Sedona Vortex Guide Book Robert Shapiro, Janet McClure, 1991-01-01 Only on rare occasions does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What are fifth dimensional beings like? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help the Earth and her people in this crucial galactic moment in time. It helps us to understand how we can raise our vibration now and begin the process of integrating higher dimensional energies into our third dimensional world. The Arcturians have given us a crucial focus for the acceleration of world consciousness
