Lord Curzon The Last Of The British Moghuls:

Lord Curzon Nayana Goradia,1993 Yet seven years later he was to return home a broken man his viceroyalty in a shambles only to be later dispossessed of the Prime Ministership he thought rightfully his Was this the result of some fatal flaw in Curzon s personality Curzon has certainly led his earlier biographers to think so leaving copious writings suggesting that he was brought up by an indifferent mother a cold father and a savage governess But new evidence sheds a different light on a more complex personality *British Foreign Policy during the Curzon Period, 1919-24* G. Bennett,1995-08-09 A wide ranging and authoritative study of British foreign policy in the critical years after the 1919 Paris Peace Conference Policy towards Western and Eastern Europe Russia Turkey the Middle East United States and Far East is examined alongside such themes as the role of Prime Minister Foreign Secretary and Cabinet in policy formulation The evolution and execution of policy is set alongside the limitations imposed on British statesmen by the dominions armed forces economic weakness and domestic politics **The British Empire** Mark Doyle,2018-06-29 An essential starting point for anyone wanting to learn about life in the largest empire in history this two volume work encapsulates the imperial experience from the 16th 21st centuries From early sixteenth century explorations to the handover of Hong Kong in 1997 the British Empire controlled outposts on every continent spreading its people and ideas across the globe and profiting mightily in the process The present state of our world from its increasing interconnectedness to its vast inequalities and from the successful democracies of North America to the troubled regimes of Africa and the Middle East can be traced in large part to the way in which Great Britain expanded and controlled its empire The British Empire A Historical Encyclopedia addresses a broader range of topics than do most other surveys of the empire covering not only major political and military developments but also topics that have only recently come to serious scholarly attention such as women s and gender history art and architecture indigenous histories and perspectives and the construction of colonial knowledge and ideologies By going beyond the headline events of the British Empire this captivating work communicates the British imperial experience in its totality **Britain's Imperial Administrators, 1858-1966** A. Kirk-Greene,2000-02-24 Britain s famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain s graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative narrative history is enlivened by recourse to Service lore and anecdotes *Empire, Politics and the Creation of the 1935 India Act* Andrew Muldoon,2016-05-06 The 1935 Government of India Act was arguably the most significant turning point in the history of the British administration in India The intent of the Act a proposal for an

Indian federation was the continuation of British control of India and the deflection of the challenge to the Raj posed by Gandhi Nehru and the nationalist movement This book seeks to understand why British administrators and politicians believed that such a strategy would work and what exactly underpinned their reasons It is argued that British efforts to defuse and disrupt the activities of Indian nationalists in the interwar years were predicated on certain cultural beliefs about Indian political behaviour and capacity However this was not simply a case of Orientalist policy making Faced with a complicated political situation a staggering amount of information and a constant need to produce analysis the officers of the Raj imposed their own cultural expectations upon events and evidence to render them comprehensible Indians themselves played an often overlooked role in the formulation of this political intelligence especially the relatively few Indians who maintained close ties to the colonial government such as T B Saprú and M R Jayakar These men were not just mediators as they have frequently been portrayed but were in fact important tacticians whose activities further demonstrated the weaknesses of the colonial information economy The author employs recently released archival material including the Indian Political Intelligence records to situate the 1935 Act in its multiple and overlapping contexts internal British culture and politics the imperial information order in India and the politics of Indian nationalism This rich and nuanced study is essential reading for scholars working on British Indian and imperial history

A Guide to the Papers of British Cabinet Ministers 1900-1964 Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 A Guide to the Papers of British Cabinet Ministers 1900 1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers

The Colonel Who Would Not Repent Salil Tripathi, 2016-04-26 Bangladesh was once East Pakistan the Muslim nation carved out of the Indian Subcontinent when it gained independence from Britain in 1947 As religion alone could not keep East Pakistan and West Pakistan together Bengali speaking East Pakistan fought for and achieved liberation in 1971 Coups and assassinations followed and two decades later it completed its long tumultuous transition to parliamentary government Its history is complex and tragic one of war natural disaster starvation corruption and political instability First published in India by the Aleph Book Company Salil Tripathi's lyrical beautifully wrought tale of the difficult birth and conflict ridden politics of this haunted land has received international critical acclaim and his reporting has been honored with a Mumbai Press Club Red Ink Award for Excellence in Journalism The Colonel Who Would Not Repent is an insightful study of a nation struggling to survive and define itself

Indian Naval Strategy in the Twenty-first Century James R. Holmes, Andrew C. Winner, Toshi Yoshihara, 2009-04-02 This is the first academic study of India's emerging maritime strategy and offers a systematic analysis of the interplay between Western military thought and Indian maritime traditions By a quirk of historical

fate Europe embarked on its Age of Discovery just as the main Asian powers were renouncing the sea ushering in centuries of Western dominance In the 21st century however Asian states are once again resuming a naval focus with both China and India dedicating some of their new found wealth to building powerful navies and coast guards and drawing up maritime strategies to govern the use of these forces The United States like the British Empire before it is attempting to manage these rising sea powers while preserving its maritime primacy This book probes how India looks at the sea what kind of strategy and seagoing forces New Delhi may craft in the coming years and how Indian leaders may use these forces It examines the material dimension but its major premise is that navies represent a physical expression of a society s history philosophical traditions and culture This book then ventures a comprehensive appraisal of Indian maritime strategy This book will be of interest to students of sea power strategic studies Indian politics and Asian Studies in general James R Holmes is an Associate Professor of Strategy at the U S Naval War College and a former U S Navy surface warfare officer Toshi Yoshihara is an Associate Professor in the Strategy and Policy Department at the Naval War College Andrew C Winner is Professor in the Strategic Research Department at the U S Naval War College

Migrant races Satadru Sen,2017-03-01 This book is a study of mobility image and identity in colonial India and imperial Britain in the late nineteenth and early twentieth centuries It is a model for studies of migrant figures like K S Ranjitsinhji who emerged during the imperial period Ranjitsinhji is an important figure in the history of modern India and the British empire because he was recognized as a great athlete and described as such The book focuses on four aspects of Ranjitsinhji s life as a colonial subject race money loyalty and gender It touches upon Ranjitsinhji s career as a cricketer in the race section The issue of money gave Indian critics of Ranjitsinhji s regime the language they needed to condemn his personal and administrative priorities and to portray him as self indulgent Ranjitsinhji lived his life as a player of multiple gender roles sometimes serially and on occasion simultaneously His status as a prince while not entirely fake was fragile enough to be unreliable and he worked hard to reinforce it even as he constructed his Englishness Any Indian attempt to transcend race culture climate and political place by imitating an English institution and its product must be an unnatural act of insurgency The disdain for colonial politics that was manifest in the small rebellions at the end of the world war converged with the colonized Indian identity that was evident at the League of Nations Between the war and his death it is clear Ranjitsinhji moved to maximize his autonomy in Nawanagar

The Military in British India T. A. Heathcote,2013-08-19 T A Heathcotes study of the conflicts that established British rule in South Asia and of the militarys position in the constitution of British India is a classic work in the field By placing these conflicts clearly in their local context his account moves away from the Euro centric approach of many writers on British imperial military history It provides a greater understanding not only of the history of the British Indian Army but also of the Indian experience which had such a formative an effect on the British Army itself This new edition has been fully revised and given appropriate illustrations

Colonial Childhoods Satadru Sen,2005-08-01 Colonial Childhoods is about the politics of childhood in India

between the 1860s and the 1930s It examines not only the redefinition of the child in the cultural and intellectual climate of colonialism but also the uses of the child the parent and the family in colonizing and nationalizing projects **The Lion and the Tiger** Denis Judd,2004 An authoritative and lively account of the long and controversial history of the British in India from the foundation of the East India Company in 1600 to Ghandi s innovative leadership of the increasingly militant Indian Nationalist movement and finally to Lord Mountbatten s swift surgeryof partition leaving behind the Independent states of India and Pakistan Against this epic backdrop Judd explores the consequences of British control for both Indians and the British in India What was the effect on their daily lives and on the lives they were effectively controlling Were the British intent on development or exploitation Were they a civilizing force Easy answers are avoided and difficult questions provoked in this fascinating book **Indo-British Review** ,1995 **Autobiography and Decolonization** Philip Holden,2008 Philip Holden reveals deeply gendered connections between the writing of individual lives and of the narratives of nations emerging from colonialism Autobiography and Decolonization is the first book to give serious academic attention to autobiographies of nationalist leaders in the process of decolonization attending to them not simply as partial historical documents but as texts involved in remaking the world views of their readers Holden examines Mohandas K Gandhi s An Autobiography The Story of My Experiments with Truth Marcus Garvey s fragmentary Autobiography Joseph Ephraim Casely Hayford s Ethiopia Unbound Lee Kuan Yew s The Singapore Story Nelson Mandela s Long Walk to Freedom Jawaharlal Nehru s An Autobiography and Kwame Nkrumah s Ghana The Autobiography of Kwame Nkrumah Holden argues that these examples of life writing have had significant influence on the formation of new and often profoundly gendered national identities These narratives constitute the nation less as an imagined community than as an imagined individual Moving from the past to the promise of the future they mediate relationships between public and private and between individual and collective stories Ultimately they show how the construction of modern selfhood is inextricably linked to the construction of a postcolonial polity **Tournament of Shadows** Karl E. Meyer,Shareen Blair Brysac,2009-03-17 From the romantic conflicts of the Victorian Great Game to the war torn history of the region in recent decades Tournament of Shadows traces the struggle for control of Central Asia and Tibet from the 1830s to the present The original Great Game the clandestine struggle between Russia and Britain for mastery of Central Asia has long been regarded as one of the greatest geopolitical conflicts in history Many believed that control of the vast Eurasian heartland was the key to world dominion The original Great Game ended with the Russian Revolution but the geopolitical struggles in Central Asia continue to the present day In this updated edition the authors reflect on Central Asia s history since the end of the Russo Afghan war and particularly in the wake of 9 11 **New Delhi: The Last Imperial City** D. Johnson,2016-01-12 Johnson provides an historically rich examination of the intersection of early twentieth century imperial culture imperial politics and imperial economics as reflected in the colonial built environment at New Delhi a remarkably ambitious imperial capital built by the British between 1911 and 1931 *The Old*

World and the New Elizabeth Taylor, 2013-05-31 This is a story of landed aristocrats Victorian politicians and nouveaux riches colonial entrepreneurs It is about sudden death in 10 Downing Street an obsessive relationship the marrying of New World money with old world class and social elevation from a poor Scottish croft to an historic stately home It considers the impact on the old world of money made in colonial enterprises and the cultural exchange resulting from colonial expansion and it details the self managed decline of a British upper class that had held power for almost a thousand years This biography is of interest to scholars and general readers alike It tells the previously untold story of two British aristocrats detailing the drama of their personal lives and examining their rule in the two colonies India and Australia in which they served It raises issues of population immigration social mobility and the ethics of the British Empire all of which are relevant to today's debates The Northcotes life in England is described in the context of a sweep of British political and social history in which Harry Northcote directly participated from the passing of the Third Reform and Redistribution Acts in 1884-5 to the bitter battles over female suffrage and the composition of the House of Lords at the close of the Edwardian era The action during the couple's colonial adventures in the early 1900s takes place in two different outposts of Empire India under the Raj where Harry wielded autocratic power in a Bombay devastated by plague and famine and the new democratic settler colony of Australia following the federation of separate colonies on a huge yet sparsely populated continent The transmission of the culture of the Mother Country to the Empire's furthest reaches is studied through Alice's contribution as Governor's wife The crucial part that women played in the maintenance of the British Empire in both locations is a key theme

Revolutionary Movements and Anti-Colonial Resistance in Nadia (1905-1947): A Socio-Psychological Study of Indian Nationalism and Political Violence Nilendu Biswa, 2025-05-29 The continuous events of the ongoing process are moving forward through history In this process the continuity of history has been hindered at times due to the lack of adequate and appropriate information Nevertheless efforts are being made to maintain continuity as much as possible in the light of ancillary and other information Many unknown facts about history are being discovered and revealed in the light of new research by historians archaeologists and researchers Also the interpretations and ideas of history that were previously discovered or presented are changing In this way history is changing through the discovery of new information and the reinterpretation of old information History is gaining new recognition expanding its scope But the idea of a special style in the study of history has recently gained widespread popularity This concept is the study of regional history which ranges from a small region to the boundaries of a subdivision or district The importance of regional history is that in this process it is possible to obtain thorough descriptions and information about the overall aspects of one or more areas In addition the historical relics scattered throughout the area can be seen up close The local people their culture the oral history of their ancestors and the stories they tell provide invaluable historical information The history of the liberation struggle is scattered in different parts of the country In different districts of different provinces many priceless histories remain unpublished neglected and

disrespected Even these small pieces of information which are waiting to be destroyed can change the face of history Like other districts in the Indian independence movement the waves of revolution had hit Nadia in huge waves But apart from the sunset of the country s independence in the wilderness of Plassey and the blood stained history of the Indigo Rebellion other events were not discussed in the same way In fact as soon as we pronounce the name Nadia a tragic picture of the terrible life of the farmers who are suffering from the oppression of the indigo farmers appears before our eyes The story of the oppression of the indigo farmers has been brought to light by the pen of Dinabandhu Mitra The anti British activities of Bishnucharan Biswas Digambar Biswas Meghai Sardar and others gave impetus to the extremist movement in Nadia and Bengal Nadia became one of the centers of the Indigo Rebellion Although the Indigo Rebellion was put down by severe repression it continued to smolder like a smoldering fire That smoldering fire gave rise to a fierce extremist movement in the early 20th century Gradually Nadia became one of the centers of revolutionary activity running parallel to the national movement This Nadia district was once again reborn in the early 20th century to the extremist movement Although the national movement of that time was led by the National Congress the movement s methods and policies proved futile and fruitless to many young people Therefore unable to tolerate the moderate activities of national leaders on the one hand and the brutal oppression of the British government in the name of suppressing the movement on the other a group of young people took up arms Nadia was no exception Many young people in Nadia were attracted by the extremist ideology of Aurobindo Ghosh or Barindra Kumar Ghosh and got involved in revolutionary activities The budding youth did not tolerate the atrocities of the British rule silently In many cases they were able to instill fear in the minds of the British by secretly assassinating high ranking British officials Since the direct route was not possible the young people had to follow a different approach It was in this context that Jatindranath took up firearms Basanta Biswas threw bombs and Bina Das came forward with daring acts like shooting Stanley Jackson the then Governor of Bengal with a pistol Along with them many other teenagers young men and even young girls also crossed the four walls and joined extremist activities Although not directly the activities of all these revolutionaries terrified the British government **Late Victorian Holocausts** Mike

Davis,2002-06-17 Examining a series of El Nio induced droughts and the famines that they spawned around the globe in the last third of the 19th century Mike Davis discloses the intimate baleful relationship between imperial arrogance and natural incident that combined to produce some of the worst tragedies in human history Late Victorian Holocausts focuses on three zones of drought and subsequent famine India Northern China and Northeastern Brazil All were affected by the same global climatic factors that caused massive crop failures and all experienced brutal famines that decimated local populations But the effects of drought were magnified in each case because of singularly destructive policies promulgated by different ruling elites Davis argues that the seeds of underdevelopment in what later became known as the Third World were sown in this era of High Imperialism as the price for capitalist modernization was paid in the currency of millions of peasants lives The

Lion's Share Bernard Porter, 2014-06-11 As well as presenting a lively narrative of events Bernard Porter explores a number of broad analytical themes challenging more conventional and popular interpretations He sees imperialism as a symptom not of Britain's strength in the world but of her decline and he argues that the empire itself both aggravated and obscured deep seated malaise in the British economy
