Moody, 2013-12-09 More than sixty years ago author Dr Frank G. Moody began treating patients as a second year medical student at Dartmouth Medical School Mary Hitchcock Clinic in Hanover New Hampshire. He was an academic surgeon for the next fifty-five years. In his memoir *Frank Reflections* he offers both a personal and professional overview of his life: his birth in 1928 in New Hampshire, his childhood during the Great Depression, his extensive schooling both academic and medical, his military service, his experiences serving the sick as a surgical educator, the challenges of his profession, his personal joys of raising three grown children and his love of skiing and hiking. Recalling a wide range of places including New York, California, Alabama, Utah, and Texas, this memoir communicates Moody's dedication to his craft. Recapping a long and productive but sometimes winding and turbulent career, *Frank Reflections* shares insights into Moody's world in which he tried to enjoy life while helping others get well from their illnesses.
