Financing Long-Term Care in Europe J. Costa-Font, C. Courbage, 2011-11-08 Forecasts predict that those in need of long term care in Europe will double in the next 50 years This book offers a full understanding of the institutional responses and mechanisms in place to finance old age and provides analysis of demand and supply factors underpinning the development of financial instruments to cover long term care in Europe **Nordic**

Economic Policy Review ,2013 **Cross Atlantic Exchange to Advance Long-Term Care** Svetla Tsolova,2006

Economics of Spend-down to Medicaid Edward C. Norton,1999 **Handbook of Health Economics** A J. Culyer,J.P. Newhouse,2000-07-19 What new theories evidence and policies have shaped health economics in the 21st century Editors Mark Pauly Thomas McGuire and Pedro Pita Barros assemble the expertise of leading authorities in this survey of substantive issues In 16 chapters they cover recent developments in health economics from medical spending growth to the demand for health care the markets for pharmaceutical products the medical workforce and equity in health and health care Its global perspective including an emphasis on low and middle income countries will result in the same high citations that made Volume 1 2000 a foundational text Presents coherent summaries of major subjects and methodologies marking important advances and revisions Serves as a frequently used non journal reference Introduces non economists to the best research in health economics

Dilemmas of the Welfare Mix Ugo Ascoli,Costanzo Ranci,2013-04-17 The 1990 s will be remembered in Europe as the period in which privatization assumed significant proportions in the field of welfare policies In an age of crisis for the welfare state and increased demand of care services there is now a widespread opinion that future welfare systems will see more and more space occupied by private and nonprofit organizations taking the direct responsibility of providing services and meeting the needs of the clients A welfare mix is emerging as a system in which government private and nonprofit organizations operate in place of the state monopoly nonprofit organizations in particular have obtained formal recognition as partners of public authorities and professional groups in policy making An increasing interdependence between state private and third sector organizations will characterize next years all post industrial societies Through research in the field of social care in six European Countries France Germany Italy Norway Spain and the U K the authors highlight the role of nonprofit and commercial organizations in the new welfare mix systems and main social and institutional effects of such new order This volume in the Nonprofit and Civil Society Studies series is the first attempt to bridge the relevant gap existing between the literature on the welfare state and studies on the nonprofit sector

Journal of Human Services Abstracts ,1984 Improving Healthcare David Hyman,2007-04-21 Improving Healthcare A Dose of Competition systematically examines the American health care system from a competition oriented perspective The volume surveys the performance of each major sector of the health care system and identifies impediments to more effective competition Improving Healthcare examines such issues as competition v regulation public and private sector approaches to health care financing cross subsidies licensure provider market concentration financial and clinical integration payment for performance quality pharmacy benefit managers direct to consumer advertising of pharmaceuticals certificates of need mandates unionization the significance of organizational status nonprofit v for profit and the role of antitrust and consumer protection in health care It offers concrete recommendations to improve the quality and cost effectiveness of the American health care marketplace

Projecting the Impact of Demographic Change on the Demand for and Delivery of Healthcare in Ireland ,

Health, the Medical Profession, and Regulation Peter Zweifel, 2012-12-06 Health The Medical Profession and Regulation presents new evidence concerning health and the environment inequality of health in many countries and the compatibility of different quality of life measurements along with new solutions to problems of health policy The book is grouped into three sections Section I comprising six papers looks into the determinants of people's health Section II consists of three papers and deals with the supply side of the market for health care services Finally Section III contains three contributions devoted to health regulation The intended market for this volume includes but is not limited to health economists policy makers insurers and governmental advisors who need to stay abreast of the latest developments in health services research worldwide

Regulation of Health: Case Studies of Sweden and Switzerland Peter Zweifel, Carl Hampus Lyttkens, Lars Söderström, 2012-12-06 Health care arguably is the single most regulated industry in industrial countries and possibly in newly industrialized and developing countries as well But what exactly is being regulated what are the instruments used and what are the effects and side effects of such regulation Regulation of Health Case Studies of Sweden and Switzerland seeks to resolve problems in answering these key questions regarding the health care sector in two countries Sweden and Switzerland The volume contains a series of studies that compare the regulation of health and health care in these two apparently very similar countries in considerable detail The contributing teams acquired a great deal of knowledge about health regulation in both countries they also derived comparative predictions when regulation differs using actual observations to check whether these predictions are borne out These comparisons are based on the conditions prevailing in the mid nineties *Pflegebedürftigkeit und Pflegesicherung in ausgewählten Ländern* Roland Eisen, Hans-Christian Mager, 2013-07-29 Der Band enth lt die wichtigsten Ergebnisse des von der Volkswagen Stiftung finanzierten und ber

insgesamt f nf Jahre angelegten Forschungsprojekts Pflegesicherung in der EG Ein institutioneller und empirischer Vergleich unter Ber cksichtigung der M glichkeiten und Probleme einer Konvergenz Das Hauptziel des Forschungsprojektes bestand in der Bereitstellung von Wissen und in der Entwicklung von Kriterien zur Beschreibung und Bewertung alternativer Sicherungsm glichkeiten des Pflgerisikos **Economics and Ageing** José Luis Iparraguirre, 2018-12-05 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in economics health economics and the economics of ageing but also policy makers students professionals and practitioners in gerontology sociology health related sciences and social care This volume discusses the fiscal implications of ageing health economics and long term care Fiscal policy issues include generational accounting and national transfer accounts the relationship between ageing public expenditure and fiscal policy the age profiles of public expenditures and taxes and the relationship between ageing capital and labour taxation Health economics with regard to ageing comprises healthy and disability free life expectancy the relationship between health inequalities and age the macroeconomic

implications of population health the socio economic determinants of health the interaction between ageing and both individual and aggregate health expenditure and economic approaches to valuing later life This volume closes with an exposition of the economics of formal and informal care as well as questions around insurance risk and the so called sandwich generation

Continuing Long-term Care Services United States. Congress. Senate. Special Committee on Aging,1992

Care Work Madonna Harrington Meyer,2002-05-03 Care Work is a collection of original essays on the complexities of providing care These essays emphasize how social policies intersect with gender race and class to alternately compel women to perform care work and to constrain their ability to do so Leading international scholars from a range of disciplines provide a groundbreaking analysis of the work of caring in the context of the family the market and the welfare state

The US Nursing Home Industry Robert A Giacalone,2015-04-08 An in depth analysis of the nursing home industry in America its past present and future It focuses on the business aspects of the industry and provides a detailed examination of the main issues concerning all nursing homes trends in health care expenditures the legislative history of the industry growing demand for care and how to measure it the present structure of the industry funding and financing concerns government regulation inter industry competition and opportunities for growth global comparisons and public policy considerations

Insurance Economics Peter Zweifel,Roland Eisen,David L. Eckles,2021-10-05 Insurance Economics brings together the economic analysis of decision making under risk risk management and demand for insurance among individuals and corporations objectives pursued and management tools used by insurance companies the regulation of insurance and the division of labor between private and social insurance Appropriate both for advanced undergraduate and graduate students of economics management and finance this text provides the background required to understand current research Predictions derived from theoretical arguments are not merely stated but also related to empirical evidence Throughout the book conclusions summarize key results helping readers to check their knowledge and comprehension Issues discussed include paradoxes in decision making under risk and attempts at their resolution moral hazard and adverse selection including the possibility of a death spiral and future challenges to both private and social insurance such as globalization and the availability of genetic information This second edition has been extensively revised Most importantly substantial content has been added to represent the evolution of risk related research A new chapter Insurance Demand II Nontraditional Approaches provides a timely addition in view of recent developments in risk theory and insurance Previous discussions of Enterprise Risk Management long term care insurance adverse selection and moral hazard have all been updated In an effort to expand the global reach of the text evidence and research from the U S and China have also been added

Work and Caring for the Elderly Viola M. Lechner,Margaret B. Neal,1999 Work and Caring for the Elderly directly addresses the pressing issues of this worldwide dilemma by examining how 11 geographically dispersed countries in various stages of economic and social development are responding to this challenging problem
