Joyce's Creative Process and the Construction of Characters in Ulysses Luca Crispi,2015 This book is both a study of how James Joyce created two of the most iconic characters in literature Leopold Bloom and Marion Tweedy Bloom as well as a history of the genesis of Ulysses From a genetic critical perspective it explores the conception and evolution of the Blooms as fictional characters in the work s wide range of surviving notes and manuscripts At the same time it also chronicles the production of Ulysses from 1917 to its first edition in 1922 and beyond Based on decades of research it is an original engagement with the textual archive of Ulysses including the exciting recently discovered manuscripts now in the National Library of Ireland Luca Crispi excavates the raw material and examines the creative processes Joyce deployed in the construction of the Blooms and so the writing of Ulysses Framed by a contextual introduction and four bibliographical appendices the seven main chapters are a critical investigation of the fictional events and memories that constitute the lives

of the Blooms Thereby it is also a commentary on Joyce's conception of Ulysses more generally Crispi analyzes how the stories in the published book achieved their final form and discloses previously unexamined versions of them for everyone who enjoys reading Ulysses This book demonstrates the various ways in which specialist textual work on the genesis of Ulysses directly intersects with other critical and interpretive readings Joyce's Creative Process is a behind the scenes guide to the creation of one of the most important books ever written *From Page to Screen / Vom Buch zum Film* Manuel Almagro-Jiménez, Eva Parra-Membrives, 2020-10-05 For a long time now women have struggled for the vindication of their rights and for their visibility This struggle may seem a story of success maybe not complete or equal for all women but at least one which slowly but surely carries with it the promise of equality for all women However a closer look reveals that in various fields of culture the representation of women frequently undergoes a manipulation which makes the image of women lose the intention initially attempted This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or apologists of feminine power The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts **The Witch of Jamestown** James T.
