Two Worlds Berlinda Ivin, 2010-03-18 There aren't

too many humans who go through their daily lives aware that there are two worlds here the human existence and the Demons Demon are everywhere some even live amongst humans There are only two species that are made Vampire and Lamiahaem the others Jorgenhan Changelings Sirens Casanovas Witches and Warlocks are born or hatched and they have normal life cycles Magic plays a big part in our world there are many humans who find that they can make things happen without being able to explain these happenings the ones that are strong are generally found and recruited into our world by the Guard We had visited with many of these Witches and Warlocks One family in particular always stood out the Howard family Their magic was powerful nothing had ever measured up to them in all of my years The matriarch of the family decided not to join us she stayed in the human world Her granddaughters though we would watch from a distance The Guard are soldiers for the Elders There are seven Elders in each sector and there are three sectors that keep the world covered The reason there are seven is to ensure that all main Demons are represented It is very rare that they ever get together it has only happened once in my lifetime and that was in the very beginning when they first came to be The Elders are our law they are the ones who stop all unnecessary murders slaughter being done to humans by our kind They keep harmony There is only one punishment imprisonment followed by death In our sector the lead Elder is my maker my father Elder Thomas Carter he is a Lamiahaem Lamiahaem are very passionate Demons if we were not part of the Guard we would be living peacefully in our large family groups Our species are not naturally aggressive we have had to learn to adapt to a violent world We are made and we make our partners these are always humans that have magical gifts When we meet that partner it is for life this is natural for us It is hard to explain the magnetic pull that you have when you first meet your mate this love is also experienced by the human There is only one mate for you if that is denied you will recover and eventually meet another but it can take some time I have been Lamiahaem since 1554 my name is Simon My father Thomas Carter lost his mate in a fight with vampire before he made me He still cannot explain why he felt the need to change me only to say that he noticed my gift of being able to feel illness and injuries and to know how to heal Father believed that I would be useful to his world We were in Newcastle in 1635 I was with the Guard There were Renegade Vampire feeding off humans that had the plague it appeared their affected blood was something like a drug to them Even though these humans were going to die we were still there to stop them from being slaughtered That was when I seen the woman who would later become my wife Julie she had shoulder length light brown hair and sad brown eyes the feelings I had were instant Her eyes haunted me every second from the moment I seen her It wasnt just sexual desire it was a desire to look after her to be there for her to never leave her There were obstacles that I had to overcome but in 1637 I made her my wife After she was changed we discovered that Julie could sense feelings My life now had purpose she was everything and she felt the same for me Together we worked at healing both Demons and Humans Normally that is where it would stop we change our mate but Julie and I were different In 1665 the plague had hit London The Vampire returned and so did the Guard Julie had noticed a young man who was angry lonely and

deeply upset with himself His family became ill with the plague Julie and I nursed them until their eventual deaths The young man Jonathon became more emotional and was on a path of self destruction he had an ability that he

The Making of Us is a literary gem that will remind readers of the miracles that happen when we bring life into the world and share our lives with those we love Your John Radclyffe Hall,1997 This book represents the first publication of original writing by Radclyffe Hall author of The Well of Loneliness in over fifty years Deciphered and edited by Hall scholar and biographer Joanne Glasgow Your John is a selection of Hall s love letters to Evguenia Souline a White Russian emigre with whom Hall fell completely and passionately in love in the summer of 1934 Written between this first meeting and the onset of Hall s last illness in 1942 these letters detail Hall s growing obsession the pain to her life partner Una Troubridge of this betrayal and the poignant hopelessness of a happy resolution for any of the three women It was ultimately this relationship Glasgow argues that tragically precipitated the decline in Hall s creative work and in her health The letters also provide important new information about her views on lesbianism and take us well beyond the artistic limits she imposed on the characters in The Well They shed light on her thinking about religion politics war and the literary and artistic scene

The Something Girl Jodi Taylor, 2019-01-01

Life on Frogmorton Farm is never peaceful for long. Discover book two in the magical Frogmorton Farm series from Jodi Taylor, author of the internationally bestselling *Chronicles of St Mary's*. Life is good at Frogmorton Farm. Yes, Jenny and Russell are still broke. Yes, the roof still leaks. And yes, the Checklands are about to become the long-suffering owners of a battalion of trouble-seeking Patagonian Attack Chickens. But life is still quite wonderful for someone who used to be called the Nothing Girl. Jenny Checkland knows better than to count her chickens, though even the Patagonian ones. Particularly because an all too familiar face from the past seems to be popping up wherever she goes. She would swear it was her sinister cousin Christopher, last seen being enthusiastically hurled out of the back door by her wayward husband. But he couldn't possibly be stupid enough to come back and try again, could he? Readers fell in love with *THE NOTHING GIRL*. I picked it up and couldn't put it down. The characters are a strange case of misfits, but they all just seem right for their parts in the story. It will make you laugh. It will make you cry. It will make you think. Thomas is wonderful, and he feels so real. I adored him. A fabulous escapist read.

Circus of Friends Alan Keith, 2012-01-27

The novel begins on 20 December 2007, the twenty-first birthday of musician, illusionist, escapologist, and entertainer Andrew Miller, showbiz name Captain Romano. It starts in Regent's Park, half way through a show, when Captain Romano is in his dressing room, having a rest after the first half of the circus and thinking about seeing his girlfriend and fiancée Jennifer Keating for a drink later after the show. When he is preparing to go into his dressing room for a private rest, he is interrupted by a young Mexican man who, when Andrew allows him in to talk, gives his name as Carlos Meza Lopez. He tells Andrew he is a rich and powerful leader of a Mexican drug cartel called Juarez and regards him as a future member. He tells Andrew he will be well paid and also will be allowed to become a part of the cartel and its authoritative body, which is made up not only of Carlos but also his six brothers. As he comes from a poor family and has always been poorly paid by his employer Edward Smyth Show Biz, name Lord Beauchamp, the thought of being well paid

and having a powerful position in society he finds very tempting He knows however being involved in the operations of a drug cartel working as a go between and trafficker he knows may well cause trouble between himself and all his circus friends and in public where he is regarded as a great young popular performer but most of all he thinks just how much being involved in drugs and Mexican drug wars will devastate Jennifer who has often said how she opposes drugs and the people who traffic them The circus concludes with Andrew having agreed to leave London the following day and fly with Carlos who has only been staying in London for three days to see his son who lives in the city with his uncle When Andrew is flown to the mansion which belongs to Carlos he is introduced to the family but is welcomed by the Lopez brothers in a hostile manner This story is based on a true story which happened to a circus boy with a travelling circus in Atlanta in 2004 In the true story the boy escaped from the cartel leader however I changed the story slightly to fit the characters I have created

What We Have Lost Robert Lee, When the hen lays her eggs the shells are soft and pliable forming their durable armour as they experience the outside world Each of us enters the world with similarly flawed and weak shells Our shells are not broken and cracked by life but are formed of the fragments that we encounter piece by piece growing more complete with each experience What We Have Lost is a series of disconnected but closely related anecdotes in the lives of a family shaped by extreme poverty These individual narratives chronicle the slow sculpting of the characters as they fuse with their world enveloped in mental illness Molded by their mother's paranoia social isolation and obsessive drive to instill the hunger for learning and sense of duty to others the four siblings evolve in unique and often pathological ways Not knowing or understanding the bonds of familial love Garry Judy Rob and Roger need to discover their own path to personal peace None may make it What We Have Lost exposes the cruelty of poverty It opens up the heart of that world in surprising and convoluted ways The pathos is clear the hidden pleasures need unearthing What We Have Lost is a collection of anecdotes but as you read you will find that they are far from disconnected after all

Just a Bit Touched Roy Holland, 2000-12 The title for this volume was suggested by a remark of the narrator in the opening paragraph of the first story The Arcadian They're just a bit touched bonkers like While the characters might appear a bit touched each tale is touched by its own perspective since each reflects the point of view of its unique narrator So often the England of the Thirties or Forties is seen through the eyes of a child so that Dickens like the foibles and characteristics of the adult world appear larger than life These early stories are interesting too for the historical perspective they give us of an Andy Capp industrial society long since gone There are other stories written from the perspective of the Fifties the two stories dealing with motor cars The Efelant and Egging on add a more amusing perspective of a time when petrol was dear and neighbours more than a bit touched by curiosity The stories written in Africa with its latent social change Victims for instance add a more violent perspective though hilarity is introduced by the expatriot in It

Was A Very Sad Case who seems more than a bit touched by his paranoia The author has written a quartette of stories the other three titles of the quartette being News from Parched Mountain Tales from the Karoo in the new South Africa Flakes of Dark and Light Tales From Southern Africa and Elsewhere and Pivot of Violence Tales from the new South Africa All make a very vivid and lasting impression
