Innovation and Continuity in English Studies Herbert Grabes,2001 What the contributors to this volume commemorating the 50th anniversary of IAUPE demonstrate is above all the remarkable broadening of the field of English studies over the past few decades New domains of enquiry have been added while the traditional ones are not only still there but have been reinvigorated by new research paradigms The result has been a marked increase in intra disciplinary competition that reflects broader shifts in cultural understanding Although quite a few of the contributions are concerned with precisely this latter dynamic others demonstrate that the detailed working out of more narrowly framed problem areas is crucial if English studies is to meet the challenges of the future

A Framework for Task-based Learning Jane Willis,2021-10-07 A complete guide to the methodology and practice of task based language teaching For those who wish to adopt a genuinely learner centred approach to their teaching Probably the definitive guide to task based language teaching

Applying Systemic Functional Linguistics Jonathan J. Webster,Xuanwei Peng,2017-01-26 Applying Systemic Functional Linguistics The State of the Art in China Today showcases new work from leading scholars in China as well as offering perspectives on this work from M A K Halliday and Jim Martin The range of topics covers graphology phonology lexis group and clause clause complex text typology semiotics multimodality stylistics translation and teaching Not only will this book introduce the latest research into language and multimodal discourse being undertaken by scholars in China today but also suggest the way forward in terms of where linguistics should be going if the aim is still to create the innovative producers of social semiotic theory description and practice the world rightfully expects from the intellectual superpower China is economically positioned to become Jim Martin This book is essential reading for scholars involved with systemic functional linguistics and interested in its shifting dynamics

Computer-mediated Lexicography in the Foreign Language Learning Context María Carmen Campoy Cubillo,Pilar Safont Jordà,2004 This volume discusses the latest developments in computerised dictionaries and how they may challenge and change current practices in language learning contexts It contains contributions of authors from different countries thus providing an international perspective on the topics tackled throughout the book
