commander Lord Cornwallis launched his invasion of North Carolina in early 1781 his objective was to destroy General Nathaniel Greene's American army At Guilford Courthouse on 15 March 1781 the two armies met In a desperately hard fought battle the small but professional British army succeeded in fighting its way through three separate lines of American troops but at a dreadful cost Cornwallis lost over a quarter of his command When news of the victory reached Britain a politician remarked Another such victory would ruin the British army With the help of maps and illustrations throughout Angus Konstam goes through the battle and its aftermath in detail

Denman,John F. Walsh,2020-02-07 The story of the Revolutionary War in the

Northern colonies is well known but the war that raged across the South in 1780-1781 considered by some the unknown Revolution included some of the most important yet least studied engagements. Drawing extensively on their letters, this book follows the campaigns of General Nathanael Greene and Lord Charles Cornwallis as they fought across the Carolinas and offers a compelling look at their leadership. The theater of war in which the two commanders operated was populated by various ethnic and religious groups and separated geographically, economically, and politically into the low country and the simmering backcountry, setting the stage for what was to come.
