seeks to develop the reader s understanding of the theory and practice of insider trading law Federal Securities Law Thomas Lee Hazen, 2003-10 Provides an introduction and an overview of the securities laws the laws having to do with investing and investments This book does not include the texts of the laws Securities and Federal Corporate Law Harold S. Bloomenthal, 1972 This multi volume looseleaf treatise covers every step in the handling of securities transactions and is designed to minimize the risk of litigation Exchange Act registration and reporting sales of unregistered securities and Regulation A offerings are discussed in detail
