Economic History of Warfare and State Formation Jari Eloranta, Eric Golson, Andrei Markevich, Nikolaus Wolf, 2016-09-19 This edited volume represents the latest research on intersections of war state formation and political economy i.e. how conflicts have affected short and long run development of economies and the formation or destruction of states and their political economies The contributors come from different fields of social and

human sciences all featuring an interdisciplinary approach to the study of societal development. The types of big issues analyzed in this volume include the formation of European and non-European states in the early modern and modern period, the emergence of various forms of states and eventually modern democracies with extensive welfare states, the violent upheavals that influenced these processes, the persistence of dictatorships and non-democratic forms of government, and the arrival of total war and its consequences, especially in the context of twentieth-century world wars. One of the key themes is the dichotomy between democracies and dictatorships, namely what were the origins of their emergence and evolution, why did some revolutions succeed and others fail, and why did democracies on the whole emerge victorious in the twentieth century age of total wars. The contributions in this book are written with academic and non-academic audiences in mind and both will find the broad themes discussed in this volume intuitive and useful.

Twentieth Century British History William Simpson, 2005. Rev. ed. of *Working with sources* 1988.

Daily Lives of Civilians in Wartime Twentieth-Century Europe Nicholas Atkin, 2008-08-30. Expert contributors write on the experiences of civilians who lived through occupation and bloodshed in the First World War, the Russians who lived or died during the devastating civil war in 1917-1922 leading eventually to the terrors of Stalinism, the Spaniards of many factions who fought against each other in bloody civil wars, the ordinary people of France, Germany, Britain, Italy, and other countries who faced the hardship and horrors of the Second World War, and the ethnic and religious based fighting and atrocities often targeted at civilians in the former Yugoslavia from 1991 into the twenty-first century. Carefully selected sources for further research help users find additional information on civilian life during these events. Expert contributors write on the experiences of civilians in the many wars of twentieth-century Europe. Among the events discussed are the Europeans who lived through occupation and bloodshed in the First World War, the Russians who lived and died in the devastating civil war in 1917-1922 leading eventually to the terrors of Stalinism, the Spaniards of many factions who fought against each other in bloody civil wars, the ordinary people of France, Germany, Britain, Italy, and other countries who faced the hardship and horrors of the Second World War, and the ethnic and religious based fighting and atrocities often targeted at civilians in the former Yugoslavia from 1991 into the twenty-first century. Carefully selected sources for further research help users find additional information on civilian life during these events. Chapters including vivid accounts of civilians' roles and experiences through wars in twentieth-century Europe are supplemented by recommended print and online resources for further study, a glossary defining important terms and concepts, and a timeline putting events into a chronological context.

Russia's International Relations in the Twentieth Century Alastair Kocho-Williams, 2013-01-04. Russia has long been a major player in the international relations arena, but only by examining the whole century can Russian foreign policy be properly understood, and the key questions as to the impact of war, of revolution, of collapse, the emergence of the Cold War, and Russia's post-Soviet development be addressed. Surveying the whole of the twentieth century in an accessible and clear manner, *Russia's International Relations in the Twentieth Century*

provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy

Britishness since 1870 Paul Ward, 2004-04-15 What does it mean to be British It is now recognized that being British is not innate static or permanent but that national identities within Britain are constantly constructed and reconstructed Britishness since 1870 examines this definition and redefinition of the British national identity since the 1870s Paul Ward argues that British national identity is a resilient force and looks at how Britishness has adapted to changing circumstances Taking a thematic approach Britishness since 1870 examines the forces that have contributed to a sense of Britishness and considers how Britishness has been mediated by other identities such as class gender region ethnicity and the sense of belonging to England Scotland Wales and Ireland

20th Century Britain Nicole Robertson, John Singleton, Avram Taylor, 2022-12-30 20th Century Britain provides an authoritative and accessible survey of contemporary research on economic activity society political development and culture Written by leading academics it examines recent advances in scholarship and gives a grounding in established approaches and topics The first part comprises thematic essays covering the whole of the twentieth century including chapters on the economy economic management big business parliamentary politics leisure work health international economic relations and empire It uncovers key areas of equality and diversity in chapters on women living standards social mobility ethnicity and multiculturalism and gender and sexuality The most recent subfields of historical studies are also explored including disability history and environmental economic history The second part focuses on seismic events and topics covering shorter timeframes including the World Wars interwar Depression Britain and European integration sexual behaviours civil society the 1960s cultural revolution and resisting racism This collection provides an essential guide to current academic thinking on the most important elements of twentieth century British history and is a useful tool for all students and scholars interested in modern Britain

Renegotiating First World War Memory Ashley Garber, 2021-06-29 First World War based ex servicemen's organisations found themselves facing an existential crisis with the onset of the Second World War This book examines how

two such groups the British and American Legions adapted cognitively to the emergence of yet another world war and its veterans in the years 1938 through 1946 With collective identities and socio political programmes based in First World War memory both Legions renegotiated existing narratives of that war and the lessons they derived from those narratives as they responded to the unfolding Second World War in real time Using the previous war as a learning experience for the new one privileged certain understandings of that conflict over others inflecting its meaning for each Legion moving forward Breaking the Second World War down into its constituent events to trace the evolution of First World War memory through everyday invocations this unprecedented comparison of the British and American Legions illuminates the ways in which differing international national and organisational contexts intersected to shape this process as well as the common factors affecting it in both groups The book will appeal most to researchers of the ex service movement First World War memory and the cultural history of the Second World War
