Moss, 2024-01-05 Volume 7 of the Posen Library captures unprecedented transformations of Jewish culture amid mass migration global capitalism nationalism revolution and the birth of the secular self Between 1880 and 1918 traditions and regimes collapsed around the world migration and imperialism remade the lives of millions nationalism and secularization transformed selves and collectives utopias beckoned and new kinds of social conflict threatened as never before Few communities experienced the pressures and possibilities of the era more profoundly than the world's Jews This volume seventh in The Posen Library of Jewish Culture and Civilization recaptures the vibrant Jewish cultural creativity political striving social experimentation and fractious religious and secular thought that burst forth in the face of these challenges Editors Israel Bartal and Kenneth B. Moss capture the full range of Jewish expression in a centrifugal age from mystical visions to unabashedly antitraditional Jewish political thought from cookbooks to literary criticism from modernist poetry to vaudeville They also highlight the most remarkable dimension of the 1880-1918 era an audacious effort by newly secular Jews to replace Judaism itself with a new kind of Jewish culture centering on this worldly aesthetic creativity by a posited Jewish nation and the secular modern and free individuals who composed it This volume is an essential starting point for anyone who wishes to understand the divided Jewish present **Bridal Guide (R) Magazine's How to Plan the Perfect**
