Seizure Of Power

Rosina Ehmann

Seizure Of Power:

The Bolsheviks Come to Power Alexander Rabinowitch, 2017-05-20 The Bolsheviks Come to Power is one of the most important histories of the Russian Revolution to challenge the mainstream narratives Originally published to great acclaim in 2004 this new edition marks the 100th anniversary of one of the explosive and game changing moments in modern times In this absorbing narrative Alexander Rabinowitch counters the claims by mainstream historians that the revolution was a military coup led by Lenin and a small band of fanatics He refutes the Soviet myth that the party's triumph in the October Revolution was inevitable and explains the ebbs and flows of the revolutionary period tracing the moods of the working class and the political positions of the Bolsheviks at different historical moments including the immediate aftermath of the February Revolution the July Days the Kornilov affair and up to and including the October Revolution itself Drawn from a wealth of primary sources and archival material this new edition of Rabinowitch's classic account is a must have for anyone interested in clearing away the tired platitudes of mainstream historians and reclaiming the revolution on this important anniversary

Investigation of Seizure of Montgomery Ward and Co United States. Congress. House. Select Committee to Investigate Seizure of Montgomery Ward and Co, 1944

How Dictatorships Work Barbara Geddes, Joseph Wright, Erica Frantz, 2018-08-23 This accessible volume shines a light on how autocracy really works by providing basic facts about how post World War II dictatorships achieve retain and lose power The authors present an evidence based portrait of key features of the authoritarian landscape with newly collected data about 200 dictatorial regimes They examine the central political processes that shape the policy choices of dictatorships and how they compel reaction from policy makers in the rest of the world Importantly this book explains how some dictators concentrate great power in their own hands at the expense of other members of the dictatorial elite Dictators who can monopolize decision making in their countries cause much of the erratic warlike behavior that disturbs the rest of the world By providing a picture of the central processes common to dictatorships this book puts the experience of specific countries in perspective leading to an informed understanding of events and the likely outcome of foreign responses to autocracies

Textures of Power Florence Bernault, Benoît Henriët, Emery Kalema, 2025-05-27 Central Africa has long been a fertile ground for engendering new concepts and innovative research exerting significant influence on African studies and beyond This edited volume offers groundbreaking multidisciplinary reflections on power in Central Africa from the Atlantic slave trade era to the present By bringing together emerging and leading scholars Textures of Power builds on the rich epistemic legacies of Central African studies and opens new research avenues across history anthropology and cultural and political studies It offers fresh perspectives on colonial and postcolonial power structures drawing on new findings while critically engaging with earlier theoretical frameworks Employing the concept of texture as a red thread the book showcases the central importance of power as an analytical tool in the humanities and the social sciences It fosters dialogues between emotions and technology colonialism and its aftermath and between non

humans and the invisible world Drawing on stories about women social rebellions digital technologies slavery languages forest management charms care and bio medicine urban life radio music witchcraft homosexuality and environmental pollution this volume emphasizes bottom up long term and emic approaches as well as local theories about power This work will appeal to students and scholars in African studies colonial and postcolonial studies and those interested in Africa's longue dure history Beyond its spatial focus it will also be relevant to those studying power dynamics cultural studies queer and gender studies and environmental humanities

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1967

Hitler's Personal Prisoner Benjamin Ziemann,2024 From 1938 to 1945 the Protestant church leader Martin Niemoeller was detained as Hitler's Personal Prisoner in Nazi concentration camps and has been widely hailed as an icon of Christian resistance against the Nazis Benjamin Ziemann uncovers a more problematic historical Niemoeller behind the legend of the resistance hero

Nazism Neil Gregor,2000-10-26 The Nazi regime was a regime of unparalleled destructiveness Nazism presents both key texts from some of the most innovative and challenging of more recent studies and extracts from the older historiography of the origins nature impact and legacy of the National Socialist regime It suggests both the need to re read and re consider much forgotten or ignored texts from earlier generations of commentators and the possibility of considering afresh the structure style of rule and consequences of National Socialism in the context provided by the end of the cold war The texts connect the experiences of the Jewish and non Jewish victims of Nazi aggression and genocide links the fates of the victims with analysis of the perpetrators and stresses the consequences of this unprecedented collapse in civilised values for post war Germany and the world

Judging Executive Power Richard J. Ellis,2009-03-16 George W Bush's presidency has helped accelerate a renewed interest in the legal or formal bases of presidential power It is now abundantly clear that presidential power is more than the sum of bargaining character and rhetoric Presidential power also inheres in the Constitution or at least assertions of constitutional powers Judging Executive Power helps to bring the Constitution and the courts back into the study of the American presidency by introducing students to sixteen important Supreme Court cases that have shaped the power of the American presidency The cases selected include the removal power executive privilege executive immunity and the line item veto with particular emphasis on a president's wartime powers from the Civil War to the War on Terror Through introductions and postscripts that accompany each case landmark judicial opinions are placed in their political and historical contexts enabling students to understand the political forces that frame and the political consequences that follow from legal arguments and judgments

Communist China Digest ,1967

Translations on People's Republic of China ,1967-03

The Politics of the Chinese Cultural Revolution Hong Yung Lee,2024-03-29 Hong Yung Lee's account of the Cultural Revolution illuminates its complexities and subtleties to an unprecedented degree His primary concern is with the behavior of the masses once they were freed from party control and his analysis of voluminous Red Guard publications highlights the different membership characteristics positions and

strategies of both the student Red Guards and the worker Revolutionary Rebels divided internally along a conservative radical line Rejecting the ideologically oriented assumption that workers and students of worker or peasant origin comprised the majority of the radical elements Lee argues that students of bourgeois and other bad origins workers in small factories sent down students and demobilized soldiers were the radicals whereas students from families with pre 1949 revolutionary careers and workers in large scale and modern enterprises were found in large numbers among the conservatives He contends that contrary to some social science theories the radicals were motivated by rational rather than ideological considerations and that they attacked the status quo because it was they who experienced discrimination under the existing political system whereas the conservatives generally belonged to favored social groups Lee demonstrates that an adequate history of the Cultural Revolution cannot restrict itself to an analysis of policy difference among the elites but must consider the behavior of the masses and their relationship with the elites Hong Yung Lee s account of the Cultural Revolution illuminates its complexities and subtleties to an unprecedented degree His primary concern is with the behavior of the masses once they were freed from party control and his analysis of voluminous Red G **Translations on Communist China** ,1969 *Translations from Hung-ch'i (Red Flag)* United States. Joint Publications Research Service,1967-02 **The**

Cultural Revolution in the Foreign Ministry of China Ma Jisen,2020-06-15 The Cultural Revolution which occurred between 1966 and 1976 was a major unforgettable event in modern Chinese history For more than thirty years the prevalent view of the Cultural Revolution in the Chinese Foreign Ministry has been that the rebels controlled the Foreign Ministry in August 1967 and caused the many excesses in foreign affairs such as the burning of the British mission in Beijing which isolated China from the rest of the world The author of this book challenges this point of view The book gives a factual account of the course of the ten year Cultural Revolution in the Foreign Ministry based on documents issued during the Cultural Revolution talks by Zhou Enlai and Chen Yi and the manuscripts of the people concerned as well as interviews with Foreign Ministry staff members who personally took part in the events *Socialism in Marx's Capital* Pares Chatteropadhyay,2021-02-05 This book explores how Marx envisaged society after capitalism by a close examination of the idea of socialism in the texts of Capital Going beyond Marx s critique of the Gotha Programme Pares Chatteropadhyay challenges those who leave Capital aside in discussions of socialism in Marx s works on the grounds that it is uniquely preoccupied with the critical analysis of capitalism Instead Chatteropadhyay shows how Marx in Capital considered capitalism as a simple transitional society preparing the advent of socialism envisioned as an association of free and equal individuals

What Reason Promises Wendy Doniger,Peter Galison,Susan Neiman,2016-06-20 This collection demonstrates the range of approaches that some of the leading scholars of our day take to basic questions at the intersection of the natural and human worlds The essays focus on three interlocking categories Reason stakes a bigger territory than the enclosed yard of universal rules Nature expands over a far larger region than an eternal category of the natural And history refuses to be

confined to claims of an unencumbered truth of how things happened *The Power of the Presidency* Robert S. Hirschfield, 2017-07-05 The American presidency is the most powerful political office in the world But this impressive statement serves only to raise a whole series of fundamental questions What is the scope of presidential powers and what are its limits Can the president use all the authority of his office or is that authority more formal than effective Does the presidency have sufficient power to meet today's needs or do the problems of the modern age demand a more powerful executive Is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership This book explores such questions by presenting a wide range of views on presidential power from a variety of sources original supporters and opponents of the office presidents themselves Supreme Court decisions and professional students of the presidency *The Evolving Presidency* Michael Nelson, 2018-01-12 In Michael Nelson's Sixth Edition of *The Evolving Presidency* 60 documents help to anchor the ever changing presidency in historical context Students encounter a range of documents from speeches and debates to letters landmark Supreme Court decisions and even tweets that demonstrate how the presidency is shaped through both word and deed *The Future of Revolutions* John Foran, 2003 The 20th Century was pre eminently an age of revolutions in Russia China Cuba and elsewhere that fundamentally transformed the nature of politics and social arrangements As we enter a new century has it got harder for revolutions to occur in the new unipolar globalized world Here John Foran asks is the era of revolution over if so why and if not what might the revolutions of the future Armed Struggle and Democracy Martin Legassick, 2002 The impact of the concept's of armed struggle for the notion's of democracy in South ern Africa is the focus of this paper Originally submitted to a conference on Re Conceptualising Democracy and Liberation in Southern Africa held in Windhoek Namibia during July 2002 it argues from the point of departure of the personal involvement of the author in the issues raised The author was part of a group which criticised the strategy of armed struggle in the ANC With this paper he inspires a debate which can claim relevance for current issues of democracy in South Africa and the Southern African region more generally Given the degree of personal involvement of its author this analysis is contemporary history based on personal insights and provides arguments for a necessary discussion
