Long Waves Of Regional Development:

Long Waves of Regional Development Michael Marshall, 1985 *Long Waves of Growth, Hegemonic Power, and Climate Change in the World Economy* Phillip Anthony O'Hara, 2025-10-02 This book investigates eras of major geopolitical and socioeconomic power development relative demise and potential renewal for four major political economies It concentrates on the Dutch Golden Age of the late 1500s and 1600s British hegemony of the 1800s Pax Americana of the 1900s and Chinese potential hegemony of the 2000s as well as long wave patterns of change over successive centuries to the present and to some degree into the future Dutch British US and Chinese economies are situated within patterns of long term successive rise and fall and fall and rise of economic growth hegemony and climate change in the world political economy including linkages between core periphery and semi periphery Patterns of multiple crises tend to appear in between hegemonic periods and climate change often undergoes complex dynamics through time while currently climate anomalies are emerging during mostly long wave downswings and polycrises in the world economy Contemporary themes of the book include the ongoing competition for world domination between the US and China the conflict over Ukraine Taiwan that some think may generate world war 3 the climate change crisis that continues to plague the world and whether the world and its major economies are likely to undergo a Golden Age into the future Chapter 7 of this book on US hegemony and long waves includes extracts of material that won the Myrdal Prize for Book of the Year Prize from EAEPE as well as Journal Article of the Year from Curtin Business School Ideas from parts of Chapter 9 emanate from a volume that won Book of the Year Award from CBS A climate change paper that won Journal Article of the Year Awards from EAEPE and CBS informed ideas that are used in several parts of this book The book outlines key stylized facts from the analysis and presents hypotheses for further investigation on the relationship between long term growth hegemony and climate change The book uses the work of Kondratiev Schumpeter and company themes in economic history modern political economy schools and the principles of political economy contingency paradigm to reformulate long wave hegemony and climate change hypotheses and empirics

Local and Regional Development Andy Pike, Andrés Rodríguez-Pose, John Tomaney, Andres Rodriguez-Pose, 2006-11-22 Local and regional development is an increasingly global issue For localities and regions the challenge of enhancing prosperity improving wellbeing and increasing living standards has become acute for localities and regions formerly considered discrete parts of the developed and developing worlds Amid concern over the definitions and sustainability of development a spectre has emerged of deepened unevenness and sharpened inequalities in the development prospects for particular social groups and territories Local and Regional Development engages and addresses the key questions what are the principles and values that shape definitions and strategies of local and regional development What are the conceptual and theoretical frameworks capable of understanding and interpreting local and regional development What are the main policy interventions and instruments How do localities and regions attempt to effect development in practice What kinds of

local and regional development should we be pursuing This book addresses the fundamental issues of what kind of local and regional development and for whom frameworks of understanding and instruments and policies It outlines what a holistic progressive and sustainable local and regional development might constitute before reflecting on its limits and political renewal With the growing international importance of local and regional development this book is an essential student purchase illustrated throughout with maps figures and case studies from Asia Europe and Central and North America

Regional Development and Decentralization Policy in South Korea Ludwig Schätzl,Karin Wessel,Yong-Woo Lee,1997 This book investigates the interdependent relations between economic development regional development and spatial economic policy in newly industrialized countries using South Korea as a case study The analysis concentrates on three aspects a long term economic restructuring starting with labour intensive production followed by capital intensive and finally human capital and technology intensive production b the effects of the economic transformation process on regional development and c the significance of spatial economic policy for sectoral and regional economic restructuring **Global Challenge and Local Response** Walter B. Stöhr,1990 The volume grew out of research undertaken as a part of the UN University s European Perspectives Project It addresses the consequences of the failure of large scale industrial enterprise and the inability of central government policies to cope with the results of economic restructuring in a series of comparative case studies showing how local communities throughout Europe East and West rural and industrial have responded to economic dislocation and decline and how these local initiatives have become the basis for economic regeneration Annotation copyrighted by Book News Inc Portland OR [The Long-Wave Debate](#) Tibor Vasko,2013-03-09 The proceedings reflect the state of the art of long term fluctuations in economic growth as well as discussing promising areas of research in this field The unique combination of participants from East and West including the People s Republic of China is a guarantee for wide coverage and unusual insights The problems treated range from the identification of long term fluctuations in developing and developed countries in both East and West to their relationship to important economic variables profit prices money supply Particular attention is focused on structural changes and the role of technological development in the light of the long term fluctuation concept It is interesting to follow the treatment of this issue by scientists with different orientations The role of financial and monetary variables is also analyzed by leading researchers in the field **New Firms and Regional Development in Europe** David Keeble,Egbert Wever,2016-07-15 When originally published in 1986 this book was one of the first to deal solely with the urban and regional incidence and development implications of new firm formation in particular EU countries It reviews the extent of and reasons for geographical variation in numbers of new firms examines the nature of such firms and assesses the regional impact and policy implications in various EC countries **Frontiers in Regional Development** Y. Gradus,Harvey Lithwick,1996 In fifteen insightful new essays noted scholars in geography economics and public policy provide a comparative examination of the problems and prospects for development in frontier areas Blending

theory with case studies the essays challenge the widely held notion that peripheral areas are marginal or backward

Regional Planning John Glasson,Tim Marshall,2007-11-21 This comprehensive introduction to the concepts and theory of regional planning in the UK Drawing on examples from throughout the UK is the essential up to date text for students

interested in all aspects of this increasingly influential subject **Handbook of Regional Innovation and Growth** Philip Cooke,Bjørn Asheim,Ron Boschma,Ron Martin,Dafna Schwartz,Franz T_dtlng,2011-01-01 Today economic growth is widely understood to be conditioned by productivity increases which are in turn profoundly affected by innovation This volume explores these key relationships between innovation and growth bringing together experts from both fields to compile a unique Handbook The Handbook considers innovation from fresh perspectives encompassing topics such as services innovation inward investment and innovation creative industry innovation and green innovation It is divided into seven sections dealing with regional innovation and growth theory dynamics evolution agglomeration innovation worlds innovation system institutions and innovation governance and policy This definitive compendium on regional innovation and growth will undoubtedly appeal to teachers students researchers and practitioners of innovation and growth dynamics worldwide

America's Johannesburg Bobby M. Wilson,2019-12-01 In some ways no American city symbolizes the black struggle for civil rights more than Birmingham Alabama During the 1950s and 1960s Birmingham gained national and international attention as a center of activity and unrest during the civil rights movement Racially motivated bombings of the houses of black families who moved into new neighborhoods or who were politically active during this era were so prevalent that Birmingham earned the nickname Bombingham In this critical analysis of why Birmingham became such a national flashpoint Bobby M Wilson argues that Alabama s path to industrialism differed significantly from that of states in the North and Midwest True to its antebellum roots no other industrial city in the United States depended as much on the exploitation of black labor so early in its urban development as Birmingham A persuasive exploration of the links between Alabama s slaveholding order and the subsequent industrialization of the state America s Johannesburg demonstrates that arguments based on classical economics fail to take into account the ways in which racial issues influenced the rise of industrial

capitalism **Long Waves Or Catastrophes in Regional Development** Peter Nijkamp,1982 **Kondratieff Waves, Warfare and World Security** Tesseleno C. Devezas,2006 Considerable progress has been made in understanding the underlying mechanisms driving the long wave behaviour of the world socioeconomic development A controversial mechanism discussed is the close relationship between K waves and the outbreak of major wars **The Handbook of Evolutionary**

Economic Geography Ron A. Boschma,Ron L. Martin,2010 This wide ranging handbook studies and defines the paradigm of evolutionary economic geography The distinguished contributors highlight the key conceptual theoretical and empirical advances and present a clear statement of their aims objectives and methods **Transportation, Knowledge and Space**

in Urban and Regional Economics Kakuya Matsushima,William P. Anderson,2018-04-27 This collection of 16 original

research chapters by international scholars addresses the complementary roles of transportation and knowledge and their spatial manifestations in modern urban and regional economies The authors provide research from North America Europe and Asia While the studies employ sophisticated methods and theory there is a strong element of practical applications and policy implications in each chapter as well This book will be of interest to communities of research and practice in urban and regional economics and planning regional science and economic geography transportation research planning and management and the knowledge economy *Encyclopedia of Political Economy: L-Z* Phillip Anthony O'Hara,1999 Based on developments in political economy since the 1960s this text is a compendium of the main principles concepts problems institutions schools and policies associated with political economy It is a comprehensive introduction to the field **Paths of Enterprise** James Curran,Robert A. Blackburn,2005-08-04 While small scale enterprise has expanded rapidly in recent years the way ahead looks uncertain Drawing together recent research and thinking on small business activities from several disciplines this book gives a comprehensive picture of the current situation and assesses the future It evaluates the impact of such diverse influences as technological innovation demogrpahic change changes in orgh environment women and entreprenuership and by analysing trends in employment levels banking policies and government schemes it explores ways to survive in an increasingly hostile environment **Regional Development in an Age of Structural Economic Change** Piet Rietveld,Daniel Shefer,2024-02-22 First published in 1999 this volume addresses various themes in regional development studies from the perspective of structural economic change Particular attention is paid to factors having long run implications for regional development such as innovation and knowledge production Innovation and research and development activities appear to take place at particular locations This has implications for long run spatial and sectoral developments Another factor is transport infrastructure its impact on efficiency and equity is surveyed Other themes covered relate to the role of tourism and adjustments in urban economies The books aims to offer a balance between modelling and non modelling approaches In addition to country specific contributions some are offered at the European level *OECD Regional Development Studies Regional Competitiveness and Skills* OECD,1997-12-12 Regional policies are increasingly focusing on human resources and their orientation towards market demand and improvement of partnerships This volume casts a new light on these issues providing a useful source of information and inspiration for regional actors and their national partners *Growth and Development in the Global Political Economy* Phillip O'Hara,2004-03 This intriguing book uses a social structures of accumulation approach to address the big questions in political economy and will be of interest to historians political economists and macroeconomists
