**Lord Cochrane, Seaman-Radical-Liberator. A life of Thomas, Lord Cochrane, 10th Earl of Dundonald. [With portraits and a plan.].** Charles Christopher LLOYD,1947     Lord Cochrane: Seaman, Radical, Liberator Christopher Lloyd,1947     *Lord Cochrane: Seaman-radical-liberator* Lloyd Banks,1947     *Lord Cochrane : Seaman - Radical - Liberator* Christopher Lloyd,1936     **Cochrane the Dauntless** David Cordingly,2013-08-14 Patrick O Brian C S Forester and Captain Marryat all based their literary heroes on Thomas Cochrane but Cochrane s exploits were far more daring and exciting than those of his fictional counterparts He was a man of action whose bold and impulsive nature meant he was often his own worst enemy Writing with gripping narrative skill and drawing on his own travels and original research Cordingly tells the rip roaring story of a flawed Romantic hero who helped define his age     **'Napoleon is Dead'** Richard Dale,2007-01-15 Early on 21 February 1814 an army officer revealed that the French had been defeated and Napoleon killed When the London Stock Exchange opened at 10 00 am the City was full of rumours of an allied victory This work offers a tale of one of the earliest stock market scams a tale of greed deceit and the public humiliation of Lord Cochrane     *In Nelson's Wake* James Davey,2016-03-17 Battles blockades convoys raids An impressive account of how the indefatigable British Royal Navy ensured Napoleon s ultimate defeat International Journal of Military History Horatio Nelson s celebrated victory over the French at the Battle of Trafalgar in 1805 presented Britain with an unprecedented command of the seas Yet the Royal Navy s role in the struggle against Napoleonic France was far from over This groundbreaking book asserts that contrary to the accepted notion that the Battle of Trafalgar essentially completed the Navy s task the war at sea actually intensified over the next decade ceasing only with Napoleon s final surrender In this dramatic account of naval contributions between 1803 and 1815 James Davey offers original and exciting insights into the Napoleonic wars and Britain s maritime history Encompassing Trafalgar the Peninsular War the War of 1812 the final campaign against Napoleon and many lesser known but likewise crucial moments the book sheds light on the experiences of individuals high and low from admiral and captain to sailor and cabin boy The cast of characters also includes others from across Britain dockyard workers politicians civilians who made fundamental contributions to the war effort and in so doing both saved the nation and shaped Britain s history     *Cochrane* David Cordingly,2007-09-18 Offers a portrait of Thomas Cochrane the hero who served as a model for fictional characters drawing on previously unpublished sources to document his exploits against the French navy and in the liberation of South America     Most Secret and Confidential Steven E Maffeo,2012-09-15 In today s world of satellites and electronic eavesdropping it is hard to appreciate the difficulties involved two centuries ago in collecting and disseminating secret intelligence in time of war This book treats readers to a close up look at the ingenious methods used to obtain and analyze secret material and deliver it to operational forces at sea It brings together information from a variety of sources to provide the first concise analysis of the use and development of intelligence in the days of fighting sail The British experience from

1793 to 1815 is the book's main focus but it also includes French and American activity. In addition, the book examines how commanders used the information to develop strategy and tactics and win or sometimes lose battles. A naval intelligence officer himself, author Steven Maffeo illustrates the role of this dark craft by concentrating on the experiences of Lord Nelson and his contemporaries. A profoundly complex figure, Nelson epitomized the active acquisition of intelligence and the bold execution of decisions based on an understanding of the material. Maffeo offers fresh and illuminating information that supports the admiral's high regard for intelligence work. Reading at times like a cloak and dagger mystery, the story is filled with examples of how Nelson and his associates dealt with intelligence obstacles and how the outcomes affected their own futures and in some cases the history of the modern world. Maffeo's anecdotes give marvelous insight into the thoughts of the era's important figures: Bonaparte, Pitt, Spencer, and Cochrane, not to mention C. S. Forester's Horatio Hornblower and Patrick O'Brian's Aubrey and Maturin. The author's winning combination of vibrant narrative and zeal for accuracy assures this book a place in the libraries of military and intelligence professionals, historians, and Forester and O'Brian aficionados. Harbors and High Seas Dean King, John B. Hattendorf, 2000-10. This atlas and geographical guide to navigating the well-loved Aubrey Maturin novels has been updated with new chapters devoted to the final books of the series, 43 illustrations, 56 maps.

Against Massacre Davide Rodogno, 2011-11-07. Against Massacre looks at the rise of humanitarian intervention in the nineteenth century, from the fall of Napoleon to the First World War. Examining the concept from a historical perspective, Davide Rodogno explores the understudied cases of European interventions and noninterventions in the Ottoman Empire and brings a new view to this international practice for the contemporary era. While it is commonly believed that humanitarian interventions are a fairly recent development, Rodogno demonstrates that almost two centuries ago an international community, under the aegis of certain European powers, claimed a moral and political right to intervene in other states' affairs to save strangers from massacre, atrocity, or extermination. On some occasions, these powers acted to protect fellow Christians when allegedly uncivilized states like the Ottoman Empire violated a right to life. Exploring the political, legal, and moral status as well as European perceptions of the Ottoman Empire, Rodogno investigates the reasons that were put forward to exclude the Ottomans from the so-called Family of Nations. He considers the claims and mixed motives of intervening states for aiding humanity, the relationship between public outcry and state action or inaction, and the bias and selectiveness of governments and campaigners. An original account of humanitarian interventions some two centuries ago, Against Massacre investigates the varied consequences of European involvement in the Ottoman Empire and the lessons that can be learned for similar actions today. **Late Georgian and Regency England, 1760-1837** Robert A. Smith, 2004-07-08. A guide to historical literature on England between 1760 and 1837, emphasising more recent work. *Patrick O'Brian* Dean King, 2012-03-20. A revealing and insightful look at one of the modern world's most acclaimed historical novelists. *Patrick O'Brian* was well into his seventies when the world fell in love with his greatest creation, the maritime adventures

of Royal Navy Captain Jack Aubrey and ship's surgeon Stephen Maturin. But despite his fame little detail was available about the life of the reclusive author whose mysterious past King uncovers in this groundbreaking biography. King traces O'Brien's personal history beginning as a London-born Protestant named Richard Patrick Russ to his tortured relationship with his first wife and child to his emergence from World War II with the entirely new identity under which he would publish twenty volumes in the Aubrey Maturin series. What King unearths is a life no less thrilling than the seafaring world of O'Brien's imagination.

**The World of Patrick O'Brien** Dean King, 2016-06-28 Four volumes of history and biography for fans of the Aubrey Maturin novels with lore on the Royal Navy and much more. What is a sandgrouse and where does it live? What are the medical properties of *lignum vitae* and how did Stephen Maturin use it to repair his *viola*? Who is Adm. Lord Keith and why is his wife so friendly with Capt. Jack Aubrey? More than any other contemporary author, Patrick O'Brien knew the past. His twenty Aubrey Maturin novels, beginning with *Master and Commander* (1969), are distinguished by deep characterization, heart-stopping naval combat, and an attention to detail that enriches and enlivens his stories. In the revised edition of *A Sea of Words*, Dean King and his collaborators dive into Jack Aubrey's world. In the revised edition of *Harbors and High Seas*, King details not just where Aubrey and Maturin went but how they got there. Packed with maps and illustrations from the greatest age of sail, it is an incomparable reference for devotees of O'Brien's novels and anyone who has dreamed of climbing aboard a warship as well as a captivating portrait of life on the sea during a time when nothing stood between man and ocean but grit, daring, and a few creaking planks of wood. At the dawn of the nineteenth century, the British navy was the mightiest instrument of war the world had ever known. The Royal Navy patrolled the seas from India to the Caribbean, connecting an empire with footholds in every corner of the earth. Such a massive navy required the service of more than 100,000 men, from officers to deckhands to surgeons. Their stories are collected in *Every Man Will Do His Duty*. The inspiration for the bestselling novels of Patrick O'Brien and C.S. Forester, these twenty-two memoirs and diaries, edited by Dean King, provide a true portrait of life aboard British warships during one of the most significant eras of world history. Patrick O'Brien was well into his seventies when the world fell in love with his greatest creation, the maritime adventures of Royal Navy Capt. Jack Aubrey and ship's surgeon Stephen Maturin. But despite his fame, little detail was available about the life of the reclusive author whose mysterious past King uncovers in this groundbreaking biography. What King unearths is a life no less thrilling than the seafaring world of O'Brien's imagination. Patrick O'Brien: A Life Revealed is a penetrating and insightful examination of one of the modern world's most acclaimed historical novelists.
