# Select Body The Gay Dance Party Subculture And The Hiv Aids Pandemic

**Trish Hafford-Letchfield, Paul  
Simpson, Paul Reynolds**

### **Select Body The Gay Dance Party Subculture And The Hiv Aids Pandemic:**

A Select Body Lynette A. Lewis, Michael W. Ross, 1995 Studies of the organization of gay social interaction have usually focused on the traditional context of bars and cruising areas This book however describes the phenomenon of large scale gay dance parties in which up to 17 000 people dance through the night to deafening music and spectacular light displays often under the influence of recreational psychoactive drugs The authors chart the development of the gay dance party the influence of the HIV AIDS epidemic on its growth and the dance party as a response to the pressures and stigmas associated with both homosexuality and the HIV AIDS epidemic They focus on the contradictions between recreational drug use to distance the spectre of AIDS and to maintain a feeling of control and the increased risk of HIV infection which may occur while under the influence of drugs The role of dance as a response to the threats from disease and society and the non verbal symbols and communication and the magical thinking associated with the dance party and assessment of HIV transmission risk are described Implications of supporting the life affirming ethos of the dance parties while reducing the HIV infection risks associated with drug use are carefully examined from the perspective of possible health education interventions

**Queering the Field** Gregory F. Barz, William Cheng, 2020 Drawing on ethnographic research and often deeply personal experiences with musical cultures *Queering the Field* Sounding out Ethnomusicology unpacks a history of sentiment that veils the treatment of queer music and identity within the field of ethnomusicology The thematic structure of the volume reflects a deliberate cartography of queer spaces in the discipline spaces that are strongly present due to their absence are marked by direct sonic parameters or are called into question by virtue of their otherness As the first large scale study of ethnomusicology's queer silences and queer identity politics *Queering the Field* directly addresses the normativities currently at play in musical ethnography fieldwork analysis performance transcription as well as in the practice of musical ethnographers identification participation disclosure observation authority While rooted in strong narrative convictions the authors frequently adopt radicalized voices with the goal of queering a hierarchical sexual binary The essays in the volume present rhetorical and syntactical scenarios that challenge us to read in prescient singular ways for future queer writing and queer thought in ethnomusicology

Youth, Drugs, and Nightlife Geoffrey Hunt, Molly Moloney, Kristin Evans, 2010-01-21 *Youth Drugs and Night Life* examines the relationships between the electronic dance scene and drug use for young ravers and clubbers today Based on over 300 interviews with ravers DJ's and promoters Hunt Moloney and Evans examine the different social groupings that make up the scene The authors explore the accomplishment of gender sexuality and Asian American ethnic identity and critically analyze the negotiation of risk and pleasure within the world of raves and dance clubs We learn about young ravers and clubbers frustrations with recent attempts to control clubs and raves and their skepticism about official pronouncements on the dangers of ecstasy and other drugs in this book that pivots between the local the national and the global in its approach

**Sex and Diversity in Later Life** Trish Hafford-Letchfield, Paul Simpson, Paul

Reynolds,2022-11-15 Addressing diversity in sexual and intimate experience later in life 50 this collection explores how being older intersects with ethnicity gender sexuality and class This original text extends knowledge concerning intimacies practices and pleasures for those thought to represent normative forms of sexual identification and expression

Consuming Music Together Kenton O'Hara,Barry Brown,2006-01-09 Listening to buying and sharing music is an immensely important part of everyday life Yet recent technological developments are increasingly changing how we use and consume music This book collects together the most recent studies of music consumption and new developments in music technology It combines the perspectives of both social scientists and technology designers uncovering how new music technologies are actually being used along with discussions of new music technologies still in development With a specific focus on the social nature of music the book breaks new ground in bringing together discussions of both the social and technological aspects of music use Chapters cover topics such as the use of the iPod music technologies which encourage social interaction in public places and music sharing on the internet A valuable collection for anyone concerned with the future of music technology this book will be of particular interest to those designing new music technologies those working in the music industry along with students of music and new technology The Ethnographic Self Amanda Coffey,1999-03-28

What are the relationships between the self and fieldwork How do personal emotional and identity issues impact upon working in the field This book argues that ethnographers and others involved in fieldwork should be aware of how fieldwork research and ethnographic writing construct reproduce and implicate selves relationships and personal identities All too often research methods texts remain relatively silent about the ways in which fieldwork affects us and we affect the field The book attempts to synthesize accounts of the personal experience of ethnography In doing so the author makes sense of the process of fieldwork research as a set of practical intellectual and emotional accomplishments The book is *The Changing World of Gay Men* P. Robinson,2015-12-04 This ground breaking book explores the experiences of gay men and their understanding of what it meant to be gay in the 20th Century from when homosexuality was illegal though the less repressed but no less difficult eras of gay liberation and the HIV AIDS epidemic *Handbook of HIV Prevention* John L.

Peterson,Ralph J. DiClemente,2000-02-29 The Handbook of HIV Prevention is intended to provide a comprehensive overview of the theories methods and approaches for reducing HIV associated risk behaviors It represents the first single source of information about HIV prevention research in developed and developing countries The Handbook addresses the subject of HIV prevention from two interrelated perspectives First it presents the seminal theories currently used to guide the development and implementation of HIV prevention interventions Second it describes prevention approaches for diverse populations at risk of HIV infection This Handbook provides a compilation of knowledge on HIV prevention by the leading authorities in the field and will be an important resource for students researchers and clinicians in the field *Crystal Meth and Men Who Have Sex with Men* Drescher Jack,Milton L. Wainberg,Andrew Kolodny,2006-10-19 Could crystal meth use in

the gay community be responsible for a resurgence in the AIDS epidemic According to recent studies gay men who use crystal methamphetamine were twice as likely to have unprotected sex as those who did not and more than three times as likely to be HIV positive Crystal Meth and Men Who Have Sex with Men is an unflinching look at this dangerous threat to the gay community addressing the health and mental health needs of Tina users who are lost in a downward spiral of addiction and high risk sexual behaviors This vital book is the product of a unique collaboration between the New York City Department of Health and Mental Hygiene and researchers clinicians and community activists Crystal Meth and Men Who Have Sex with Men contains the published proceedings of two important community events that took place in 2004 in New York City The Crystal Meth HIV Connection A Public Forum with Harvey Fierstein and Crystal Methamphetamine Understanding and Treatment an Emerging Health Crisis Each article whether drawn from personal account research study or online survey reinforces the reality for the gay community that wherever crystal meth is increases in sexual risk behaviors for HIV and other sexually transmitted infections STIs are sure to follow This powerful book will help you to identify approach and treat clients who use meth examining the physical medical and psychological effects and consequences of its widespread abuse Topics addressed in Crystal Meth and Men Who Have Sex with Men include the medical complications associated with methamphetamine use in HIV infected patients including hypertension hyperthermia rhabdomyolysis and stroke the alarming rise in the number of emergency room visits related to crystal meth use the psychiatric consequences of methamphetamine use sexual history taking and screening for sexually transmitted infections creative educational interventions and clinical strategies substance abuse treatment interventions cognitive behavioral therapy motivational interviewing gay identified community based treatment programs club drugs and the increase of HIV incidence harm reduction and much more Crystal Meth and Men Who Have Sex with Men is an essential resource for health and mental health professionals including psychiatrists psychologists social workers counselors primary care physicians nurse practitioners and physician assistants It s equally beneficial for staff and administrators of community based organizations that serve gay men **Focus** ,1996 *Fiesta de diez pesos: Music and Gay Identity in Special Period Cuba* Moshe Morad,2016-04-15 The Special Period in Cuba was an extended era of economic depression starting in the early 1990s characterized by the collapse of revolutionary values and social norms and a way of life conducted by improvised solutions for survival including hustling and sex work During this time there developed a thriving though constantly harassed and destabilized clandestine gay scene known as the ambiente In the course of eight visits between 1995 and 2007 the last dozen years of Fidel Castro s reign Moshe Morad became absorbed in Havana s gay scene where he created a wide social network attended numerous secret gatherings from clandestine parties to religious rituals and observed patterns of behavior and communication He discovered the role of music in this scene as a marker of identity a source of queer codifications and identifications a medium of interaction an outlet for emotion and a way to escape from a reality of scarcity oppression and

despair Morad identified and conducted his research in different types of musical space from illegal clandestine parties held in changing locations to ballet halls drag show bars private living rooms and kitchens and santer a religious ceremonies In this important study the first on the subject he argues that music plays a central role in providing the physical emotional and conceptual spaces which constitute this scene and in the formation of a new hybrid gay identity in Special Period Cuba

**Sex, Drugs and Young People** Peter Aggleton, Andrew Ball, Purnima Mane, 2013-09-13 Sexual practices and drug use among the young are examined in this book calling into question mainstream assumptions about adolescence Bringing together a range of cross cultural and cross national contributions the book reveals both similarities and important differences that mark sexuality and drug use among young in different social and cultural settings In doing so it allows the reader to build up a clearer understanding of the challenges that must be faced in public health and education if we are to develop programs and interventions that really serve the needs of young people The book will be of interest to professionals working with young people and is suitable for a wide range of multidisciplinary courses covering areas such as human sexuality sex education public health and social work **Understanding HIV/AIDS Stigma** Harriet Deacon, 2005 At a time when alarming numbers of people with HIV AIDS seek help under cover of darkness deeply ashamed of their plight it is crucial to find ways to better comprehend and address the specific nature of stigma around HIV AIDS in southern Africa

Electronica, Dance and Club Music Mark J. Butler, 2017-07-05 Discos clubs and raves have been focal points for the development of new and distinctive musical and cultural practices over the past four decades This volume presents the rich array of scholarship that has sprung up in response Cutting edge perspectives from a broad range of academic disciplines reveal the complex questions provoked by this musical tradition Issues considered include aesthetics agency the body in dance movement and space composition identity including gender sexuality race and other constructs musical design place pleasure policing and moral panics production techniques such as sampling spirituality and religion sub cultural affiliations and distinctions and technology The essays are contributed by an international group of scholars and cover a geographically and culturally diverse array of musical scenes *Lesbian and Gay Studies* Theo Sandfort, Judith Schuyf, Jan Willem

Duyvendak, Jeffrey Weeks, 2000-07-19 This timely book seeks to demonstrate the coherence of lesbian and gay studies It introduces the reader to the principal inter disciplinary approaches in the field and critically assesses their strengths and weaknesses whilst asking What is lesbian and gay studies When did it emerge And what are its achievements and research agenda The gay and lesbian movement has emerged as a major political and cultural force It poses a series of far reaching questions about the organization of identity the operation of power and the limits of tolerance Lesbian and Gay Studies has emerged as a vital and enriching field It offers challenges to more traditional disciplines and requires new forms of thought about the connections between academic work and personal politics **Sexual Inequalities and Social Justice** Niels

Teunis, Gilbert H. Herdt, 2007 This pioneering collection of ten ethnographically rich essays signals the emergence of a new

paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and gender. The contributors, an interdisciplinary group of social scientists representing anthropology, sociology, public health, and psychology, illuminate the role of sexuality in producing and reproducing inequality, difference, and structural violence among a range of populations in various geographic, historical, and cultural arenas. In particular, the essays consider racial minorities including Hispanics, Koreans, and African Americans; discuss disabled people; examine issues including substance abuse, sexual coercion, and HIV/AIDS; and delve into other topics including religion and politics. Rather than emphasizing sexuality as an individual trait, the essays view it as a social phenomenon focusing in particular on cultural meaning and real-world processes of inequality such as racism and homophobia. The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice. Out in Time Perry N. Halkitis, 2019

Out in Time explores the life experiences of three generations of gay men: the Stonewall, AIDS, and Queer generations, arguing that while there are generational differences in the lived experiences of young gay men, each one confronts its own unique historical events, realities, and socio-political conditions; there are consistencies across time that define and unify the identities of gay men. *Encyclopedia of Lesbian and Gay Histories and Cultures* George Haggerty, Bonnie Zimmerman, 2003-09-02

Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology, this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavour. While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the Encyclopedia has been prepared in two separate volumes, assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written by some of the most famous names in the field as well as new researchers, this is intended as a reference for students and scholars in all areas of study as well as the general public. **Queer Wars** Paul Robinson, 2005-02 Publisher Description

Movement, Knowledge, Emotion Jennifer Power, 2011-09-01 This book is about community activism around HIV/AIDS in Australia. It looks at the role that the gay community played in the social, medical, and political response to the virus. Drawing conclusions about the cultural impact of social movements, the author argues that AIDS activism contributed to improving social attitudes towards gay men and lesbians in Australia while also challenging some entrenched cultural patterns of the Australian medical system, allowing greater scope for non-medical intervention into the domain of health and illness. The book documents an important chapter in the history of public health in Australia and explores how HIV/AIDS came to be a defining issue in the history of gay and lesbian rights in Australia.

Yeah, reviewing a book **Select Body The Gay Dance Party Subculture And The Hiv Aids Pandemic** could increase your close friends listings. This is just one of the solutions for you to be successful. As understood, execution does not suggest that you have astounding points.
