Scott Foscolo Lady Morgan and Madame de Sta l Those who imitated Byron particularly Alexander Pushkin and Adam Mickiewicz became the best interpreters of his literary example while transforming it and explained what it meant to be a Harold in Muscovite Cloak or a Polish Byron to be both delimited and emancipated by Byron s example Kindred Brutes: Animals in Romantic-Period Writing Christine Kenyon-Jones,2017-03-02 Exploring the significance of animals in Romantic period writing this new study shows how in this period they were seen as both newly different from humankind subjects in their own right rather than simply humanity s tools or adjuncts and also as newly similar with the ability to feel and perhaps to think like human beings Approaches to animals are reviewed in a wide range of the period s literary work in particular that of Byron Wordsworth Coleridge Keats Southey Clare and Blake Poetry and other literary work are discussed in relation to discourses about animals in various contemporary cultural contexts including children s books parliamentary debates vegetarian theses encyclopaedias and early theories about evolution The study introduces animals to the discussions about ecocriticism and environmentalism in Romantic period writing by complicating the concept of Nature and it also contributes to the debates about politics and the body in this period It demonstrates the rich variety of thinking about animals in the late eighteenth and early nineteenth centuries and it challenges the exclusion of literary writing from some recent multi disciplinary debates about animals by exploring the literary roots of many metaphors about and attitudes to animals in our current thinking Kindred Brutes constitutes a genuinely original and substantial contribution both to Romantic period writing and to general debates about animals and the body **Prism(s)** ,1998 **Taste** Denise Gigante,2008-10-01 div What does eating have to do with aesthetic taste While most accounts of aesthetic history avoid the gustatory aspects of taste this book rewrites standard history to uncover the constitutive and dramatic tension between appetite and aesthetics at the heart of British literary tradition From Milton through the Romantics the metaphor of taste serves to mediate aesthetic judgment and consumerism gusto and snobbery gastronomes and gluttons vampires and vegetarians as well as the philosophy and physiology of food The author advances a theory of taste based on Milton s model of the human as consumer and digester of food words and other commodities a consumer whose tasteful subliminal self remains haunted by its own corporeality Radically rereading Wordsworth s feeding mind Lamb s gastronomical essays Byron s cannibals and other deviant diners and Kantian nausea Taste resituates Romanticism as a period that naturally saw the rise of the restaurant and the pleasures of the table as a cultural field for the practice of aesthetics DIV Byron's Romantic Celebrity T. Mole,2007-07-31 This book offers a new history and theory of modern celebrity It argues that celebrity is a cultural apparatus that emerged in response to the Romantic industrialization of print and culture It investigates the often strained interactions of artistic endeavour and commercial enterprise and the place of celebrity culture in history of the self *Lord Byron's Relish* Archie Edmiston Roy,Wilma Paterson,1990 Frankenstein Was a Vegetarian Michael Owen Jones,2022-06-27 In Frankenstein Was a Vegetarian Essays on Food Choice Identity and Symbolism Michael Owen Jones tackles topics often overlooked in foodways

At the outset he notes it was Victor Frankenstein's daemon in Mary Shelley's novel that advocated vegetarianism not the scientist whose name has long been attributed to his creature Jones explains how we communicate through what we eat the connection between food choice and who we are or want to appear to be the ways that many of us self-medicate moods with foods and the nature of disgust He presents fascinating case studies of religious bigotry and political machinations triggered by rumored bans on pork the last meal requests of prisoners about to be executed and the Utopian vision of Percy Bysshe Shelley one of England's greatest poets that was based on a vegetable diet like the creature's meals in Frankenstein Jones also scrutinizes how food is used and abused on the campaign trail how gender issues arise when food meets politics and how eating preferences reflect the personalities and values of politicians one of whom was elected president and then impeached twice Throughout the book Jones deals with food as symbol as well as analyzes the link between food choice and multiple identities Aesthetics morality and politics likewise loom large in his inquiries In the final two chapters Jones applies these concepts to overhauling penal policies and practices that make food part of the pains of imprisonment and looks at transforming the counseling of diabetes patients who number in the millions

The British National Bibliography Arthur James Wells, 1992 World Food Mary Ellen Snodgrass, 2012-09-15 This multicultural and interdisciplinary reference brings a fresh social and cultural perspective to the global history of food foodstuffs and cultural exchange from the age of discovery to contemporary times Comprehensive in scope this two volume encyclopedia covers agriculture and industry food preparation and regional cuisines science and technology nutrition and health and trade and commerce as well as key contemporary issues such as famine relief farm subsidies food safety and the organic movement Articles also include specific foodstuffs such as chocolate potatoes and tomatoes topics such as Mediterranean diet and the Spice Route and pivotal figures such as Marco Polo Columbus and Catherine de Medici Special features include dozens of recipes representing different historic periods and cuisines of the world listing of herbal foods and uses and a chronology of key events people in food history

A History of Food in Literature Charlotte Boyce, Joan Fitzpatrick, 2017-05-18 When novels plays and poems refer to food they are often doing much more than we might think Recent critical thinking suggests that depictions of food in literary works can help to explain the complex relationship between the body subjectivity and social structures A History of Food in Literature provides a clear and comprehensive overview of significant episodes of food and its consumption in major canonical literary works from the medieval period to the twenty first century This volume contextualises these works with reference to pertinent historical and cultural materials such as cookery books diaries and guides to good health in order to engage with the critical debate on food and literature and how ideas of food have developed over the centuries Organised chronologically and examining certain key writers from every period including Chaucer Shakespeare Austen and Dickens this book's enlightening critical analysis makes it relevant for anyone interested in the study of food and literature

twelve essays in *Romanticism/Judaica* explore the four major cultural strands that have converged from the French Revolution to the present The first section Nationalism and Diasporeanism contains essays on the diasporean mentality of the Romantics Byron s attitude towards nationalism and Polish immigrant Hyman Hurwitz s attempt to gain acceptance among the British by having Coleridge translate his Hebrew elegy for Princess Charlotte Essays of the second section Religion and Anti Semitism deal with the complexities of Jewish Christian relations in the Romantic Period Specifically they discuss philosopher Solomon Maimon s lack of response to Kant s anti Semitism novelist Maria Polack s use of Christian subject

matter to combat anti-Semitism and short story writer Grace Aguilar's incorporation of the British Bible-centered Evangelical culture along with various strands of British Romanticism. In the third section, Individualism and Assimilationism, essays consider different ways the Jews were assimilated into the dominant culture specifically through the theater, sports, and post-Enlightenment philosophy. Finally, the volume concludes with Criticism and Reflection, a reevaluation of earlier scholarship on Anglo-Jewish literature, the establishment of Harold Fisch's covenantal hermeneutics as a model for reading Keats, and an analysis of Lionel Trilling, M. H. Abrams, Harold Bloom, and Geoffrey Hartman in terms of their Jewish origins, suggesting the further implications for Romanticism as a field.
