

# Roaring Tides

Another day to exist  
perched on the lip of consequence  
while caring is cast aside  
against the cast of rearing tides

the brave face is roundly worn  
this double entendre speaks aloud  
of fortitude that seems present  
tires of wishing so much less

with corners lost in response  
from erosion of the mind  
the sanity that seems steady  
demands a peace beyond the grave

perhaps the storm asks too much  
another turn from dark to dark  
the sleep outside repeated days  
is the time sadly faced.

*Long Yesterday and Other Poems* Nathan Comfort Starr, 1972-01-01      **Catalog of Copyright Entries. Third Series**  
Library of Congress. Copyright Office, 1975      **Pizarro. Clio's protest, with other poems. Longer poems. Fugitive verse. Prologues and epiloques. Miscellanea and apocrypha** Richard Brinsley Sheridan, 1928      **Some Longer Elizabethan Poems** Various Authors, 2020-09-28

As there is no need to adopt a strictly chronological order for the poems included in the present volume I have begun with the *Orchestra* and *Nosce Te ipsum* of Sir John Davies 1569 1626 who was undoubtedly one of the most brilliant figures of the Elizabethan Age Well born and gently bred educated at Winchester and at New College Oxford Davies was exceptionally fortunate in escaping the pecuniary cares that harassed so many Elizabethan men of letters From the Middle Temple he was called to the bar in 1595 at the age of twenty six In the previous year *Orchestra* had been entered in the Stationers Register but the poem was first published in 1596 From the dedicatory sonnet to Richard Martin we learn that it was written in fifteen days There are however no signs of haste in the writing and it may fairly be claimed that this poem in praise of dancing is a graceful monument of ingenious fancy Lucian composed a valuable and entertaining treatise on dancing and I suspect that gave Davies the idea of writing *Orchestra* With this compare Lucian as Englished by Jasper Mayne First then you plainly seem to me not to know that dancing is no new invention or of yesterday s or the other day s growth or born among our forefathers or their ancestors But they who most truly derive dancing say it sprung with the first beginning of the universe and had a birth equally as ancient as love It would be easy to multiply instances Of course Davies borrowings from Lucian do not for a moment detract from his poem s merit indeed they give an added zest In the 1596 edition *Orchestra* ends with a compliment to Queen Elizabeth and stanzas in praise of Spenser Daniel and others Davies had evidently intended to write a sequel for when *Orchestra* was republished in the collective edition of his poems 1622 it was described on the title page as not finished some new stanzas were added and it ended abruptly in the middle of a simile The poem is quite long enough as we have it in the 1596 edition and we need not lament that Davies failed to carry out his intention of continuing it To his youthful days belong the Epigrams which were bound up with Marlowe s translation of Ovid s *Amores* with a Middleburgh imprint occasionally indecorous they are seldom wanting in wit and pleasantry

**John Simon on Music** John Ivan Simon,2005-04 This provocative collection and major publishing event brings together the critical highlights of the well known New York cultural critic John Simon Covering a span of more than three decades it includes previously published work from New York The Hudson Review National Review Opera News The New Leader and other notable publications This music volume is the most varied and contains both music reviews and essays on opera and classical performances and recordings even Brazilian music with CD references that reflect Simon s most up to date views on the topic A SAMPLE Simon on Erik Satie The preferred word for Satie s music is *depouillement* meaning stripping down sobriety concision or bareness The artist does not have the right to dispose needlessly of the hearer s time Satie proclaimed But no one else s bareness save that of a Greek statue or Renaissance nude seems so fully sensuously self sufficient      **The Point Alma Venus Manuscripts** Robinson Jeffers,2022-01-18 The years 1921 to 1927 were the most productive of Robinson Jeffers s career During this period he wrote not only many of his most well known lyric poems but also Tamar The Tower Beyond Tragedy Roan Stallion and The Women at Point Sur the long poems that first established his reputation as a major American poet Including an introduction chronology and critical afterword the Point Alma Venus manuscripts presented here gather Jeffers s four unfinished but substantial preliminary attempts at what became The Women at Point Sur which Jeffers believed was the most inclusive and poetically the most intense of his narrative poems The Point Alma Venus fragments and versions shed important light on the composition and themes of The Women at Point Sur Further they likely predate other

key work from this crucial period making them a necessary context for those who wish to clarify Jeffers's poetic development and to reinterpret his practice of narrative poetry Ultimately they call on general and scholarly readers alike to reconsider Jeffers's place in the canon of modern American poetry     *The Nation* ,1896
