The World's Fastest Man Michael Kranish, 2019-05-07 In this sharp eyed account of a nearly forgotten African American sports legend Publishers Weekly the remarkable Major Taylor who became the world s fastest bicyclist at the height of the Jim Crow era Kranish has done historians and fans a service by reminding us that such immortals as Joe Louis Jesse Owens Serena Williams and Tiger Woods all followed in Major Taylor s wake The Washington Post In the 1890s the nation s promise of equality had failed spectacularly While slavery had ended with the Civil War the Jim Crow laws still separated blacks from whites and the excesses of the Gilded Age created an elite upper class When Major Taylor a young black man announced he wanted to compete in the nation s most popular and mostly white man s sport cycling Birdie Munger a white cyclist who once was the world s fastest man declared that he could help turn the young black athlete into a champion Twelve years before boxer Jack Johnson and fifty years before baseball player Jackie Robinson Taylor faced racism at nearly every turn especially by whites who feared he would disprove their stereotypes of blacks In *The World s Fastest Man* years in the writing investigative journalist Michael Kranish reveals new information

about Major Taylor based on a rare interview with his daughter and other never before uncovered details from Taylor's life. Kranish shows how Taylor indeed became a world champion, traveled the world, was the toast of Paris and was one of the most chronicled black men of his day. From a moment in time just before the arrival of the automobile when bicycles were king, the populace was booming with immigrants and enormous societal changes were about to take place, both inspiring and heartbreaking, this is an essential contribution to sports history. Booklist starred review. The World's Fastest Man restores the memory of one of the first black athletes to overcome the drag of racism and achieve national renown. The New York Times Book Review

Frances E. Willard, 2024-04-22 The definitive collection of speeches and writings of one of America's most important social reformers. Celebrated as the most famous woman in America at the time of her death in 1898, Frances E. Willard was a leading nineteenth-century American temperance and women's rights reformer and a powerful orator. President of Evanston College for Ladies before it merged with Northwestern University and then professor of rhetoric and aesthetics and the first dean of women at Northwestern, Willard is best known for leading the Woman's Christian Temperance Union (WCTU), America's largest women's organization. The WCTU shaped both domestic and international opinion on major political, economic, and social reform issues, including temperance, women's rights, and the rising labor movement. In what Willard regarded as her most important and far-reaching reform, she championed a new ideal of a powerful, independent womanhood and encouraged women to become active agents of social change. Willard's reputation as a powerful reformer reached its height with her election as president of the National Council of Women in 1888. This definitive collection follows Willard's public reform career, providing primary documents as well as the historical context necessary to clearly demonstrate her skill as a speaker and writer who addressed audiences as diverse as political conventions, national women's organizations, teen girls, state legislators, church groups, and temperance advocates. Including Willard's representative speeches and published writings on everything from temperance and women's rights to the new labor movement and Christian socialism, *Let Something Good Be Said* is the first volume to collect the messages of one of America's most important social reformers who inspired a generation of women to activism.
