Looking At Religion Muslim:

Unveiling Islam Ergun Mehmet Caner, Emir Fethi Caner, Two former Sunni Muslims now Christian theology professors explain the beliefs customs ethics and practices of Islam *A Fresh Look at Islam in a Multi-Faith World* Matthew Wilkinson, 2014-10-30 WINNER Cheryl Frank Memorial Prize International Association of Critical Realism A Fresh Look at Islam in a Multi Faith World provides a comprehensively theorised and practical approach to thinking systematically and deeply about Islam and Muslims in a multi faith world It makes the case for a contemporary educational philosophy to help young Muslims surmount the challenges of post modernity and to transcend the hiatuses and obstacles that they face in their interaction and relationships with non Muslims and visa versa It argues that the philosophy of critical realism in its original dialectical and metaReal moments so fittingly underlabours Bhaskar 1975 for the contemporary interpretation clarification and conceptual deepening of Islamic doctrine practice and education as to suggest a distinctive branch of critical realist philosophy specifically suited for this purpose This approach is called Islamic Critical Realism The book proceeds to explain how this Islamic Critical Realist approach can serve the interpretation of the consensual elements of Islamic doctrine such as the six elements of Islamic belief and the five pillars of Islamic practice so that these essential features of the Muslim way of life can help Muslim young people to contribute positively to life in multi faith liberal democracies in a globalising world Finally the book shows how this Islamic Critical Realist approach can be brought to bear in humanities classrooms by history religious education and citizenship teachers to help Muslim young people engage informatively and transformatively with themselves and others in multi faith contexts Islam: A Brief Look at Faith and History (Revised Edition) Hafiz Ikhlas Ansari, 2017-02-26 Paperback Islam has influenced and continues to influence many cultures around the globe It is shaping history cultures and civilizations Sadly most of us only receive a two dimensional look at Islam a view that is often distorted by the brevity of the media sound bites or by opinionated agendas Our intention with this book is to present Islam its teachings and the history of those who follow it It is not a comprehensive study nor should it be seen as definitive Rather it should be used as a stimulus for further detailed study We hope and pray that this effort becomes a source of promoting much needed harmony peace tolerance and coexistence in the human family This can be done through school education systems interfaith sessions mosque open houses educational seminars and individual readership This new Revised Edition has larger text clearer graphics and many new additions to the previous text *What About Same Sex Marriage and Another Look at Religion* Willie J. Duncan Sr. D.D. D.Re. Ph.D, 2015-09-02 In light of the new wave of Pseudo religion Ideology it is necessary to give a concrete response to it Same Sex marriages have been put forth as a new civil rights issue Which it must be determined whether it is Civil or Right Should credence be given to Homosexuality to be recognize by religion or government as a new moral or immoral privilege Only Species have the rights to exist When this lifestyle cannot produce off springs it does not exist The concept is pseudo philosophy or pseudo religious It must be governed by the same

law and principles of other species Homosexuals should be restricted to the species of the human family Homo Sapiens Male and Female This then will destroy the idea of it Untangling Terrorism from Religion: A Deeper Look into the Roots of Violent Extremism Sarwat Parvez,2025-06-08 Terrorism has long haunted modern societies capturing the attention of governments media outlets and the public alike In the rush to explain the inexplicable many turn to religion as the root cause But this simplistic and often biased interpretation overlooks the true complexity behind acts of terror Terrorism is not born from faith alone it is deeply entangled with political social and psychological conditions No single religion has a monopoly on violence and framing terrorism as inherently religious only hinders our understanding and our ability to respond effectively

Searching For God And Finding Allah Gene Netto,2019-11-19 What does Islam say about Christianity Jesus the Trinity the Holy Bible and Almighty God What does Islam say about the Absolute Truth of Islam the Prophet Muhammad and the Holy Qur an also spelled Koran If there is only One Almighty God then Christians and Muslims must be praying to the same God So what are the differences between the two religions and why do Muslims reject Christianity the Bible and Jesus as the Son of God but still accept Jesus as a prophet of God For non devout and ex Christians this book will explain the problems with Christianity from an Islamic perspective It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad For Muslims who grew up without a strong religious education this book will explain that all religions are not the same that Christianity is no longer valid or accepted by God and that we should use the logical brains that God gave us to understand Islam In this book you will discover that Islam is simply the continuation of Judaism and Christianity that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve and that the Prophet Muhammad is the next messenger and also the Final Messenger from God that Jesus promised to his followers Gene Netto **It's Really All About God** Samir Selmanovic,2009-08-25 A fresh exploration of a redeeming dynamic and radically different way to hold one s religion Samir Selmanovic who grew up a in a culturally Muslim family in Croatia converted to Christianity as a soldier in the then Yugoslavian army and went on to become a Christian pastor in Manhattan and in Southern California looks at how our ongoing and sometimes violent power struggles over who owns God and what God wants for the world and its peoples are not serving God humanity or our planet Shows how our religions have become self serving God management systems however Selmanovic contends change is possible Offers a path for people of all faiths and traditions for living together on our fragile earth Karen Armstrong said that the book is asking the right questions at the right time This is a personal story and a moving exploration of a new way of treasuring one s own religion while discovering God goodness and grace in others and in their traditions **The world by hitchhiking** Ludovic Hubler, A business school is everything but a hitchhikers training place Its main objective is to train tomorrow s business leaders and decision makers and prepare them for the work environment But Ludovic Hubler from Alsace in France a graduate of Strasbourg Business School chose to break with the

teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole

Searching for Heaven in the Real World Kathryn Ann Kraft, 2013-02-24 Searching for Heaven in the Real World A Sociological Discussion of Conversion in the Arab World While adjusting to a new identity is akin to adjusting to a new set of skin even more difficult is realising that this new skin may not be as comfortable or as pleasant as the old one In Searching for Heaven in the Real World Kathryn Kraft explores the breadth of psychological and societal issues faced by Arab Muslims after making a decision to adopt a faith in Christ or Christianity investigating some of the most surprising and significant challenges new believers face Arab Muslims arrive at a point of new faith with great expectations With such high hopes for what they will experience in their new identity they are bound to encounter a reality that is different They need to invest a great deal of emotional energy in addressing their expectations and what they actually encounter Even so those who stay the course of faith usually hold on to their dreams believing that heaven is not only for the afterlife but it is for the real world as well
