Long March The:

The Long March Shuyun Sun, 2006 Every nation has its founding myth and for modern China it is the Long March In 1934 the fledgling Communist Party and its 200 000 strong armies were forced out of their bases by Chiang Kaishek and his National troops Walking more than 10 000 miles over mountains grassland and swamps they suffered appalling casualties and ended up in the remote barren North Just one fifth survived they went on to launch the new China in the heat of revolution A legend was born Justified by a remarkable feat the Long March was also a triumph of propaganda for Mao and for the revolution Seventy years later Sun Shuyun set out to retrace the Marchers steps The rugged landscape has changed little Her greatest difficulty was in wrestling with the scenes lodged in her mind since childhood part of the upbringing of every Chinese On each stage of her journey she found hidden stories the ruthless purges the terrible toll of hunger and disease the fate of women on the March the huge number of desertions the futile deaths The real story of the March the most vivid pictures come from the veterans whom Sun Shuyun has found She follows their trail through all those harsh miles discovers their faith and disillusion their pain and their hopes and also recounts how many suffered even after the March's end in 1936 The Long March was an epic journey of endurance even more severe than history books say and courage against impossible odds It is a brave exciting and tragic story Sun Shuyun tells it for the first time as it really happened **The**

Long March William Styron, 1952 In the shadow of the Korean War a series of misfired mortar shells kill eight men in a Marine camp during a training exercise prompting the commanding officer to order a grueling punishment a thirty six mile march through the suffocating heat of the Carolina summer Intended to beat discipline into the aging reservists the march instead rankles Lieutenant Culver and Captain Mannix whose growing resentment of the brutal trek leads to an ultimate powerful act of rebellion The Long March is a withering critique of a military system that leaves no room for dignity or personal identity Told in part through flashbacks and dream sequences the story is immersed in vivid language and philosophical reflection a poignant defense of the individual in the face of attempted dehumanization Words and Their Stories Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested

Hard Like Water Yan Lianke, 2021-06-15 Yan is one of those rare geniuses who finds in the peculiar absurdities of his own culture the absurdities that infect all cultures The Washington Post From the Kafka Prize winner and two time Booker Prize finalist this is a gripping and biting satirical story of ambition and betrayal following two young communist revolutionaries whose forbidden love sets them apart from their traditionally minded village as the Cultural Revolution sweeps China Gao Aijun is a son of the soil of Henan s Balou Mountains and after his Army service he is on his way back to his ancestral village feeling like a hero Close to his arrival he sees a strikingly attractive woman walking barefoot alongside a railway track in the warm afternoon sun and is instantly smitten She is Xia Hongmei and lives up to her name of beautiful flower Hiding their relationship from their spouses the pair hurl themselves into the struggle to bring revolution to their backwater village They spend their days and nights writing pamphlets organizing work brigades and attending rallies feeling they are the vanguard for the full blown revolution that is waiting in the wings Emboldened by encouragement from the Party the couple dig a literal tunnel of love between their homes where while the unsuspecting villagers sleep they sing revolutionary songs and compete in shouting matches of Maoist slogans before making earth moving love But when their torrid relationship is discovered and they have to answer to Hongmei s husband their dreams of a bright future together begin to fray Will their devotion to the cause save their skins or will they too fall victim to the revolution that is swallowing up the country A novel of rare emotional force and surprising humor Hard Like Water is an operatic and brilliantly plotted

human drama about power's corrupting nature and the brute force of love and desire A blistering tour de force poses the uncomfortable and timely question how did each of us arrive at our certainties The Guardian One of China's most important and certainly most fearless living writers Kirkus Reviews **THE RAPID RISE OF CHINA (IN SIMPLE WORDS)**

MINAKSHI GOEL, PREFACE The relationship a country maintains with its neighbours is very important If the relationship is good it can be a source of strength Otherwise it can lead to destruction India is a peninsula sharing its borders with several nations Of all these neighbouring countries China is most important economically politically and strategically Moreover recently China has become the centre of discussion for the entire world not only for India The People's Republic of China also called as China in short was founded in 1949 Today in 2020 in a very short period it has become a superpower It is very important for us to understand how China grew so fast in such a short period of time Looking at the mind set of its leaders and the policies they implemented might help us understand how to improve our own nation Keeping these things in mind I have written this short book to explore China's growth When I started on this journey I found that the information was scattered complex and difficult for the layman to understand I have therefore tried to keep the content short and the language simple and lucid in order to share this information with a wide audience MINAKSHI GOEL **Beyond the Genre**

Stefano Calzati, 2018-11-26 What is the cultural value of travel writing today How is the genre affected by instant communication and digital technologies This volume provides answers to these questions through adopting a transmedial perspective by comparing printed travel books and travel blogs Notably it explores how different editorial and medial choices impact on the cultural practices of travelling and writing Methodologically an ethnography is proposed via the discussion of a number of original interviews collected over three years with contemporary travel authors and bloggers who journeyed around and wrote about China These writers are from both the West the UK the USA Italy France New Zealand and China Hong Kong and the Mainland As such the volume not only deconstructs the English centredness and ethnocentrism that often affect travel writing as a genre as well as many studies on it but it also renews the academic debate on the politics behind the genre connecting the texts with their spheres of production and reception The study shows the interdependence between medial and literary features on the one hand and the ways of journeying and writing about the experience which largely depend upon the biography of each writer on the other **Reconfiguring Chinese Nationalism** J. Leibold, 2016-09-23 The

first full length treatment of ethnic and national identity in early Twentieth century China Leibold traces the political and cultural strategies employed by Han Chinese elites in the process of incorporating both discursively and physically the diverse inhabitants of the last Qing dynasty into a new homogenous national community *Mao's Little Red Book* Alexander C. Cook, 2014-03-06 On the fiftieth anniversary of Quotations from Chairman Mao this pioneering volume examines the book as a global historical phenomenon **From People's War to People's Rule** Timothy J. Lomperis, 2000-11-09 Timothy

Lomperis persuasively argues the ironic point that the lessons of American involvement in Vietnam are not to be found in any

analysis of the war by itself Rather he proposes a comparison of the Vietnam experience with seven other cases of Western intervention in communist insurgencies during the Cold War era China Indochina Greece the Philippines Malaya Cambodia and Laos Lomperis maintains that popular insurgencies are manifestations of crises in political legitimacy which occur as a result of the societal stresses caused by modernization Therefore he argues any intervention in a people s war will succeed or fail depending on how it affects this crisis The unifying theme in the cases Lomperis discusses is the power of land reform and electoral democracy to cement political legitimacy and therefore deflect revolutionary movements Applying this theory to the ongoing Sendero Luminoso insurgency in Peru Lomperis makes a qualified prediction of that conflict s outcome He concludes that a global trend toward democratization has produced a new era of people s rule Annual Report United States.
