

Her everyday sweaters come in sweater "sets," and the cardigans have either fabric or pearl buttons down the front. Sometimes, instead of wearing the cardigan over a short-sleeved pull-over, she'll wear it over any one of her two dozen little cotton blouses (in teeny-tiny prints), all having the ubiquitous Peter Pan collars that look so appealing on her. A gathered skirt completes the look.

Her *favorite* skirts come pleated; the solids or plaids of the fifties in wonderful, soft wools, mixed with a heathery sweater from Ireland's Aran Islands are popular choices for a walk in the woods or country. (Ribbed wool tights or leg warmers go with this heavy sweater.) Sometimes, she wears sturdy, pleated-in-the-front slacks instead of the skirts.

The Girl Next Door almost always has a short, *hooded* jacket in her closet—either the down-filled number or a heavy cotton twill.

Dress-up evenings bring out soft silk shirtdresses in solids or bright plaids. Stripes and checks run rampant through her closet. When she's young, dotted swiss and eyelet cottons are the absolute dressup favorites of the Girl Next Door. Black never sees the inside of her closet—except maybe in a bouffant, black velvet skirt.

For jogging (on trips to the supermarket or jogging the kids to school), she wears Adidas sneakers and a dove-gray sweat suit with a navy stripe down the sides of the legs and arms. As the weather turns colder, she adds a

Norwegian cable-knit sweater and leg warmers, and in the summer she sheds down to her husband's track shorts with a canary yellow tank top. She always wears wide, flattering headbands in contrasting or matching colors or peaked sun visors, and she's never shy to work up a good, athletic sweat!

When she's dressing up, she has a wonderful way of combining wools, mixing a stunning, beaded cardigan with mohair or angora knitted pants—a drop-dead combination! Men can hardly keep their hands off a Girl Next Door who's virtually nestled in soft and sensuous wool sweaters.

She also tends to go ethnic for dressing up, wrapping herself in sari material or Indian gauze for stay-at-home casserole parties. What would look pretentious on someone else looks exactly right on her, because of her earnest, wholesome good looks. (A blond cheerleader, wrapped in a sari, is *not* an anachronism when *she* does it!) She loved it when the "cowgirl" look was popularized by Ralph Lauren.

Denim skirts encrusted with embroidery or stones matched with fringed and colorful cowboy shirts are perfect for dressup! (Of course, turquoise and silver jewelry is a natural for this look.)

Occasionally, she'll order something from a very preppy catalog because she hates to go to town to shop—like a summery Victorian skirt or a pair of espadrilles that will fit her feet exactly.

Dress and Identity in America Daniel Delis Hill, 2023-12-14 Dress and Identity in America is an examination of the conservatism and materialism that swept across the country in the late 1940s through the 1950s a backlash to the wartime tumult privations and social upheavals of the Second World War The study looks at how American men sought to recapture a masculine identity from a generation earlier that of the stoic patriarch breadwinner and dutiful father and in the process became the men in the gray flannel suits who were complacently conventional and conformist Parallel to that is a look at how American women who had donned pants and went to work in wartime munitions factories or

Davis, 2002-04-12 William C Davis one of America's best Civil War historians here offers a definitive portrait of the Confederacy unlike any that has come before Drawing on decades of writing and research among an unprecedented number of archives Look Away tells the story of the Confederate States of America not simply as a military saga although it is that but rather as a full portrait of a society and incipient nation The first history of the Confederacy in decades the culmination of a great scholar's career Look Away combines politics economics and social history to set a new standard for its subject Previous histories have focused on familiar commanders such as Robert E Lee and Stonewall Jackson but Davis's canvas is much broader From firebrand politicians like Robert Barnwell Rhett and William L Yancey who pushed for secession long before the public supported it to Dr Samuel Cartwright who persuaded many Southerners of the natural inferiority of their slaves to the women of Richmond who rioted over bread shortages in 1863 Davis presents a rich new face of the Confederate nation He recounts familiar stories of battles won and lost but also little known economic stories of a desperate government that socialized the salt industry home front stories of the rangers and marauders who preyed on their fellow Confederates and an account of the steady breakdown of law culminating in near anarchy in some states Never has the Confederacy been so vividly brought to life as a full society riven with political and economic conflicts beneath its more loudly publicized military battles Davis's astonishingly thorough primary research has ranged across the 800 odd newspapers that were in operation during the war but also across the personal papers of over a hundred Southern leaders and ordinary citizens He quotes from letters and diaries throughout the narrative revealing the Confederacy through the words of the Confederates themselves Like any society especially in the early stages of nation building and the devastating stages of warfare the Confederacy was not one thing but many things to many people One thing however was shared by all the belief that the South offered a necessary evolution of American democracy Look Away offers a dramatic and definitive account of one of

America's most searing episodes **No Good Deed Goes Unpunished** Eli Maxwell, 2022-11-03 This journal is a few hundred pages of unpopular opinion I wrote this ball of rage between 2014-2016 and I planned to give to my gender studies professor after I took her class. When I left her class I noticed that there's a lot of misleading information about people that disagree with feminists and feminism and this book will help demystify some of those notions I may have written this book for her but I believe it can help others as well. The 1st group of people that this book will help are people that don't like feminists and feminism; you'll agree with almost everything I have to say. Trust me, you're not alone. This book is full of red pills; you're going to love it. The 2nd group of people are people that are on the fence about feminists. Yeah, feminists may have told you the dictionary definition of feminism and you might have heard some things about the feminist movement but you're still not quite sure what to make of them. I think you will gain the most from what I went through. I will show you the tactics some feminists use to get what they want. These are all things you should know before you engage with any feminist. The 3rd group of people are the people that don't understand why so many people have such hard opinions on feminism and feminists. Hopefully this book will help you understand where the first group of people are coming from. I use jokes, satire, and personal experiences to bring levity to this hot topic issue. I don't want to tell you what to think. I want to show you what I went through so you can make up your own mind and even if you disagree with me, I hope you enjoy the ride. Now onto the 4th group: these are the feminists that are vexed and can't figure out why so many people dislike feminism and why feminists can't crack 18 percent of the population. I think you will benefit the most from what I have to say. I'm not going to berate you or attack you. I'm just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that. I really want you to understand where I'm coming from and maybe we can build a bridge from there. Now on to the big mama of them all: the 5th group. If you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist, put this book down; you are going to have a bad time. I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion. Hell, you might even do something crazy like set this book on fire and I don't want to see my book set a blaze. So save your money, save your time, and continue to smash the patriarchy. But to the other 4 out of 5 of you, crack open a beer or pour a glass of wine and enjoy my descent into madness.
