## **Looseleaf Philosophy:**

Loose Leaf for Looking at Philosophy with Connect Access Card Donald Palmer, 2015-03-16 Distilled from Donald Palmer's more than 30 years of teaching experience this text exemplifies his very successful approach to teaching introductory philosophy. Through the use of humor and nearly 400 drawings, charts, and diagrams, serious philosophical topics come alive for the reader without compromising the importance of the subject matter. In the author's words, "This book takes philosophy seriously but not gravely." McGraw Hill Connect is a subscription-based learning service accessible online through your personal computer or tablet. In addition, they have revised and expanded the distinction between subjective judgments and objective claims and revamped their explanation of inductive reasoning into four different types, introducing them in chapter 2 and further explaining them in chapter 11. This book is not about critical thinking as much as it is a book in critical thinking. The authors work to provide guided practice in what they and instructors think are the most important critical thinking skill sets for students. Loose Leaves & Oak Trees Charles Knause, 2015-05-26 A collection of articles and essays dealing with some aspect of current world events and my analysis of these events from a perspective other than the official narrative. This book also includes a number of philosophical essays dealing with some of the age-old and timeless questions of what it means to be human. **LooseLeaf Does the Center Hold? An Introduction to Western Philosophy** Donald Palmer, 2016-10-10 Does the Center Hold is an entertaining, topically organized introductory program with more than 500 original illustrations. The ideas and issues typically covered in introductory philosophy courses are presented here in a remarkably accessible and enjoyable manner. Donald Palmer demonstrates that serious philosophical inquiry may be perplexing but is ultimately liberating and students will come away from the book with a comprehensive and often delighted understanding of philosophy. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master recall and apply key concepts while providing automatically graded assessments. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
