Among the topics addressed are the long term continuation of the Council of Basel 1431-1449 and the issues of ecclesiastical income which it addressed. The second part is concerned with Cusanus thought on the Church both in his conciliarist and papalist phases. Included is the first translation into English of Nicholas Reformatio generalis. Attention also is paid to Cusanus reforming efforts and the relationship of his thought on these issues to his earliest speculative writings. The third part is concerned with Nicholas ideas on Christ and mystical experience. Particular attention is paid to the De visione dei including its relationship to Renaissance art. The volume concludes with wide ranging essays on the larger significance of Cusanus speculative thought. An update of Thomas M. Izbicki's bibliography of Cusanus scholarship in English is included.
