Looking Into Houses:

Open Houses Barbara Leckie, 2018-07-06 Barbara Leckie's *Open Houses* addresses nineteenth century documentary and print culture dedicated to convincing the reader of the wretchedness of housing of the poor and its urgent need for reform. It illustrates the ways in which looking into these houses animated new models for social critique in tandem with new forms for the novel.

Historic House Museums in the United States and the United Kingdom Linda Young, 2016-12-13 *Historic House Museums in the United States and the United Kingdom: A History* addresses the phenomenon of historic houses as a distinct species of museum. Everyone understands the special nature of an art museum, a national museum, or a science museum, but house museum nearly always requires clarification. In the United States, the term is almost synonymous with historic preservation; in the United Kingdom, it is simply unfamiliar, the very idea being conflated with stately homes and the National Trust. By analyzing the motivation of the founders and subsequent keepers of house museums, Linda Young identifies a typology that casts light on what house museums were intended to represent and their significance or lack thereof today. This book examines heroes' houses once inhabited by great persons (e.g., Shakespeare's birthplace, Washington's Mount Vernon), artwork houses, national identity as specially visible in house design style and technique (e.g., Frank Lloyd Wright houses), Modernist houses, collectors' houses, a microcosm of collecting in situ domesticity subsequently presented to the nation as the exemplars of taste (e.g., Sir John Soane's Museum, Isabella Stewart Gardner Museum), English country houses, the palaces of the aristocracy maintained thanks to primogeniture but threatened with redundancy and rescued as museums to be touted as the peak of English national culture, English country houses, the palaces of the aristocracy maintained for centuries thanks to primogeniture but threatened by redundancy and strangely rescued as museums now touted as the peak of English national culture, Everyman's social history houses, the modern domestic response to elite houses presented as social history but tinged with generic ancestor veneration (e.g., tenement house museums in Glasgow and New York).

The White House Looks South William Edward Leuchtenburg, 2005 At a time when race, class, and gender dominate historical writing, Leuchtenburg argues that place is no less significant. In a period when America is said to be homogenized, he shows that sectional distinctions persist. And in an era when political history is devalued, he demonstrates that government can profoundly affect people's lives and that presidents can be change makers. Jacket

That's My House Christie Amoyo,2022-04-30 For so long I thought God didn t care about my family s finances Boy was I wrong As I read the Bible about His provision for us there came a shift in my head and then in my heart I realized that He is our true provider God has no limits and we need to believe in His provision for us in every area of our lives No dream or vision is too big for Him and you ll never find out what He actually wants you to do with your finances until you ask Him Then you will be amazed at how He uses it to answer your prayers and the prayers of others We have to start somewhere It takes many little steps for us to see the fullness of what He wants for us Your finances can be a turning point in your relationship with God As you physically take steps to trust Him you will see a physical manifestation of the harvest of blessings in your life
