Longman Anthology of Short Fiction Gioia, 1999-08-01 *Telling Stories*, 2021-11-15 The present volume is a highly comprehensive assessment of the postcolonial short story since the thirty six contributions cover most geographical areas concerned Another important feature is that it deals not only with exclusive practitioners of the genre Mansfield Munro but also with well known novelists Achebe Armah Atwood Carey Rushdie so that stimulating comparisons are suggested between shorter and longer works by the same authors In addition the volume is of interest for the study of aspects of orality dialect dance rhythms circularity and trickster figure for instance and of the more or less conflictual relationships between the individual character or implied author and the community Furthermore the marginalized status of women emerges as another major theme both as regards the past for white women settlers or the present for urbanized characters primarily in Africa and India The reader will also have the rare pleasure of discovering Janice Kulik Keefer's Fox her version of what she calls in her commentary displaced autobiography or creative non fiction Lastly an extensive bibliography on the postcolonial short story opens up further possibilities for research

Etherington, Jarad Zimble, 2018-11-22 The Cambridge Companion to World Literature introduces the significant ideas and practices of world literary studies. It provides a lucid and accessible account of the fundamental issues and concepts in world literature including the problems of imagining the totality of literature, comparing literary works across histories, cultures, and languages, and understanding how literary production is affected by forces such as imperialism and globalization. The essays demonstrate how detailed critical engagements with particular literary texts call forth differing conceptions of world literature and conversely how theories of world literature shape our practices of readings. Subjects covered include cosmopolitanism, transnationalism, internationalism, scale, and systems, sociological criticism, translation, scripts, and orality. This book also includes original analyses of genres and forms ranging from tragedy to the novel and graphic fiction, lyric poetry to the short story, and world cinema.

The History of British Women's Writing, 1880-1920 Holly A. An Introduction to Literature, Criticism and Theory Andrew Bennett, Nicholas Royle, 2014-07-10 Fresh, original, and compelling. An Introduction to Literature, Criticism and Theory is the essential guide to literary studies. Starting at the beginning and concluding with the end, the book covers topics that range from the familiar (character, narrative, the author) to the more unusual (secrets, pleasure, ghosts). Eschewing abstractisms, Bennett and Royle successfully illuminate complex ideas by engaging directly with literary works, so that a reading of Jane Eyre opens up ways of thinking about racial difference, whilst Chaucer, Raymond Chandler, and Monty Python are all invoked in a discussion of literary laughter. Each chapter ends with a narrative guide to further reading, and the book also includes a

glossary and bibliography The fourth edition has been revised to incorporate two timely new chapters on animals and the environment A breath of fresh air in a field that can often seem dry and dauntingly theoretical this book will open the reader's eyes to the exhilarating possibilities of both reading and studying literature
