Longman Essential Psychology:

Longman Essential Psychology ,19?? *Longman Essential Psychology Series* Andrew M. Colman,1995-08-01 The Longman Essential Psychology series comprises twelve concise and inexpensive paperback volumes covering all of the major topics studied in undergraduate psychology degree courses Included in the series are Psychological Research Methods And Statistics Sensation And Perception Cognitive Psychology Learning And Skills Emotion And Motivation Abnormal Psychology Biological Aspects Of Behaviour Individual Differences And Personality Developmental Psychology Social Psychology Controversies In Psychology and Applications Of Psychology *Personality* Jo Brunas-Wagstaff,1998 Are individual differences best explained in terms of nature biology genetics or nurture upbringing Do we have free will Is personality a result of differences in cognition or differences in temperament Personality A Cognitive Approach touches on a number of controversies in academic psychology and provides a broad and integrated view of individual differences psychology in a concise yet academically rigorous overview of relevant theories and research **A Dictionary of Psychology** Andrew M. Colman,2015 An authoritative and accessible reference guide to psychology Includes over 11 000 clear and concise definitions of a wide range of terms and concepts in psychology psychiatry and psychoanalysis Ideal for students and professional psychologists as well as the general reader **Analysing Witness Testimony** Anthony Heaton-Armstrong,Eric Shepherd,David Wolchover,1999 The consideration of witness testimony had traditionally been a task left to fact finders with scant guidance from legal professionals As a result various practices have developed during the investigative and trial process which can obscure or even eradicate critical material Miscarriages of justice will continue to occur so long as those working within the justice system continue to accept witnesses and their testimony at face value This book aims to make practitioners as well as the fact finders and those who guide them aware of a wide range of perspectives on witness testimony Each contributor identifies bad practice and puts forward ideas for improvement or removal of previously acceptable investigative and forensic methods *Psychology in Society* ,1997 Foundations of Orientation and Mobility, 3rd Edition William R. Wiener,2010 Foundations of Orientation and Mobility the classic professional reference and textbook has been completely revised and expanded to two volumes by the most knowledgeable experts in the field The new third edition includes both the latest research in O teaching O the use of technology based travel systems and travel in complex environments No O M student or professional can afford to be without this essential resource **American Book Publishing Record** ,2003 **Essentials of Educational Statistics** , **The Essential Vygotsky** Robert W. Rieber,David K. Robinson,2013-03-20 Seventy years after his death the visionary work of Lev Semenovich Vygotsky 1896 1934 continues to have a profound impact on psychology sociology education and other varied disciplines The Essential Vygotsky selects the most significant writings from all phases of his work and material from all six volumes of his Collected Works so that readers can introduce themselves to the pioneering concepts developed by this influential Russian therapist scholar and cultural

theorist including The cultural historical approach The role of language in creating the mind The development of memory and perception Defectology abnormal psychology learning disabilities special education The Zone of Proximal Development Each section features an insightful introduction exploring relevant aspects of Vygotsky's life and illuminating the revolutionary historical context in which these writings were conceived Together they reflect the studies he was conducting at the time of his death and the pathbreaking clinical observations that made his reputation For years these papers were available mainly in hastily translated underground editions now The Essential Vygotsky distills them into their most accessible form Readers will be impressed and inspired by his insights his optimism his prescience and his humanity These papers are particularly relevant for students of developmental psychology language special education and the history of these fields *Psychology. Sielkunde*, 1997 *Bibliographic Guide to Psychology* New York Public Library. Research Libraries, 1995 **Forthcoming Books** Rose Arny, 1999-08 **Psychology: The Science of Mind and Behaviour 6th Edition** Richard Gross, 2012-03-30

500 000 students later Gross continues to set the standard for Psychology textbooks This thoroughly updated edition is colourful engaging and packed with features that help students to understand and evaluate classic and contemporary Psychology Gross is the bible for students of Psychology and anyone in related fields such as Counselling Nursing and Social Work who needs a reliable catch all text All the major domains of Psychology are covered in detail across 50 manageable chapters that will help you get to grips with anything from the nervous system to memory from attachment to personality and everything in between A final section on issues and debates allows students to cast a critical eye on the research process to explore the nature of Psychology as an evolving science and understand some of the ethical issues faced by Psychologists Brings contemporary Psychology alive with brand new double page features which showcase contributions from Psychology's leading figures Packed with features Introductions and Summaries Ask Yourself Questions Key Studies Critical and Cross Cultural material Improved coverage throughout of work from neuroscience neuropsychology and evolutionary psychology Covers everything you need to know in the depth in which you need to know it Explicitly links different areas of Psychology to help more able students get better grades New for this edition Gross is supported by an extensive and interactive Dynamic Learning resource package Just as Gross the book does everything this comprehensive online resources package will help students to learn and course leaders to deliver that learning A free Dynamic Learning resources website supports students in revision essay writing and matching the book content to their course A separately available set of multimedia rich online resources can be tailored to the varied needs of course leaders **Essentials of WAIS-IV Assessment** Elizabeth O. Lichtenberger, Alan S. Kaufman, 2009-07-31 **Essentials of WAIS IV Assessment** Complete coverage of administration scoring interpretation and reporting Expert advice on avoiding common pitfalls Conveniently formatted for rapid reference Quickly acquire the knowledge and skills you need to confidently administer score and interpret the WAIS IV Coauthored by Alan Kaufman who was mentored by David Wechsler the creator of the Wechsler scales **Essentials of WAIS IV Assessment**

provides beginning and seasoned clinicians with comprehensive step by step guidelines to administering scoring and interpreting this latest revision of the Wechsler Adult Intelligence Scale Like all the volumes in the Essentials of Psychological Assessment series this book is designed to help busy mental health practitioners quickly acquire the basic knowledge and skills they need to make optimal use of a major psychological assessment instrument Each concise chapter features numerous callout boxes highlighting key concepts bulleted points and extensive illustrative material as well as test questions that help you gauge and reinforce your grasp of the information covered Offering a clinically rich and innovative theory based interpretive system as well as a neuro psychologically based interpretive approach articulated in detail by Dr George McCloskey in an invited chapter this book offers state of the art interpretation of the most popular intelligence test for adults In addition the book is packaged with an accompanying CD ROM containing scoring tables case report material worksheets and a user friendly software program that fully automates the interpretive system making Essentials of WAIS IV Assessment the best and most authoritative resource of information on this test Note CD ROM DVD and other supplementary materials are not included as part of eBook file **A Student's Guide to Studying Psychology** Thomas M.

Heffernan,2005-03-01 Now in its third edition this very popular guide to studying psychology remains an invaluable tool for students at both undergraduate and pre degree level along with those deciding whether to take psychology as an academic subject Providing insights into the most critical aspects of studying psychology A Student s Guide to Studying Psychology is distinguished from other texts by its easy to follow format and practical nature Topics covered include perspectives within psychology making the most of seminars tutorials and lectures how to write essays and empirical reports guidelines on exam preparation and technique information on careers in psychology and tips for applying for jobs including how to write your own curriculum vitae For this fully updated third edition new advice is included on web based research and referencing Subject coverage is expanded to include contemporary research trends in cognitive neuroscience evolutionary psychology and positive psychology In addition new material investigates postgraduate specialisms including neuropsychology psychotherapy and sport psychology *Essentials of Behavioral and Social Science Statistics* K. Paul Nesselroade, Jr.,Laurence G. Grimm,2024-10-22 Comprehensive resource on applying statistical analyses to behavioral and social science research situations with new examples methods and support for computing in Excel and SPSS The Third Edition of Essentials of Behavioral and Social Science Statistics prompts the student to develop a deep understanding of the psychometric principles involved in the research process as well as a mastery of the particular functionality of the most common statistical tools and an ability to properly select and use them in the real world this goal is achieved thanks to the organization of the text the philosophical content interspersed within it the depth of the exercises and work problems and the supporting materials provided for the instructor and student The Third Edition has been thoroughly edited and streamlined to allow for students to move efficiently through the conceptual and mathematical fundamentals and on to the payoff formulas and

descriptions of applications New content includes philosophical issues associated with psychometrics and inferential statistical testing interpretation measurement and the replication crisis in the social sciences End of chapter exercises and work problems have been strengthened and reorganized to further improve comprehension and performance Section reviews that draw on concepts from all preceding chapters are included to help students develop skills of statistical tool selection and application Support for instructors includes chapter based learning objectives test banks and PowerPoints

Essentials of Behavioral and Social Science Statistics includes information on Basic concepts in research covering the scientific method types of variables controlling extraneous variables validity issues and causality and correlation Descriptive statistics including scales of measurement measures of central tendency and variability transformations and standardized scores The fundamentals of inferential statistics including probability theory sampling distributions the central limit theorem and the terminology of hypothesis testing The logic and application of basic inferential tests including single sample tests independent and dependent samples t tests and the basics of power analysis The logic and application of three common ANOVA analyses one way two way and repeated measures The logic and application of basic bivariate data analysis tools linear correlation and linear regression The logic and application of chi square analyses both goodness of fit and tests for independence Written to facilitate concept mastery and enable practical application of concepts **Essentials of Behavioral and Social Science Statistics** offers a survey of basic descriptive and inferential statistical tools and concepts and is highly suitable to support a rigorous undergraduate behavioral science or social science statistics course

Essentials of Human Behavior Elizabeth D. Hutchison, 2016-08-11 **Essentials of Human Behavior** combines Elizabeth D Hutchison s two volume **Dimensions of Human Behavior** to present a multidimensional framework for understanding human behavior Integrating person environment and the life course this best selling text leverages its hallmark case studies and balanced breadth and depth of coverage to help readers apply theory and general social work knowledge to unique practice situations Now in four color and available with an interactive eBook the Second Edition features a streamlined organization the latest research and original SAGE video to provide the most engaging introduction available to human behavior

The Essentials of Instructional Design Abbie H. Brown, Timothy D. Green, 2024-02-29 **The Essentials of Instructional Design** Fifth Edition introduces the fundamental elements of instructional design ID to students who are new to ID The key procedures within the ID process learner analysis task analysis needs analysis developing goals and objectives organizing instruction developing instructional activities assessing learner achievement and evaluating the success of the ID are comprehensively covered and enriched with descriptions and examples of how these procedures are accomplished using the best known models This revised fifth edition features firsthand testimonials from ID professionals new content on accessibility innovation virtual environments digital video feedback and rubrics thoroughly updated references and definitions and more Unlike most other ID books **The Essentials of Instructional Design** provides an overview of the principles and practice of ID without placing

emphasis on any one model Perspectives from a variety of contexts and sectors exemplify how professional organizations put the numerous ID processes into effective practice Offering a variety of possible approaches for each step in the ID process and clearly explaining the strengths and challenges associated with each the book will prepare students with the information they need to make informed decisions as they design and develop instruction The Assistant Principal L. David Weller, Sylvia J. Weller, 2002 A unique guidebook training tool and reference work for new and experienced administrators The role of the assistant principal is one of the least researched and least discussed topics in educational leadership but the importance of the position in the day to day operation of the school site is growing every day This first of its kind work addresses the multiple needs of students instructors and practitioners alike helping new and experienced assistant principals develop the skills they need to move up the leadership ladder A specially designed questionnaire was administered to 100 assistant principals to assess their needs and knowledge The Assistant Principal unlike any other book of its kind is the result of those field based research findings Educators and administrators L David Weller and Sylvia J Weller have created a practical and useful work that can help on a variety of levels As a comprehensive examination of the role The Assistant Principal provides a fresh and valuable exploration of this increasingly important administrative position identifying its strengths and potential weaknesses through real life research based data and the first hand experience of 100 administrators As a professional development program this book will be invaluable to teachers preparing for the role of assistant principal and assistant principals preparing for the principalship or related positions Theory and field based research are combined into one volume complete with case studies exercises and examples As a reference guide for practicing assistant principals Weller and Weller give readers a wealth of best leadership practices and practical examples that work provided by practitioners in the field as well as samples of surveys evaluation instruments and more Designed for immediate application and easy use Weller and Weller address all the major issues that assistant principals face every day offering strategies tactics and exercises for improvement including Leadership knowledge and skills The transition from manager to leader Informal leaders and groups in the schools developing a power base Public relations and community power agents successful networking Effective communication and listening skills Leadership for instructional improvement Effective leadership through effective staff development As a reference guide a training tool and an examination of the profession this all in one volume is essential for every administrator

Longman Essential Psychology Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Longman Essential Psychology**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
