Loom And Other Stories:

The Loom and Other Stories Ruth A. Sasaki, 1991-09 The nine short stories in this collection reveal a portrait of three generations of Japanese Americans trying to fit themselves into the fabric of American society The author writes I wandered ghostlike amidst the mainstream of America treading unaware of the cultural amnesia inflicted on my parents generation by the internment and the atomic bomb These tales chronicle the pains and hopes of family members reaching out in individual ways to understand themselves their families and their community Ruth Sasaki writes with great self knowledge with a sensitivity born of examined experience and with a wonderfully humorous insight of the American ethnic experience Gus Lee author of *China Boy* **The Loom and Other Stories** Ruth Aiko Sasaki, 1988 *This Land Is Our Land* Agnes Regan Perkins, Alethea K. Jewish writers Each chapter places the short story into context focusing on the interaction of cultural forces and aesthetic principles The Companion takes account of cutting edge approaches to literary studies and contributes to the ongoing redefinition of the American canon embracing genres such as ghost and detective fiction cycles of interrelated short fiction and comic social and political stories The volume also reflects the diverse communities that have adopted this literary form and made it their own featuring entries on a variety of feminist and multicultural traditions This volume presents an important new consideration of the role of the short story in the literary history of American literature

In Her Mother's House Wendy Ho,1999 Unwilling to see Asian American women silenced beneath the noisy discourses of feminists cultural nationalists and Eurocentric historians Wendy Ho turns to specific spoken stories of mothers and daughters Against reductive tendencies of scholarship she places her own conversations with her China born grandmother and her U S born mother and her own readings of other Asian American women writers She finds in the writings of Maxine Hong Kingston Amy Tan and Fae Myenne Ng not only complex mother daughter relationships but many faceted relationships to fathers family community and culture Always resisting the simplistic explanations In Her Mother s House brings Asian American women s experience as mothers and daughters to the forefront of gender and ethnicity

Japanese Americans Paul R. Spickard,2009 Since 1855 nearly half a million Japanese immigrants have settled in the United States and today more than twice that number claim Japanese ancestry While these immigrants worked hard established networks and repeatedly distinguished themselves as entrepreneurs they also encountered harsh discrimination Nowhere was this more evident than on the West Coast during World War II when virtually the entire population of Japanese Americans was forced into internment camps solely on the basis of ethnicity

The Woman and the Lyre Jane M Snyder,2017-03-09 Faint though the voices of the women of Greek and Roman antiquity may be in some cases their sound if we listen carefully enough

can fill many of the gaps and silences of women's past. From the beginning with Sappho in the seventh century B.C. and ending with Hypatia and Egeria in the fifth century A.D. Jane McIntosh Snyder listens carefully to the major women writers of classical Greece and Rome piecing together the surviving fragments of their works into a coherent analysis that places them in their literary, historical, and intellectual contexts. While relying heavily on modern classical scholarship, Snyder refutes some of the arguments that implicitly deny the power of women's written words: the idea that women's experience is narrow or trivial and therefore automatically inferior as subject matter for literature; the notion that intensity in a woman is a sign of neurotic imbalance; and the assumption that women's work should be judged according to some externally imposed standard. The author studies the available fragments of Sappho ranging from poems on mythological themes to traditional wedding songs and love poems and demonstrates her considerable influence on Western thought and literature. An overview of all of the authors Snyder discusses shows that ancient women writers focused on such things as emotions, lovers, friendship, folk motifs, various aspects of daily living, children, and pets in distinct contrast to their male contemporaries concerned with wars and politics. Straightforwardness and simplicity are common characteristics of the writers, Snyder examines. These women did not display allusion, indirection, punning, and elaborate rhetorical figures to the extent that many male writers of the ancient world did. Working with the sparse records available, Snyder strives to place these female writers in their proper place in our heritage.

The Greenwood Encyclopedia of Asian American Literature Guiyou Huang, 2008-12-30. Asian American literature dates back to the close of the 19th century and during the years following World War II it significantly expanded in volume and diversity. Monumental in scope, this encyclopedia surveys Asian American literature from its origins through 2007. Included are more than 270 alphabetically arranged entries on writers, major works, significant historical events, and important terms and concepts. Thus, the encyclopedia gives special attention to the historical, social, cultural, and legal contexts surrounding Asian American literature and central to the Asian American experience. Each entry is written by an expert contributor and cites works for further reading, and the encyclopedia closes with a selected general bibliography of essential print and electronic resources. While literature students will value this encyclopedia as a guide to writings by Asian Americans, the encyclopedia also supports the social studies curriculum by helping students use literature to learn about Asian American history and culture as it pertains to writers from a host of Asian ethnic and cultural backgrounds including Afghans, Chinese, Japanese, Koreans, Filipinos, Iranians, Indians, Vietnamese, Hawaiians, and other Asian Pacific Islanders. The encyclopedia supports the literature curriculum by helping students learn more about Asian American literature. In addition, it supports the social studies curriculum by helping students learn about the Asian American historical and cultural experience.

Survivors of the Armenian genocide of 1915 and their descendants have used music to adjust to a life in exile and counter fears of obscurity In this nuanced and richly detailed study Sylvia Angelique Alajaji shows how the boundaries of Armenian music and identity have been continually redrawn from the identification of folk music with an emergent Armenian nationalism under Ottoman rule to the early postgenocide diaspora community of Armenian musicians in New York a more self consciously nationalist musical tradition that emerged in Armenian communities in Lebanon and more recent clashes over music and politics in California Alajaji offers a critical look at the complex and multilayered forces that shape identity within communities in exile demonstrating that music is deeply enmeshed in these processes Multimedia components available online include video and audio recordings to accompany each case study Reading Asian American Literature
