Looking for Moral Guidance James A. Fischer, 1992 Beginning by employing image with story and by outlining a method for using scripture in ethical decision making Fischer moves from the image to the real conflict that defines a life situation or scripture story He then addresses finding the faith and the community of support for the leap in the dark that expresses faith This he claims will culminate in discovering the person God and oneself revealed in the process of comparing biblical story and our own story Fischer avoids a naive or doctrinaire approach to scripture instead offering an open minded exploration of concrete examples from everyday life New Testament Ethics Frank J. Matera, 1996-01-01 Neither Jesus nor Paul

developed a formal ethical system yet each left a moral legacy that forms the core of New Testament ethics In this book Frank Matera examines the ethic found in the teachings of Jesus and Paul He explores the broad range of moral concerns found in these writings and finds an identifiable unity that underlies the ethical teachings of both Elenchus of Biblica

the tough issues in our lives **BOOK JACKET** **Choosing the Good** Dennis P. Hollinger, 2002-09-01 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture **Survival Guide for Christians on Campus** Tony Campolo, William Willimon, 2010-06-15 The contemporary college campus is filled with spiritual surprises daily dilemmas and difficult questions and this book offers the help and heart to walk into the jungle of campus life as a Christian Will the Christian faith hold up under the scrutiny of the new knowledge and ideas that bombarded students on the college campus Tony Campolo and Dr Will Willimon college professors and seasons authors and speakers insist that the Christian faith is not threatened by tough questions They maintain that some of the greatest minds the human race has produced have put hard questions to Jesus and come away stronger in their faith and more convinced of its truth than ever before Whether you are a committed Christian or one who is still exploring the Christian faith this book will provide sound answers to difficult questions Open this book and find the help and heart to walk into the jungle of campus life and walk out more than a conqueror **Library Journal** , 1992-07 Critical and Modern Movements Hector Davidson, This book contains the following titles and topics Deconstructionism Determinism Feminist Philosophy Humanism Liberalism Moral Philosophy Naturalism Nihilism Phenomenology Pragmatism Structuralism Utilitarianism **Ethics, Morality, and Human Nature** Hector Davidson, This is a bundle of the following books Aesthetics Analytic Philosophy Critical Theory Cynicism Determinism Humanism Idealism Liberalism Moral Philosophy Naturalism Nihilism Parmenides Phenomenology Structuralism Utilitarianism *Evil and Christian Ethics* Gordon Graham, 2001 **STUDY OF MORAL PHILOSOPHY WITH REFERENCE TO NEW TESTAMENT SCHOLARSHIP** *Sticking Up for What Is Right* Gwendolyn Mitchell Diaz, 2008-12 Accessible to both parents and teens *Sticking Up for What Is Right* answers common questions that teens ask about moral issues It presents biblical truths in a simple honest and sometimes humorous way *Thinking Critically About Abortion* Nathan Nobis, Kristina Grob, 2019-06-19 This book introduces readers to the many arguments and controversies concerning abortion While it argues for ethical and legal positions on the issues it focuses on how to think about the issues not just what to think about them It is an ideal resource to improve your understanding of what people think why they think that and whether their and your arguments are good or bad and why It s ideal for classroom use discussion groups organizational learning and personal reading From the Preface To many people abortion is an issue for which discussions and debates are frustrating and fruitless it seems like no progress will ever be made towards any understanding much less resolution or even compromise Judgments like these however are premature because some basic techniques from critical thinking such as carefully defining words and testing definitions stating the full structure of arguments so each step of the reasoning can be examined and comparing the strengths and weaknesses of different explanations can help us make progress towards these goals When emotions run high we sometimes need to step back and use a passion for calm cool critical thinking This helps us better understand the positions and arguments of people who see things differently from us as well as our own positions and

arguments And we can use critical thinking skills help to try to figure out which positions are best in terms of being supported by good arguments after all we might have much to learn from other people sometimes that our own views should change for the better Here we use basic critical thinking skills to argue that abortion is typically not morally wrong We begin with less morally controversial claims adults children and babies are wrong to kill and wrong to kill fundamentally because they we are conscious aware and have feelings We argue that since early fetuses entirely lack these characteristics they are not inherently wrong to kill and so most abortions are not morally wrong since most abortions are done early in pregnancy before consciousness and feeling develop in the fetus Furthermore since the right to life is not the right to someone else s body fetuses might not have the right to the pregnant woman s body which she has the right to and so she has the right to not allow the fetus use of her body This further justifies abortion at least until technology allows for the removal of fetuses to other wombs Since morally permissible actions should be legal abortions should be legal it is an injustice to criminalize actions that are not wrong In the course of arguing for these claims we 1 discuss how to best define abortion 2 dismiss many common question begging arguments that merely assume their conclusions instead of giving genuine reasons for them 3 refute some often heard everyday arguments about abortion on all sides 4 explain why the most influential philosophical arguments against abortion are unsuccessful 5 provide some positive arguments that at least early abortions are not wrong 6 briefly discuss the ethics and legality of later abortions and more This essay is not a how to win an argument piece or a tract or any kind of apologetics It is not designed to help anyone win debates everybody wins on this issue when we calmly and respectfully engage arguments with care charity honesty and humility This book is merely a reasoned systematic introduction to the issues that we hope models these skills and virtues Its discussion should not be taken as absolute proof of anything much more needs to be understood and carefully discussed always
