**Health Care Financing Review** ,1997 *Autonomy & Paternalism* Thomas Nys,Yvonne Denier,Toon Vandeveld,2007 In recent years the triumph of autonomy has made paternalist interventions increasingly problematic The value of a patient s right to self determination and the practice of informed consent are considered supremely important in present day health care ethics In general the idea of doctor knows best has become more and more suspicious This has left us with a situation in which paternalist medicine seems difficult to reconcile with respect for patient autonomy This book offers a thorough reflection on the relationship between autonomy and paternalism and argues that from both theoretical and practical angles the tension between these concepts is not as acute as it might seem In long term care psychiatry and care for the severely handicapped the principle of respect for autonomy is particularly ill suited This however does not mean that such respect is totally irrelevant but that it should take a different shape Good care in those cases requires us to transcend the sharp dichotomy between autonomy and paternalism In Autonomy and

Paternalism Reflections on the Theory and Practice of Health Care various acclaimed authors present their views on this interesting and extremely relevant debate      The Cambridge Handbook of Age and Ageing Malcolm L. Johnson,Vern L. Bengtson,Peter G. Coleman,Thomas B. L. Kirkwood,2005-12-01 The Cambridge Handbook of Age and Ageing first published in 2005 is a guide to the body of knowledge theory policy and practice relevant to age researchers and gerontologists around the world It contains almost 80 original chapters commissioned and written by the world s leading gerontologists from 16 countries and 5 continents The broad focus of the book is on the behavioural and social sciences but it also includes important contributions from the biological and medical sciences It provides comprehensive accessible and authoritative accounts of all the key topics in the field ranging from theories of ageing to demography physical aspects of ageing mental processes and ageing nursing and health care for older people the social context of ageing cross cultural perspectives relationships quality of life gender and financial and policy provision This handbook will be a must have resource for all researchers students and professionals with an interest in age and ageing      Supporting the Caregiver in Dementia Sheila M. LoboPrabhu,Victor A. Molinari,James W. Lomax,2006-06-19 Dementia is one of the greatest challenges facing seniors and their caregivers around the globe Developed by experts in both research and practice this guide for mental health clinicians explores the experience of caregiving in dementia discussing the latest research developments and sharing clinical pearls of wisdom that can easily be translated to daily practice The contributors explore the history of caregiving and then examine the current demographics of caregivers for persons with dementia They discuss who provides care the settings in which it is delivered and the rewards and burdens of caregiving They place special emphasis on understanding the psychological needs of both the person with dementia and the caregiver as well as interpersonal bonds spiritual dimensions and reactions to grief and loss Using a multidisciplinary approach to treatment for caregivers this book addresses the role of pharmacotherapy individual and family interventions and social supports Finally the authors reflect on societal issues such as health care policies ethnic elders and ethics This volume offers health professionals insights into the daily lives of caregivers along with tools to provide their patients with the support they need      Ethics in Community-Based Elder Care Martha B. Holstein,Phyllis B. Mitzen,2001-10-11 Caring for elders outside of institutions is the fastest growing sector of US health care Building on their research study at the Park Ridge Center editors Holstein and Mitzen together with a team of experts examine the complexities involved in developing an ethics for community based long term care They also challenge policymakers to make home care a more viable option for older people in need Chapters address many of the ethical and practical problems that arise in the care of older people with physical and mental disabilities including how to allocate scarce funds how to keep good caregivers how to balance concerns of autonomy risk and safety and worker stress The volume is an excellent resource for practitioners policymakers and students      **Palliative Care Nursing** O'Connor Margaret,Aranda Sanchia,2018-10-08 Written by experienced authorities from around the world giving a wider international perspective on

palliative nursing this substantially expanded new edition has been specifically adapted to reflect working practices within the NHS All nurses especially those that are new to palliative care and those working in other areas of health where palliative skills are required will find this essential reading

**Our Hands Are Tied** Marshall Kapp, 1998-05-12 As a critical examination of the pervasive tension existing between defensive medicine and good ethical patient care this book investigates the impact of legalities on medical treatment Physicians today are apprehensive about the threat of malpractice suits Kapp explores the extent to which this fear is justified He examines where physicians get their ideas about what the law forbids and requires how physicians perceptions of the law and medicine affect medical care and whether these behavioral manifestations benefit or hurt a physician's ability to practice ethically Kapp then suggests ways medical professionals can resolve tension caused by conflicting demands and encourage more ethical care

*Handbook of Bioethics: G.* Khushf, 2006-04-11 In general the history of virtue theory is well documented Sherman 1997 O'Neill 1996 Its relationship to medicine is also recorded in our work and in that of others Pellegrino and Thomasma 1993b 1996 Drane 1994 Ellos 1990 General publications stress the importance of training the young in virtuous practices Still the popularity of education in virtue is widely viewed as part of a conservative backlash to modern liberal society Given the authorship of some of these works by professional conservatives like William Bennett 1993 1995 this concern is authentic One might correspondingly fear that greater adoption of virtue theory in medicine will be accompanied by a corresponding backward looking social agenda Worse yet does reaffirmation of virtue theory lacquer over the many challenges of the postmodern world view as if these were not serious concerns After all recreating the past is the retro temptation of our times Searching for greater certitude than we can now obtain preoccupies most thinkers today One wishes for the old clarity and certitudes Engelhardt 1991 On the other hand the same thinkers who yearn for the past like Engelhardt sometimes seems to do might stress the unyielding gulf between past and present that creates the postmodern reaction to all systems of Enlightenment thought 1996

**Women in Late Life** Martha Holstein, 2015-03-19 Contemporary old age is fraught with contradiction and complexity women portrayed either as incompetent and cuddly grandmothers or as young women trapped in old bodies images that rarely reflect how women actually see themselves Women in Late Life explores the thorny issues related to gender and aging including prevailing but problematic cultural expectations body image ageism the experience of chronic illness threats to Social Security and the very possibility of a secure retirement while challenging a long term care system that disadvantages women Author Martha Holstein writes from a critical feminist perspective drawing on her many years of experience in gerontology as well as interviews and personal experience as a woman now in her seventies The book highlights how women's experience of late life is shaped by the effects of lifelong gender norms by contemporary culture from gender stereotypes to ageism and by the political context The book blends critique with proposals aimed at resisting damaging inequities resulting from being simultaneously old and a woman She focuses on changes needed on multiple levels societal cultural political and

individual This interdisciplinary look at key questions around gender and aging is nuanced and beautifully written

Nursing Home Current Residents and Discharges Celia S. Gabrel, 2000 **Dependence and Autonomy in Old Age** George Agich, 2003-08-07 Respecting the autonomy of disabled people is an important ethical issue for providers of long term care In this influential book George Agich abandons comfortable abstractions to reveal the concrete threats to personal autonomy in this setting where ethical conflict dilemma and tragedy are inescapable He argues that liberal accounts of autonomy and individual rights are insufficient and offers an account of autonomy that matches the realities of long term care The book therefore offers a framework for carers to develop an ethic of long term care within the complex environment in which many dependent and aged people find themselves Previously published as Autonomy and Long term Care this revised edition in paperback for the first time takes account of recent work and develops the author's views of what autonomy means in the real world It will have wide appeal among bioethicists and health care professionals *The Future of Long-Term Care* Robert H.
