County Libraries Section,1962 **Mathematics & Science in the Real World** ,2000 The Agrarian History of England and Wales Edward John T. Collins,Joan Thirsk,2000 The unifying theme of this volume is the changing role of the countryside in national life and the impact upon it of the social and economic forces unleashed by industrialisation and the growth of towns **Tourists, Signs and the City** Michelle M. Metro-Roland,2016-02-24 Drawing upon the literature of landscape geography tourism studies cultural studies visual studies and philosophy this book offers a multi disciplinary approach to understanding the interaction between urban environments and tourists This is a necessary prerequisite for cities as they make themselves into enticing destinations and compete for tourists attention It argues that tourists make sense of and draw meaningful conclusions about the places in which they tour based upon the interpretation of the signs or elements encountered within the built environment elements such as graffiti and lamp posts The writings of the American pragmatist Charles S Peirce on interpretation provide the theoretical model for explaining the way in which mind and world or thoughts and objects result in tourists interacting with place This theoretical framework elucidates three applied studies undertaken with foreign visitors to the Hungarian capital of Budapest Based upon extensive ethnographic field work these studies focus on tourists interpretation of the urban landscape with particular attention paid to the encounters with national culture the role of architecture and the importance of the prosaic in urban tourism *New York School Journal* ,1901 **The School**

Journal ,1901 *Encountering Ideas of Place in Education* Emma Rawlings Smith,Susan Pike,2023-12-01 This book draws together theories research and practice on knowledges and pedagogies of place across educational settings Using empirical research on learning across education systems each chapter highlights different concepts of place in various contexts such as environments understandings of place like those experienced by communities and opportunities for embedding place in learning Chapters are co constructed by authors working collaboratively across different contexts tackling key themes such as justice mobilities changes and sustainability through place The book indicates how educators can apply creative approaches to teaching within through and about place in education and will therefore be of relevance to a wider range of academics teachers and practitioners working in early years settings schools universities and other educational context

Ordinary Matters Lorraine Sim,2016-10-20 Shortlisted for the 2017 AUHE Prize for Literary Scholarship Ordinary Matters is the first major interdisciplinary study of the ordinary in modernist women s literature and photography It examines how women photographers and writers including Helen Levitt Lee Miller Virginia Woolf and Dorothy Richardson envision the sphere of ordinary life in light of the social and cultural transformations of the period that shaped and often radically re shaped it for example urbanism instrumentalism the Great Depression and war Through a series of case studies that explore such topics as the street domestic things gesture and the face Sim contends that the paradigmatic shifts that define early twentieth century modernity not only inform modernist women s aesthetics of the everyday but their artistic and ethical investments in that sphere The everyday has been noted as a keynote of the New Modernist Studies Todd Avery Ordinary Matters comprises a vital contribution to recent scholarship on the topic and will be of value to scholars working in British and American modernism multimedia modernisms photography twentieth century literature and critical and cultural histories of the everyday
