Longest Battle September 1944 To Februar:

The Longest Battle Harry Yeide, 2005 In the early afternoon of September 12 1944 an American patrol entered Nazi Germany southwest of the ancient city of Aachen Three months after the landing at Normandy the Allies were finally within reach of the enemy on his home turf Among the troops there was even talk of getting home for Christmas What followed though was one of the most grueling campaigns of the war the nearly six month long battle fully recounted for the first time in this powerful work Combining stirring narrative and meticulous historical detail *The Longest Battle* provides a complete and compelling account of what happened after the first breach of the Third Reich by Allied ground combat forces of the troops terrible struggle across the Siegfried Line Hitler's vaunted West Wall through the benighted Hurtgen Forest and across the Roer The strategic decisions and setbacks the incremental advances and catastrophic losses that marked this still controversial but critically important battle unfold in all their historical military and human significance in Harry Yeide's book finally filling a gap in our understanding of World War II

Storming the City Alec Wahlman, 2015-10-15 In an increasingly urbanized world urban terrain has become a greater factor in military operations Simultaneously advances in military technology have given military forces sharply increased capabilities The conflict comes from how urban terrain can negate or degrade many of those increased capabilities What happens when advanced weapons are used in a close range urban fight with an abundance of cover *Storming the City* explores these issues by analyzing the performance of the US Army and US Marine Corps in urban combat in four major urban battles of the mid twentieth century Aachen 1944 Manila 1945 Seoul 1950 and Hue 1968 Alec Wahlman assesses each battle using a similar framework of capability categories and separate chapters address urban warfare in American military thought In the four battles across a wide range of conditions American forces were ultimately successful in capturing each city because of two factors transferable competence and battlefield adaptation The preparations US forces made for warfare writ large proved generally applicable to urban warfare Battlefield adaptation a strong suit of American forces filled in where those overall preparations for combat needed fine tuning From World War Two to Vietnam however there was a gradual reduction in tactical performance in the four battles

The Ghosts of Hero Street Carlos Harrison, 2015-05-05 A wonderful American story of the extraordinary sacrifices made by a group of Mexican Americans A shining example of patriotism at its best Former U S Representative Tom Railsback They came from one street but death found them in many places in a distant jungle a frozen forest and trapped in the flaming wreckage of a bomber blown from the sky They all came from a single street in Silvis Illinois a dirt road barely a block and a half long with an unparalleled history The Mexican American families who lived on that one street sent fifty seven of their children to fight in World War II and Korea more than any other place that size anywhere in the country Eight of those children died It s a distinction recognized by the Department of Defense one that earned that strip a distinguished name Hero Street This is the story of those brave men and their families how they fought both in battle and to be accepted in a society that remained biased against them even after they returned home as heroes Based on interviews with relatives friends and soldiers who served alongside the men as well as personal letters and photographs The Ghosts of Hero Street is the compelling and inspiring account of a street of soldiers and men who would not be denied their dignity or their honor INCLUDES PHOTOS

Sabers through the Reich William Stuart Nance, 2017-05-08 In Sabers through the Reich William Stuart Nance provides the first comprehensive operational history of American corps cavalry in the European Theater of Operations ETO during World War II The corps cavalry had a substantive and direct impact on Allied success in almost every campaign and served as offensive guards for armies across Europe conducting reconnaissance economy of force and security missions as well as prisoner of war rescues From D Day and Operation Cobra to the Battle of the Bulge and the drive to the Rhine these groups had the mobility flexibility and firepower to move quickly across the battlefield enabling them to aid communications and intelligence gathering reducing the Clausewitzian friction of war

America's School for War Peter J. Schifferle, 2010-04-05 When the United States entered World War II it took more than industrial might to transform its tiny army smaller than even Portugal s into an overseas fighting force of more than eight and a half million Peter Schifferle contends that the determination of American army officers to be prepared for the next big war was an essential component in America s ultimate triumph over its adversaries Crucial to that preparation were the army schools at Fort Leavenworth Interwar Army officers haunted by the bloodshed of World War I s Meuse Argonne Offensive fully expected to return to Europe to conclude the unfinished business of that conflict and they prepared well Schifferle examines for the first time precisely how they accomplished this through a close and illuminating look at the students faculty curriculum and essential methods of instruction at Fort Leavenworth He describes how the interwar officer corps there translated the experiences of World War I into effective doctrine engaged in intellectual debate on professional

issues conducted experiments to determine the viability of new concepts and used military professional education courses to substitute for the experience of commanding properly organized and resourced units Schifferle highlights essential elements of war preparation that only the Fort Leavenworth education could provide including intensive instruction in general staff procedures hands on experience with the principles and techniques of combined arms and the handling of large division sized formations in combat This readied army officers for an emerging new era of global warfare and enabled them to develop the leadership decision making they would need to be successful on the battlefield But Schifferle offers more than a recitation of curriculum development through the skillful interweaving of personal stories about both school experiences and combat operations collectively recounting the human and professional development of the officer corps from 1918 to 1945 Well crafted and insightful Schifferle s meticulously researched study shows how and why the Fort Leavenworth experience was instrumental in producing that impressive contingent of military officers who led the U S Army to final victory in World War II By the end of the book the attentive reader will also fully comprehend why the military professionals at Fort Leavenworth have come to think of it as the Intellectual Center of the Army Infantry ,2008 **In The Company Of Heroes: The Memoirs of Captain Richard M. Blackburn Company A, 1st Battalion, 121st Infantry Regiment - WW II** Jerald W. Berry,2013 Never before in the history of the world had there been such cataclysmic destruction until World War II The entire face of the earth changed as millions died and entire cities were razed to rubble World War II was the harbinger of the Holocaust and the herald of the Atomic Age For Americans it was a time of intense patriotism and sacrifice in the cause of freedom throughout the world Follow an American infantryman as he goes to war in the European Theater of Operations Walk with him among the treacherous hedgerows of Normandy and through the bitter cold of winter in Germany See through his eyes the death destruction and depravation of a world gone mad From the beaches of Normandy to the gates of Nazi Germany read of heroic deeds and ultimate sacrifice The vivid accounts of 1Lt Richard Blackburn represent history in its purest form a firsthand story of how The Greatest Generation stepped up to save the world and the freedom we cherish as Americans I was no hero but I am honored to have served in the company of heroes those who gave the ultimate sacrifice and rest forever under white crosses in the far away places they helped to liberate Richard M Blackburn U S Army Ret
