Seizure Of Political Power In A Century:

The Seizure of Political Power in a Century of Revolutions Feliks Gross,1970 **The seizure of political power in a century of revolution** Feliks Gross,1979 *Modern Revolutions* John Dunn,1989-06-22 Many political regimes today draw such legitimacy as they have from a revolution the destruction of an existing political elite and its replacement by a different group or groups drawn from inside the same society A large part of the ideological dispute in world politics has come in consequence to turn on an interpretation of the character of revolutions as political and social events It is extremely difficult to separate ideological assessments of the desirability or otherwise of what has occurred in revolutions from causal explanations of why these revolutions occurred and both major traditions in the analysis of revolutionary phenomena have been damaged by their failure to distinguish clearly between explanation and assessment In examining eight major revolutions of the twentieth century John Dunn helps readers to remedy this state of affairs by thinking for themselves

Premodern Rulership and Contemporary Political Power Karolina Anna Mroziewicz,Aleksander Sroczynski,2025-10-01 In the medieval period the monarch was seen as the embodiment of the community of his kingdom the body politic And while we ve long since shed that view it nonetheless continues to influence our understanding of contemporary politics This book offers thirteen case studies from premodern and contemporary Europe that demonstrate the process through which political corporations bodies politic were and continue to be constructed and challenged Drawing on history archaeology literary criticism and art history the contributors survey a wide geographical and chronological spectrum to offer a panoramic view of these dynamic political entities **Daily Report, Foreign Radio Broadcasts** United States. Central Intelligence Agency,1966 *The Ottoman City Between East and West* Edhem Eldem,Daniel Goffman,Bruce Alan Masters,1999-11-11 Studies of early modern Islamic cities have stressed the atypical or the idiosyncratic This bias derives largely from orientalist presumptions that they were in some way substandard or deviant The first purpose of this volume is to normalize Ottoman cities to demonstrate how on the one hand they resembled cities generally and how on the other their specific histories individualized them The second purpose is to challenge the previous literature and to negotiate an agenda for future study By considering the narrative histories of Aleppo Izmir and Istanbul the book offers a departure from the piecemeal methods of previous studies emphasizing their importance during the seventeenth and eighteenth centuries and highlighting their essentially Ottoman character While the essays provide an overall view each can be approached separately Their exploration of the sources and the agendas of those who have conditioned scholarly understanding of these cities will make them essential student reading **Aspects of International Socialism, 1871-1914** Georges Haupt,1986-10-02 This 1986 volume brings together in translation a selection of some of Georges Haupt s most important essays **Revolution and ChangeKorea** Sung Chul Yang,2015-12-15 This book is my Ph D dissertation on two epochal political upheavals known in Korea as the April 19 Student Revolution of 1960 and the May 16 Military Coup d etat of 1961 The comparative analysis of their causes and processes and their respective impacts on Korean political and economic development was the central focus of this study It was written in 1970 Korea s political miracle such as liberty democracy and unity of our nation took fertile root from the April Student Revolution as its economic miracle of rapid modernization and industrialization gained momentum from the May Military Coup Ultimately however our people s sweats tears and sacrifices are behind these two

miracles **Islam in Bangladesh** Razia Akter,2021-12-06 This study done within the comprehensive Weberian framework focuses on religion and social change in Bangladesh through an imaginative use of qualitative as well as quantitative methods of modern social research It first provides a sociological interpretation of the origin and development of Islam in Bengal using historical and literary works on Bengal The main contribution is based on two sample surveys conducted by Mrs Banu in 20 villages of Bangladesh and in three areas in the metropolitan Dhaka city Using these survey data she gives a sociological analysis of Islamic religious beliefs and practices in contemporary Bangladesh and more importantly she studies the impact of the Islamic religious beliefs on the socio economic development and political culture in present day Bangladesh She also shows how Islam compares with modern education in social transforming capacity This careful and rigorous work is a notable contribution to sociology of religion and helps to deepen our understanding of the interactions between religious and social changes common to many parts of the Third World Revolutionary Pamphlets, Propaganda and Political Culture in Colonial Bengal Shukla Sanyal,2014-10-16 It demonstrates the effectiveness of pamphlets as a medium of propaganda within the context of political life in colonial Bengal *Collective Behavior* Denton E.
