Looking Back Russell Baker, 2004-02-29 Pulitzer Prize winning author of *Growing Up* and host of *Masterpiece Theatre* Russell Baker has long been a keen observer of American politics and culture In these essays originally published in the *New York Review of Books* Baker profiles a gallery of heroes and rascals who have stirred the American imagination His subjects include the tragic gulf between the life and myth of Joe DiMaggio the epic feud between Lyndon Johnson and Robert F Kennedy Barry Goldwater s mercurial yet inspiring role in the rise of the American conservative movement and more

Medical care for the armed forces Great Britain: Parliament: House of Commons: Defence Committee, 2008-02-18 The Committee investigated the provision of healthcare for the armed forces and examined six key areas The first was the treatment of personnel seriously wounded on operations and the procedures for caring for them from the point of wounding

to evacuation to and treatment in the United Kingdom The second area was the rehabilitation work for those with serious musculo skeletal or neurological injuries The third was the relationship between the Ministry of Defence and the National Health Service in terms of delivering healthcare The fourth area examined was the care for veterans and service families The fifth issue was mental healthcare both for service personnel and for veterans Finally the report examines the role of reserve personnel in the Defence Medical Services Clinical care provided by the Defence Medical Services DMS in conjunction with the NHS for personnel injured on operations is world class Rehabilitation work is also found to be exceptional Services to the armed forces are delivered by the DMS NHS charities and welfare organisations and this helps link the community with service personnel The Committee would like a wider debate on which services are most appropriately provided by each sector The Ministry of Defence s decision to base its secondary care around units embedded in NHS Trust is supported but there is scope for more sharing of best practice between the DMS and the NHS With veterans the Committee is not sure adequate procedures are in place to identify veterans and to ensure priority access to services Mental health is a vital responsibility for DMS but a robust tracking system for veterans is needed The reserve forces contribution to the delivery of military healthcare is praised but there is a danger of being overstretched

The White House Looks South William E. Leuchtenburg,2005-10 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and

political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers
