In Search of the Cradle of Civilization Georg Feuerstein, Subhash Kak, David Frawley, 2005-01-01 The book shows that the ancient Indians were no primitives but possessed a high spiritual culture which not only influenced the evolution of the Western world in decisive ways but which still has much to teach us today India s archaic spirituality is codified in the rich symbols metaphors and myths of the magnificent Rig Veda which is shown to be much older than has been widely assumed by scholars The present book also unravels the astonishing mathematical and astronomical code hidden in the Vedic hymns Anyone interested in ancient cultural history India archaeo astronomy or spirituality will find this well researched and cross cultural work spellbinding and enriching **Kuwait: Prospect and Reality** H.V.F. Winstone, Zahra Freeth, 2017-08-18 For many the story of this small Arabian state begins and ends with the wealth that has accrued from its vast oil deposits But the real fascination of Kuwait lies in its geological and archaeological history in its long struggle for survival among powerful neighbours in its ambitious plans for industrial and economic development This book first published in 1972 shows the effects of the new material wealth opened up by oil in relation to the country s remote past and its Islamic background
