Niehuss, Chloé Berthélémy**

See Britian At Work:

Current Catalog National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70

Disability and Equity at Work Jody Heymann,Michael Ashley Stein,Moreno Ruiz de Elvira Moreno,2014-02 Hundreds of millions of people with disabilities around the world are out of work or underemployed This book documents what can be done to improve the employment situation of people with disabilities globally

British Schools and the War British Information Services,1944

Sex, Career and Family Michael P. Fogarty,Rhona Rapoport,Robert N. Rapoport,2017-01-06 In this book first published in 1971 the authors show from first hand studies of family and working life and with evidence from many countries including the socialist societies of Eastern Europe the nature of the discrimination facing women in the professions and how various family and employment patterns might contribute to solving it Their point is not that some new stereotype should be substituted for traditional views of the role of husbands and wives different patterns fit different situations

The Tyranny of Merit Michael J. Sandel,2020-09-15 A Times Literary Supplement s Book of the Year 2020 A New Statesman s Best Book of 2020 A Bloomberg s Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world renowned philosopher and author of the bestselling *Justice* explores the central question of our time What has become of the common good These are dangerous times for democracy We live in an age of winners and losers where the odds are stacked in favor of the already fortunate Stalled social mobility and entrenched inequality give the lie to the American credo that you can make it if you try The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization and led to deep distrust of both government and our fellow citizens leaving us morally unprepared to face the profound challenges of our time World renowned philosopher Michael J Sandel argues that to overcome the crises that are upending our world we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind and traces the dire consequences across a wide swath of American life He offers an alternative way of thinking about success more attentive to the role of luck in human affairs more conducive to an ethic of humility and solidarity and more affirming of the dignity of work *The Tyranny of Merit* points us toward a hopeful vision of a new politics of the common good

Making the Best of It Sarah Glassford,Amy J. Shaw,2020-04-15 Many women who lived through the Second World War believed it heralded new status and opportunities but scholars have argued that very little changed How can these interpretations be reconciled *Making the Best of It* examines the ways in which gender and other identities intersected to shape the experiences of female Canadians and Newfoundlanders during the war The contributors to this thoughtful collection consider mainstream and minority populations girls and women and different parts of Canada and Newfoundland They reassess topics such as women in the military and in munitions factories and tackle entirely new subjects such as wartime girlhood in Quebec Collectively these essays broaden the scope of what we know about the changes the war wrought

in the lives of Canadian women and girls and address wider debates about memory historiography and feminism *Films for the Colonies* Tom Rice,2019-10-01 *Films for the Colonies* examines the British Government's use of film across its vast Empire from the 1920s until widespread independence in the 1960s Central to this work was the Colonial Film Unit which produced distributed and through its network of mobile cinemas exhibited instructional and educational films throughout the British colonies Using extensive archival research and rarely seen films *Films for the Colonies* provides a new historical perspective on the last decades of the British Empire It also offers a fresh exploration of British and global cinema charting the emergence and endurance of new forms of cinema culture from Ghana to Jamaica Malta to Malaysia In highlighting the integral role of film in managing and maintaining a rapidly changing Empire Tom Rice offers a compelling and far reaching account of the media propaganda and the legacies of colonialism **The Handbook of Dialectology** Charles Boberg,John Nerbonne,Dominic Watt,2018-01-31 *The Handbook of Dialectology* provides an authoritative up to date and unusually broad account of the study of dialect in one volume Each chapter reviews essential research and offers a critical discussion of the past present and future development of the area The volume is based on state of the art research in dialectology around the world providing the most current work available with an unusually broad scope of topics Provides a practical guide to the many methodological and statistical issues surrounding the collection and analysis of dialect data Offers summaries of dialect variation in the world's most widely spoken and commonly studied languages including several non European languages that have traditionally received less attention in general discussions of dialectology Reviews the intellectual development of the field including its main theoretical schools of thought and research traditions both academic and applied The editors are well known and highly respected with a deep knowledge of this vast field of inquiry How to be a Failure and Still Live Well Beverley Clack,2020-01-23 In consumer economies success has increasingly been defined in terms of material attainment and the achievement of status This model of the good life and its formulas for success ignore the haunting possibility that one may not succeed and as a result be deemed a failure *How to be a Failure and Still Live Well* explores that often neglected theme of failure not just as the opposite of achievement but also and more importantly how it has been conflated with loss that which haunts all transient mortal human experience Understanding loss as a form of failure affects our ability to cope with the everyday losses that permeate existence as a result of the natural processes of ageing death and decay Engaging with loss and thinking about what it inevitability means for our lives and commitments allows different values to emerge than those connected to success as attainment Relationships spontaneity and generosity are explored as qualities that arise from taking seriously our vulnerability and that form the basis for richer accounts of what it might mean to live well Brexit and Internal Security Helena Carrapico,Antonia Niehuss,Chloé Berthélémy,2018-12-12 This book explores the viability of future UK EU internal security arrangements in light of Brexit including their impact on the UK's and the EU's security and international standings The authors discuss on going negotiations and address the main political and legal concerns of

possible future arrangements As the UK prepares to leave the EU the country is faced with having to develop new cooperation models with its neighbours to fight growing transnational security threats as well as new strategies to maintain its leading role as an international security actor In exploring these issues the book aims to contribute to the general knowledge on the risks and opportunities associated with the disentanglement of the UK from European internal security cooperation to shed more light on the debates surrounding the negotiations and to inform the policy discussions that form the basis of proposed cooperation models and that are likely to significantly shape the future UK EU security relationship

Regulating Labour in the Wake of Globalisation Brian Bercusson, Cynthia Estlund, 2008-01-10 In recent decades the prevailing response to the problem of unacceptable labour market outcomes in both Europe and North America national regulation of labour standards and labour relations coupled with collective bargaining has come under increasing pressure from the economic and technological forces associated with globalisation As those forces have shifted power away from national governments and labour unions and toward capital the appropriate institutional locus of labour regulation has become hotly contested There have been efforts to move the locus of regulation downward to smaller units of governance including firms themselves upward to larger units such as regional federations and international organizations and outward to non governmental organizations and civil society In this volume labour relations scholars from North America and Europe examine the efficacy of these emerging forms of labour regulation their democratic legitimacy the goals and values underlying them and the appropriate direction of reform

Willing's Press Guide, 1928 A guide to the press of the United Kingdom and to the principal publications of Europe Australia the Far East Gulf States and the U S A

Public Images Ryan Linkof, 2020-08-12 The stolen snapshot is a staple of the modern tabloid press as ubiquitous as it is notorious The first in depth history of British tabloid photojournalism this book explores the origin of the unauthorised celebrity photograph in the early 20th century tracing its rise in the 1900s through to the first legal trial concerning the right to privacy from photographers shortly after the Second World War Packed with case studies from the glamorous to the infamous the book argues that the candid snap was a tabloid innovation that drew its power from Britain's unique class tensions Used by papers such as the Daily Mirror and Daily Sketch as a vehicle of mass communication this new form of image played an important and often overlooked role in constructing the idea of the press photographer as a documentary eyewitness From Edward VIII and Wallis Simpson to aristocratic debutantes Lady Diana Cooper and Margaret Whigham the rage of the social elite at being pictured so intimately without permission was matched only by the fascination of working class readers while the relationship of the British press to social economic and political power was changed forever Initially pioneered in the metropole tabloid style photojournalism soon penetrated the journalistic culture of most of the globe This in depth account of its social and cultural history is an invaluable source of new research for historians of photography journalism visual culture media and celebrity studies

Shale gas Great Britain. Parliament. House of Commons. Energy and Climate Change

Committee, Great Britain: Department of Energy and Climate Change, 2011-05-23 This report examines the impact shale gas drilling in the UK could have on water supplies energy security and greenhouse gas emissions The inquiry found no evidence that the hydraulic fracturing process involved in shale gas extraction known as fracking poses a direct risk to underground water aquifers provided the drilling well is constructed properly The MPs nevertheless urge the Department of Energy and Climate Change DECC to monitor drilling activity extremely closely in its early stages in order to assess its impact on air and water quality Shale gas extraction could reduce the UK's dependence on imported gas but it is unlikely to have a dramatic effect on domestic gas prices The UK's onshore and particularly offshore shale gas resources could be substantial and the development of the offshore shale gas industry in the UK should be encouraged Greenhouse gas emissions from gas are lower than from coal but are still much higher than many low carbon technologies The presence of methane in shale gas a greenhouse gas far more potent than carbon dioxide has raised concerns However methane would only be released through leaks from the well or pipelines and the MPs are confident that this can be easily minimised through regulation and enforcement Shale gas could reduce carbon dioxide emissions globally by encouraging a switch from coal to gas for electricity generation but it will not be sufficient to meet long term emissions reductions targets and avoid the worst effects of global climate disruption

Britain and European Community Miriam Camps, 2015-12-08 The author surveys the negotiations between Britain and the European Economic Community analyzing official and public attitudes toward the British accession and the influence of public opinion throughout the negotiations She carefully examines the British search for entry the development of the Community and the member nations discussions on political union Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

What Workers Say Richard B. Freeman, Peter Boxall, Peter Haynes, 2018-09-05 This book brings together research in the United States Canada the United Kingdom Ireland Australia and New Zealand to answer a series of key questions What opportunities do employees in Anglo American workplaces have to voice their concerns and what do they seek To what extent and in what contexts do workers want greater union representation How do workers feel about employer initiated channels of influence What styles of engagement do they want with employers What institutional models are more successful in giving workers the voice they seek at workplaces What can unions employers and public policy makers learn from these studies of representation and influence The research is based largely on surveys that were conducted as a follow up to the influential Worker Representation and Participation Survey WRPS reported in What Workers Want coauthored by Richard B Freeman and Joel Rogers in 1999 and updated in 2006

Taken together these studies authoritatively outline workers attitudes toward and opportunities for representation and influence in the Anglo American workplace They also enhance industrial relations theory and suggest strategies for unions employers and public policy

Reconfigurations of Class and Gender Janeen Baxter, Mark Western, 2001 This far reaching volume reasserts the significance of class and gender for understanding socioeconomic conditions The contributors urge a nuanced approach that focuses on the specific institutional contexts of class gender relations in various advanced industrial nations

Transnational Chinese Frank N. Pieke, 2004 This book investigates the origins and mechanics of recent Chinese migration focusing on the work and life of Fujianese migrants in the United Kingdom Hungary and Italy and exploring the many transnational spaces that connect Fujianese across Europe the United States and China

The UK's Changing Democracy Patrick Dunleavy, Alice Park, Ros Taylor, 2018-11-01 The UK s Changing Democracy presents a uniquely democratic perspective on all aspects of UK politics at the centre in Westminster and Whitehall and in all the devolved nations The 2016 referendum vote to leave the EU marked a turning point in the UK s political system In the previous two decades the country had undergone a series of democratic reforms during which it seemed to evolve into a more typical European liberal democracy The establishment of a Supreme Court adoption of the Human Rights Act Scottish Welsh and Northern Irish devolution proportional electoral systems executive mayors and the growth in multi party competition all marked profound changes to the British political tradition Brexit may now bring some of these developments to a juddering halt The UK s previous exceptionalism from European patterns looks certain to continue indefinitely Taking back control of regulations trade immigration and much more is the biggest change in UK governance for half a century It has already produced enduring crises for the party system Parliament and the core executive with uniquely contested governance over critical issues and a rapidly changing political landscape Other recent trends are no less fast moving such as the revival of two party dominance in England the re creation of some mass membership parties and the disruptive challenges of social media In this context an in depth assessment of the quality of the UK s democracy is essential Each of the 2018 Democratic Audit s 37 short chapters starts with clear criteria for what democracy requires in that part of the nation s political life and outlines key recent developments before a SWOT analysis of strengths weaknesses opportunities and threats crystallises the current situation A small number of core issues are then explored in more depth Set against the global rise of debased semi democracies the book s approach returns our focus firmly to the big issues around the quality and sustainability of the UK s liberal democracy

Crafting the International Order Marcus M. Payk, Kim Christian Priemel, 2021 In the past few decades the understanding of the relationship between nations has undergone a radical transformation The role of the traditional nation state is diminishing along with many of the traditional vocabularies which were once used to describe what has been called ever since Jeremy Bentham coined the phrase in 1780 international law The older boundaries between states are growing ever more fluid new conceptions and new languages have emerged which are slowly coming to replace the

image of a world of sovereign independent nation states which has dominated the study of international relations since the early nineteenth century This redefinition of the international arena demands a new understanding of classical and contemporary questions in international and legal theory It is the editors conviction that the best way to achieve this is by bridging the traditional divide between international legal theory intellectual history and legal and political history The aim of the series therefore is to provide a forum for historical studies from classical antiquity to the twenty first century that are theoretically informed and for philosophical work that is historically conscious in the hope that a new vision of the rapidly evolving international world its past and its possible future may emerge Book jacket

Recognizing the exaggeration ways to acquire this ebook **See Britian At Work** is additionally useful. You have remained in right site to start getting this info. acquire the See Britian At Work link that we present here and check out the link.

You could purchase guide See Britian At Work or acquire it as soon as feasible. You could speedily download this See Britian At Work after getting deal. So, in the manner of you require the books swiftly, you can straight get it. Its in view of that entirely simple and for that reason fats, isnt it? You have to favor to in this proclaim
