Love and War John Eldredge, Stasi Eldredge, 2009-12-15 What the Eldredge bestsellers *Wild at Heart* did for men and *Captivating* did for women *LOVE WAR* will do for married couples everywhere John and Stasi Eldredge have contributed the quintessential works on Christian spirituality through the experience of men and the experience of women and now they turn their focus to the incredible dynamic between those two forces With refreshing openness that will grab readers from the first page the Eldredges candidly discuss their own marriage and the insights they've gained from the challenges they faced Each talks independently to the reader about what they've learned giving their guidance personal immediacy and a balance between the male and female perspectives that has been absent from all previous books on this topic They begin *LOVE WAR* with an obvious but necessary acknowledgement Marriage is fabulously hard They advise that the sooner we get the shame and confusion off our backs the sooner we'll find our way through *LOVE WAR* shows couples how to fight for their love and happiness calling men and women to step into the great adventure God has waiting for them together Walking alongside John and Stasi Eldredge every couple can discover how their individual journeys are growing into a story of meaning much greater than anything they could do or be on their own

astounding fever graph of the effects of twenty years of war in a brutally divided America When Phil Klay left the Marines a decade ago after serving as an officer in Iraq he found himself a part of the community of veterans who have no choice but to grapple with the meaning of their wartime experiences for themselves and for the country American identity has always been bound up in war from the revolutionary war of our founding to the civil war that ended slavery to the two world wars that launched America as a superpower What did the current wars say about who we are as a country and how should we respond as citizens Unlike in previous eras of war relatively few Americans have had to do any real grappling with the endless invisible conflicts of the post 9 11 world in fact increasingly few people are even aware they are still going on It is as if these wars are a dark star with a strong gravitational force that draws a relatively small number of soldiers and their families into its orbit while remaining inconspicuous to most other Americans In the meantime the consequences of American military action abroad may be out of sight and out of mind but they are very real indeed This chasm between the military and the civilian in American life and the moral blind spot it has created is one of the great themes of *Uncertain Ground* Phil Klay's powerful series of reckonings with some of our country's thorniest concerns written in essay form over the past ten years In the name of what do we ask young Americans to kill and to die In the name of what does this country hang together As we see at every turn in these pages those two questions have a great deal to do with each another and how we answer them will go a long way toward deciding where our troubled country goes from here **Tatler**, 1914 *Dust That Never Settles*

Amir Moosavi, 2025-06-10 Lasting from September 1980 to August 1988 the Iran Iraq War was the longest conventional war fought between two states in the twentieth century It marked a period that began just after a revolutionary government in Iran became an Islamic Republic and Saddam Hussein consolidated power in Iraq It ended with both wartime governments still in power borders unchanged yet hundreds of thousands of people dead Neither side emerged as a clear victor but both sides would eventually claim victory in some form *Dust That Never Settles* considers how Iraqi and Iranian writers have wrestled with representing the Iran Iraq War and its legacy from wartime to the present It demonstrates how writers from both countries have transformed once militarized officially sanctioned war literatures into literatures of mourning and eventually into vehicles of protest that presented powerful counternarratives to the official state narratives In writing the first comparative study of the literary output of this war Amir Moosavi presents a new paradigm for the study of modern Middle Eastern literatures He brings Persian and Arabic fiction into conversation with debates on the political importance of cultural production across the Middle East and North Africa and he puts an important new canon of works in conversation with comparative literary and cultural studies within the Global South **Imagining Home** Susan Elizabeth Farrell, 2017

War has often been seen as the domain of men and thus irrelevant to gender analysis and American writers have frequently examined war according to traditional gender expectations that boys become men by going to war and girls become women by building a home Yet the writers discussed in this book complicate these expectations since their female characters often

take part directly in war and especially since their male characters repeatedly imagine domestic spaces for themselves in the midst of war Chapters on Hemingway and the First World War Kurt Vonnegut and the Second World War and Tim O'Brien and the Vietnam War place these writers in their particular historical and cultural contexts while tracing similarities in their depiction of gender relationships imagined domestic spaces and the representability of trauma The book concludes by examining post 9/11 American literature probing what happens when the front lines actually come home to Americans While much has been written about Hemingway Vonnegut O'Brien and even 9/11 literature separately this study is the first to bring them together in order to examine views about war gender and domesticity over a hundred year period It argues that 9/11 literature follows a long tradition of American writing about war in which the domestic and public realms are inextricably intertwined and in which imagined domestic spaces can provide a window into representing wartime trauma an experience often thought to be unrepresentable or incomprehensible to those who were not actually there SUSAN FARRELL is Professor of English at the College of Charleston
