

# Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist

**Fran Collyer**

## **Selected Correspondence 1911-1946 Of Karl Mannheim Scientist Philosopher And Sociologist:**

**Selected Correspondence (1911-1946) of Karl Mannheim, Scientist, Philosopher, and Sociologist** Karl Mannheim, 2003 A selection of the correspondence of scientist philosopher and sociologist Karl Mannheim There are nearly 300 letters altogether showing the wide range of European and American thought and representing Mannheim's dealings with Georg Lukacs Alfred Weber Harold Laski Herbert Read and others *Karl Mannheim and the Legacy of Max Weber* David Kettler, Colin Loader, Volker Meja, 2016-04-22 This book focuses on the important work of Karl Mannheim by demonstrating how his theoretical conception of a reflexive sociology took shape as a collaborative empirical research programme The authors show how contemporary work along these lines can benefit from the insights of Mannheim and his students into both morphology and genealogy It returns Mannheim's sociology of knowledge inquiries into the broader context of a wider project in historical and cultural sociology whose promising development was disrupted and then partially obscured by the expulsion of Mannheim's intellectual generation This inspired volume will appeal to sociologists concerned with the contemporary relevance of his work and who are prepared for a fresh look at Weimar sociology and the legacy of Max Weber **Research Handbook on the Sociology of Knowledge** Fran Collyer, 2025-07-15 This timely Handbook celebrates and contributes to the recent revitalisation of the sociology of knowledge A diverse group of leading experts from the global North and South provide a state of the art overview of a field which is developing rapidly with the growth of poststructuralist postcolonial and feminist approaches **The Sociology of Radical Commitment** Gary Backhaus, George Psathas, 2007-01-01 This is the first volume to present commentaries on the existential sociology of Kurt H Wolff including autobiographical biographical exegetic and creative developmental articulation of his radical thought The theme of the book connects Wolff to the sociological tradition while at the same time explicates his profound departure from the tradition

**Michael Polanyi and His Generation** Mary Jo Nye, 2011-09-16 In *Michael Polanyi and His Generation* Mary Jo Nye investigates the role that Michael Polanyi and several of his contemporaries played in the emergence of the social turn in the philosophy of science This turn involved seeing science as a socially based enterprise that does not rely on empiricism and reason alone but on social communities behavioral norms and personal commitments Nye argues that the roots of the social turn are to be found in the scientific culture and political events of Europe in the 1930s when scientific intellectuals struggled to defend the universal status of scientific knowledge and to justify public support for science in an era of economic catastrophe Stalinism and Fascism and increased demands for applications of science to industry and social welfare At the center of this struggle was Polanyi who Nye contends was one of the first advocates of this new conception of science Nye reconstructs Polanyi's scientific and political milieus in Budapest Berlin and Manchester from the 1910s to the 1950s and explains how he and other natural scientists and social scientists of his generation including J D Bernal Ludwik Fleck Karl Mannheim and Robert K Merton and the next such as Thomas Kuhn forged a politically charged philosophy of science one

that newly emphasized the social construction of science      **The Emergence of Globalism** Or Rosenboim,2017-03-28 How competing visions of world order in the 1940s gave rise to the modern concept of globalism During and after the Second World War public intellectuals in Britain and the United States grappled with concerns about the future of democracy the prospects of liberty and the decline of the imperial system Without using the term globalization they identified a shift toward technological economic cultural and political interconnectedness and developed a globalist ideology to reflect this new postwar reality The Emergence of Globalism examines the competing visions of world order that shaped these debates and led to the development of globalism as a modern political concept Shedding critical light on this neglected chapter in the history of political thought Or Rosenboim describes how a transnational network of globalist thinkers emerged from the traumas of war and expatriation in the 1940s and how their ideas drew widely from political philosophy geopolitics economics imperial thought constitutional law theology and philosophy of science She presents compelling portraits of Raymond Aron Owen Lattimore Lionel Robbins Barbara Wootton Friedrich Hayek Lionel Curtis Richard McKeon Michael Polanyi Lewis Mumford Jacques Maritain Reinhold Niebuhr H G Wells and others Rosenboim shows how the globalist debate they embarked on sought to balance the tensions between a growing recognition of pluralism on the one hand and an appreciation of the unity of humankind on the other An engaging look at the ideas that have shaped today s world The Emergence of Globalism is a major work of intellectual history that is certain to fundamentally transform our understanding of the globalist ideal and its origins      **Science Studies during the Cold War and Beyond** Elena Aronova,Simone Turchetti,2016-09-24 This book examines the ways in which studies of science intertwined with Cold War politics in both familiar and less familiar battlefields of the Cold War Taken together the essays highlight two primary roles for science studies as a new field of expertise institutionalized during the Cold War in different political regimes Firstly science studies played a political role in cultural Cold War in sustaining as well as destabilizing political ideologies in different political and national contexts Secondly it was an instrument of science policies in the early Cold War the studies of science were promoted as the underpinning for the national policies framed with regard to both global geopolitics and local national priorities As this book demonstrates however the wider we cast our net extending our histories beyond the more researched developments in the Anglophone West the more complex and ambivalent both the science studies and the Cold War become outside these more familiar spaces The national stories collected in this book may appear incommensurable with what we know as science studies today but these stories present a vantage point from which to pluralize some of the visions that were constitutive to the construction of Cold War as a juxtaposition of the liberal democracies in the West and the communist East

Max Weber in Politics and Social Thought Joshua Derman,2012-10-18 A comprehensive account of the wide ranging impact of Max Weber s ideas on German and American intellectuals in the twentieth century      Education for Political Life Iaan Reynolds,2023-07-27 Through a detailed reading of Karl Mannheim s early explorations in the sociology of knowledge

this book argues for Mannheim's relevance for contemporary social and political theory. As a philosophical project of self-reflection, the early sociology of knowledge is distinctive for its blend of Marxist social theory and phenomenological investigation, making it a valuable resource for current philosophical attempts to relate thought to its social conditions. Furthermore, the struggle documented in the early days of this project against social critique's tendency to obscure its own perspective provides the best standard by which to assess its own limitations.

**Dead Men's Propaganda** Terhi Rantanen, 2024-05-07. In *Dead Men's Propaganda: Ideology and Utopia in Comparative Communications Studies*. Terhi Rantanen investigates the shaping of early comparative communications research between the 1920s and 1950s, notably the work of academics and men of practice in the United States. Often neglected, this intellectual thread is highly relevant to understanding the 21st century's challenges of war and rival streams of propaganda. Borrowing her conceptual lenses from Karl Mannheim and Robert Merton, Rantanen draws on detailed archival research and case studies to analyse the extent and importance of work outside and inside the academy, illuminating the work of pioneers in the field. Some of these were well-known academics such as Harold Lasswell and the authors of the seminal book *Four Theories of the Press*. Others operated in the world of news agencies such as Associated Press's Kent Cooper or were marginalised as migrant scholars, notably Paul Kecskemeti and Nathan Leites. Her study shows how comparative communications from its very beginning can be understood as governed by the Mannheimian concepts of ideology and utopia and the power play between them. The close relationship between these two concepts resulted in a bias in knowledge production, contributed to dominant narratives of generational conflicts and to the demarcation of Insiders and Outsiders. By focusing on a generation at the forefront of comparative communications at this pivotal time in the 20th century, this book challenges orthodoxies in the intellectual histories of communication studies.

**The New Blackwell Companion to Major Social Theorists** George Ritzer, Jeffrey Stepnisky, 2011-04-20. [Encyclopedia of Philosophy: Joffroy-Malebranche](#), 2006. **The calling of social thought**

Christopher Adair-Totter, Stephen Turner, 2019-01-09. Edward Shils was a central figure in twentieth-century social thought. He held appointments both at Chicago and Cambridge and was a crucial link between British and American intellectual life. This volume collects essays by distinguished contributors which deal with the major facets of Shils' thought, including his relations with Michael Polanyi, his parallels with Michael Oakeshott, his defense of the traditional university, his fundamental philosophical anthropology, and his important work on such topics as tradition, civility, and the nation. As an introduction to this complex and original thinker, it will be of interest to scholars and students in a number of fields, including sociology and social theory, but also to anyone interested in the intellectual life as it was lived in the mid-twentieth century in the face of the Cold War and ideological struggle.

*Karl Mannheim* Amalia Barboza, 2020-10-12. Karl Mannheim (1893-1947) gilt gemeinsam mit Max Scheler als Begründer der Wissenssoziologie. Sein wissenssoziologischer Ansatz rückt die Sozialverbundenheit der Wissensproduktion von Intellektuellen ins Zentrum der Analyse. Mannheim wollte zeigen, dass nicht nur das Denken des

Alltagmenschen sozial bedingt ist sondern dass auch Spezialisten und Wissenschaftler in ihren Forschungen und Abhandlungen bestimmten Weltanschauungen unterliegen Er entwickelte deshalb eine eigene wissenssoziologische Methodik zur Analyse der weltanschaulichen Unterschiede zwischen Denkern verschiedener Traditionen und sozialer Standorte In diesem Einf hrungsband stellt Amalia Barboza in systematischer und allgemeinverst ndlicher Form das wissenssoziologische Werk Karl Mannheims vor Sie f hrt dabei in Mannheims Wissenssoziologie als Methodenlehre wie auch als empirische Disziplin ein Die Pr sentation von Mannheims Forschungsarbeiten zeigt dass der Autor sich nicht auf die Untersuchung verschiedener Denkstile beschr nkte Vielmehr verstand Mannheim es ebenso als origin re Aufgabe der Wissenssoziologie die verschiedenen weltanschaulichen Standorte der eigenen Disziplin zu analysieren sowie auch selbst mit verschiedenen Denkstilen zu experimentieren *American Book Publishing Record* ,2004 The British National Bibliography Arthur James Wells,2004 **Idéologie et utopie** Karl Mannheim,2006 Paru en 1929 ce texte fondateur de la sociologie de la connaissance est pr sent dans sa traduction int grale T moignage et analyse des transformations politiques et intellectuelles de son poque il montre galement comment les id ologies et les utopies naissent de l interaction sociale et comment celle ci oriente son tour les dispositions d esprit **Neurath Reconsidered** Jordi Cat,Adam Tamas Tuboly,2019-02-12 This highly readable book is a collection of critical papers on Otto Neurath 1882 1945 It comprehensively re examines Neurath s scientific philosophical and educational contributions from a range of standpoints including historical sociological and problem oriented perspectives Leading Neurath scholars disentangle and connect Neurath s works ideas and ideals and evaluate them both in their original socio historical context and in contemporary philosophical debates Readers will discover a new critical understanding Drawing on archive materials essays discuss not only Neurath s better known works from lesser known perspectives but also his lesser known works from the better known perspective of their place in his overall philosophical oeuvre Reflecting the full range of Neurath s work this volume has a broad appeal Besides scholars and researchers interested in Neurath Carnap the Vienna Circle work on logical empiricism and the history and philosophy of science this book will also appeal to graduate students in philosophy sociology history and education Readers will find Neurath s thoughts described and evaluated in an accessible manner making it a good read for those beyond the academic world such as social leaders and activists The book includes the edited 1940 45 Neurath Carnap correspondence and the English translation of Neurath s logic papers Book Review Index Cumulation Dana Ferguson,2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year

### **Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist Introduction**

In today's digital age, the availability of Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Selected Correspondence 1911

## **Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist**

1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational

institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist books and manuals for download and embark on your journey of knowledge?

### **FAQs About Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist is one of the best book in our library for free trial. We provide copy of Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist. Where to download Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist online for free? Are you looking for Selected Correspondence 1911 1946 Of Karl Mannheim Scientist Philosopher And Sociologist PDF? This is definitely going to save you time and cash in something you should think about.
