Oxford Textbook of Medicine: Cardiovascular Disorders David Warrell, Timothy Cox, John Firth, Jeremy Dwight, 2016-06-03 The Oxford Textbook of Medicine Cardiovascular Disorders is selected from the cardiology section of the renowned Oxford Textbook of Medicine An authoritative resource on heart disease and beautifully illustrated in full colour it is an essential guide to best practice in managing and preventing a wide variety of cardiovascular disorders Chapters on arrhythmias acute coronary syndromes and cardiac surgery have been completely revised and updated together with new chapters on blood vessels and the endothelium cardiac physiology syncope and palpitations and cardio renal syndrome Heart failure and heart disease in pregnancy are thoroughly treated while imaging chapters evaluate the latest techniques and illustrate all clinical features with detailed images In 46 finely crafted chapters with clear essentials experts in cardiovascular disease review the essentials of diagnosis guidelines and practice and provide a wealth of practical advice for use in clinical situations In addition background information on epidemiology pathogenesis and pathophysiology encourages a fuller understanding of conditions and more than 350 full colour images help with diagnosis This essential reference tool supports

all medical professionals seeking a general outline of treatment and prevention of cardiovascular disorders and fills the gap between undergraduate teaching texts and specialist texts for cardiologists. Cardiologists and general physicians will find it immensely valuable when diagnosing and managing heart disease in their day to day practice. It is also of use for trainees in cardiology and general medicine especially those interested in applied cardiovascular pathophysiology. *Japanese Americans at Heart Mountain* Saara Kekki, 2022-07-01. On August 8 1942 302 people arrived by train at Vocation Wyoming to become the first Japanese American residents of what the U S government called the Relocation Center at Heart Mountain. In the following weeks and months they would be joined by some 10 000 of the more than 120 000 people of Japanese descent two thirds of them U S citizens incarcerated as domestic enemy aliens during World War II. Heart Mountain became a town with workplaces social groups and political alliances in short networks. These networks are the focus of Saara Kekki's *Japanese Americans at Heart Mountain: Interconnections between people are the foundation of human societies*. Exploring the creation of networks at Heart Mountain as well as movement to and from the camp between 1942 and 1945 this book offers an unusually detailed look at the formation of a society within the incarcerated community specifically the manifestation of power agency and resistance. Kekki constructs a dynamic network model of all of Heart Mountain's residents and their interconnections family political employment social and geospatial networks using historical big data drawn from the War Relocation Authority and narrative sources including the camp newspaper *Heart Mountain Sentinel*. For all the inmates life inevitably went on people married had children worked and engaged in politics. Because of the duration of the incarceration many became institutionalized and unwilling to leave the camps when the time came. Yet most individuals Kekki finds took charge of their own destinies despite the injustice and looked forward to the day when Heart Mountain was behind them. Especially timely in its implications for debates over immigration and assimilation *Japanese Americans at Heart Mountain* presents a remarkable opportunity to reconstruct a community created under duress within the larger American society and to gain new insight into an American experience largely lost to official history. *Research Awards Index*, 1978

Management of Cardiovascular Disease in Women Hanna Z. Mieszczanska,Gladys P. Velarde,2014-03-24 Cardiovascular disease is the leading cause of death in women in the US with more women dying from heart disease than men Women may have different presentation from men and often need a different approach to diagnosis and treatment There are also unique topics of management of heart disease in women including issues during pregnancy lactation and menopause Many different health care providers as well as cardiologists are involved in treating these patients A manual reviewing diagnosis and treatment of cardiac disease in women would help providers without specific cardiology training to deliver care with greater efficiency A practical and comprehensive guide geared towards these providers would be a highly practical and valuable resource that would be utilized in everyday practice in offices that include urban clinics general medicine offices obstetrics and gynecology offices as well as in the surgical subspecialties This book will be a highly practical resource that can be directly applied to the issues that arise in everyday practice There is no available book on the market that focuses on a broader approach to cardiac disease in women or focuses on non cardiology providers and their trainees who have the need to know more about treatment of cardiovascular disease in women Harmony of the Acts of the Apostles and Chronological Arrangement of the Epistles and Revelation, with Chronological and Explanatory Notes, and Valuable Tables.
