**Evert van der Zweerde**

## **Long Road To Freedom Russia And Glasnost:**

**The Long Road to Freedom** Walter Laqueur, 1990 This book deals with the new political style and mood which have emerged in the Soviet Union since Gorbachev's rise to power Laqueur explains the origins of glasnost against the background of Russian and Soviet history and shows how as a result of glasnost much of our knowledge on the state of the Soviet Union had to be reconsidered He discusses the impact of glasnost on Soviet cultural life the economy and foreign policy the polarization of public opinion the open debates inside the Soviet Union on burning social problems and the emergence of a new influential Russian party He concludes with the likely future trends and developments ISBN 0 684 19030 3 21 95

*Political Discourse in Transition in Europe 1989-1991* Paul Chilton, Mikhail V. Ilyin, Jacob L. Mey, 1998-03-15 The year 1989 brought political upheavals in Central Eastern and Southern Europe the effects of which have not yet ended The political discourse of the Cold War period disintegrated and gave way to competing alternatives The contributors to this book are linguists discourse analysts and social scientists from all corners of the continent whose tools of analysis shed light on the crucial two years of transition during which political concepts and political interaction changed in dramatic and sometimes violent ways

*Intellectuals and Apparatchiks* Kevin O'Connor, 2008-08-01 This book traces the origins and activities of an alliance of conservative Communist Party authorities and Russian nationalists during the late Soviet era Specifically it examines how and to what extent hitherto orthodox Communists sought political allies in the Russian nationalist movement in order to garner support for halting the reform program and saving the Soviet state from collapse

*Intellectuals and Apparatchiks*, **Russian Popular Culture** Richard Stites, 1992-08-20 This book presents a side of Russian life that is largely unknown to the West the world of popular culture By surveying detective and science fiction popular songs jokes box office movie hits stage radio and television Professor Richard Stites introduces the people and cultural products that are household words to Russian people Spanning the entire twentieth century the author examines the subcultures that draw upon and enrich Russian popular culture He explores the relationship between popular culture and the national and social values of the masses including their heroes and myths and assesses the phenomenon of the celebrity from the silent screen star to the latest rock music idol Richard Stites pays particular attention to the dramatic battle between elite and popular culture and to the intervention of revolutions wars and the state in the production and control of this culture

**Explaining Auschwitz and Hiroshima** Richard J. B. Bosworth, 2002-01-31 Explaining Auschwitz and Hiroshima explores the way in which the main combatant societies of the Second World War have historicised that experience Since 1945 debates in Germany about the past that would not fade away have been reasonably well known But in this book Richard Bosworth maintains that Germany is not unique He argues that in Britain France Italy the USSR and Japan as well as in Germany the traumatic history of the long Second World War has remained crucial to the culture and the politics of post war societies Each has felt a compelling need to interpret this past event and thus to explain Auschwitz and Hiroshima Bosworth explores

the bitter controversies that have developed around a particular interpretation of the war such as disputes over A J P Taylor s Origins of the Second World War Marcel Ophul s film The Sorrow and the Pity Renzo De Felice s biography of Mussolini in the 1970s or in post Glasnost debates about the historiographies of the Commonwealth of Independent States Richard Bosworth s book is a wide ranging and thoughtful excursion into comparative history **Problems of Communism** ,1990

Globalizing Human Rights Christian Peterson,2012-03-12 Globalizing Human Rights explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev s efforts to reform Soviet style socialism **Beyond the Border** Steven

Aschheim,2018-06-05 The modern German Jewish experience through the rise of Nazism in 1933 was characterized by an explosion of cultural and intellectual creativity Yet well after that history has ended the influence of Weimar German Jewish intellectuals has become ever greater Hannah Arendt Gershom Scholem Theodor Adorno Walter Benjamin Franz Rosenzweig and Leo Strauss have become household names and possess a continuing resonance Beyond the Border seeks to explain this phenomenon and analyze how the German Jewish legacy has continually permeated wider modes of Western thought and sensibility and why these migr s occupy an increasingly iconic place in contemporary society Steven Aschheim traces the odyssey of a fascinating group of German speaking Zionists among them Martin Buber and Hans Kohn who recognized the moral dilemmas of Jewish settlement in pre Israel Palestine and sought a binationalist solution to the Arab Israel conflict He explores how German Jewish migr historians like Fritz Stern and George Mosse created a new kind of cultural history written against the background of their exile from Nazi Germany and in implicit tension with postwar German social historians And finally he examines the reasons behind the remarkable contemporary canonization of these Weimar intellectuals from Arendt to Strauss within Western academic and cultural life Beyond the Border is about more than the physical act of departure It also points to the pioneering ways these migr s questioned normative cognitive boundaries and have continued to play a vital

role in addressing the predicaments that engage and perplex us today      Constructing Ethnopolitics in the Soviet Union D. Zisserman-Brodsky, 2003-07-03 The nationality question was long central to Soviet thought and policy and the failure to provide a convincing answer played a major role in the break up of the Soviet Union into ethnically or nationally defined states Zisserman Brodsky explores various explanations of nationalism and its resurgence through a close and unprecedented examination of dissident writings of diverse ethnic groups in the former Soviet Union thereby bridging macro theory with micro politics Dissident ethnic networks were a crucial independent institution in the Soviet Union and a basis of civil society Voicing the discontent and resentment of the periphery at the policies of the centre or metropole the dissident writings known as samizdat highlighted anger at deprivations imposed in the political cultural social and economic spheres Ethnic dissident writings drew on values both internal to the Soviet system and international as sources of legitimation they met a divided reaction among Russians with some privileging the unity of the Soviet Union and others sympathetic to the rhetoric of national rights This focus on national rather than individual rights helps explain developments since the fall of the Soviet Union including the prevalence of authoritarian governments in newly independent states of the former Soviet Union

**The Legacy of Soviet Dissent** Robert Horvath, 2013-05-13 During the 1970s dissidents like Sakharov and Solzhenitsyn dominated Western perceptions of the USSR but were then quickly forgotten as Gorbachev's reformers monopolised the spotlight This book restores the dissidents to their rightful place in Russian history Using a vast array of samizdat and published sources it shows how ideas formulated in the dissident milieu clashed with the original programme of perestroika and shaped the course of democratisation in post Soviet Russia Some of these ideas such the dissidents preoccupation with glasnost and legality and their critique of revolutionary violence became part of the agenda of Russia's democratic movement But this book also demonstrates that dissidents played a crucial role in the rise of the new Russian radical nationalism Both the friends and foes of Russian democracy have a dissident lineage      **Soviet Historiography of Philosophy** Evert van der Zweerde, 2013-06-29 Scientific history of philosophy was one of the professional branches of Soviet philosophy and a place where philosophical culture was preserved in an often hostile environment Situated between the ideological exigencies of the Soviet system with its Marxist Leninist theoretical foundation and the need for an objective account of philosophy's past Soviet history of philosophy displays the characteristic features of Soviet philosophy as a whole including a forceful reappearance of its Hegelian background This book is the only Western monograph on this important part of Soviet philosophy thus filling the last main gap in Western Philosophical Sovietology At the same time it offers the first survey of Soviet philosophy after the disappearance of the Soviet system itself embarking on an historical and meta philosophical investigation of Soviet philosophical culture The book will be of interest to students of Soviet and Russian philosophy historians of philosophy and specialists in Soviet studies      **Army**, 1989      *Culture and Politics in China* Peter Li, Majorie H. Li, Steven Mark, 2018-05-04 As the world watched the crumbling away of communist regimes in Eastern Europe the pro

democracy movement in China was dealt a severe blow in June of 1989 Also referred to as the June 4th Incident the Tiananmen Square protest included students intellectuals and workers demanding democratic reforms and social change To break up the escalating protest armed soldiers stormed the square killing close to two hundred demonstrators and injuring thousands more Culture and Politics in China explores the events trends and tendencies that led to the student demonstrations This volume objectively presents a wide range of information permitting readers a comprehensive understanding of the circumstances that culminated on the events of June 4 1989 Documents include eyewitness accounts by student leaders Chai Ling and Wu er Kaixi the speeches of Deng Xiaoping and Yang Shangkun justifying the use of force analysis of the events by the Marxist theorist Su Shaozhi the writings of young intellectuals Yan Jiaqi Liu Xiaobo and others Selections include essays on the May Fourth Movement of 1919 and the television documentary the Yellow River Elegy which question the Chinese cultural tradition Leading political scientists contribute to this volume Lee presents an analysis of the role of Deng Xiaoping in the events at Tiananmen Square and his views on the Chinese Communist party state and the pro democracy movement King Tsao who was at the square views the demonstrations as a form of civil disobedience and dissent against the party state He gives an eyewitness account and a contextual analysis of some of the events and underlying themes Steven Mark a journalist presents an analysis of the various roles of both the Chinese and Western press beginning with their role in shaping public opinion before the demonstrations and continuing as the media scrambled to cover China s biggest news story since the communist takeover in 1949 Those who

**Russian Antisemitism Pamyat/De** Corey,2013-11-26 First Published in 1995 The emergence in Russia of the antisemitic chauvinist movement Pamyat has started Western society even as it has stirred deep fears and anxiety among Jews and democratic forces within Russia How could supposedly Communist society whose founder V I Lenin had railed against the racism and bigotry give birth to a proto fascist ideology and organisation This study seeks to respond to this understandable if provocative query The roots of Pamyat s ideology can be traced to the tsarist Black Hundreds in the really part of the twentieth century to certain aspects of Stalinism and especially to the Soviet anti Zionist campaign of 1967 86 Although the antisemitic campaign was officially halted at state level by Mikhail Gorbachev the merging Pamyat groups took advantage of the freer atmosphere of glasnost to continue to foster anti Jewish hatred

**The End of the Communist Revolution** Robert V. Daniels,2002-11-01 Daniels strives to put perestroika in its long term historical perspective by placing it in a broad theory of revolutionary process within the context of Leninism Stalinism and Brezhshnevism

**Calculation and Coordination** Peter J Boettke,2000-11-23 This collection of essays from one of the major Austrian economists working in the world today brings together in one place some of his key writings on a variety of economic issues

The Last Days of Europe Walter Laqueur,2025-04-16 In Brussels in 2004 more than 55 percent of the children born were of immigrant parents Half of all female scientists in Germany are childless According to a poll in 2005 more than 40 percent of British Muslims said Jews were a legitimate target for terrorist

attacks What happens when a falling birthrate collides with uncontrolled immigration The Last Days of Europe explores how a massive influx from Asia Africa and the Middle East has loaded Europe with a burgeoning population of immigrants many of whom have no wish to be integrated into European societies but make full use of the host nations generous free social services One of the master historians of twentieth century Europe Walter Laqueur is renowned for his gold standard studies of fascism terrorism and anti-Semitism Here he describes how unplanned immigration policies and indifference coinciding with internal political and social crises have led to a continent wide identity crisis Self ghettoization by immigrant groups has caused serious social and political divisions and intense resentment and xenophobia among native Europeans Worse widespread educational failure resulting in massive youth unemployment and religious or ideological disdain for the host country have bred extremist violence as seen in the London and Madrid bombings and the Paris riots Laqueur urges European policy makers to maintain strict controls with regard to the abuse of democratic freedoms by preachers of hate and to promote education productive work and integration among the new immigrants Written with deep concern and cool analysis by a European born historian with a gift for explaining complex subjects this lucid unflinching analysis will be a must read for anyone interested in international politics and the so called clash of civilizations Soviet Constitutional Crisis Robert Sharlet, 2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms *Developments in Russian Politics 5* Stephen White, Alex Pravda, Zvi Y. Gitelman, 2001 Russia has a new parliament and a new president and the shape of its future political life remains uncertain Taking the elections of 1999 and 2000 as their starting point the contributors to *Developments in Russian Politics 5* describe the institutional framework of the post Yeltsin system and examine the policy choices that confront the Putin administration This completely revised edition includes new discussions of such topics as media and political communication crime and corruption and Russia's continuing search for a national idea Other sections cover elections and electoral procedures parties and organized interests

as well as economic social and foreign policy Written by leading scholars from both sides of the Atlantic Developments in Russian Politics 5 will replace earlier editions as the leading text for students of Russia and for a wider group of readers seeking a reliable and up to date introduction to the politics of the world s largest country
