Crisis-consciousness and the Novel Eugene Hollahan, 1992 This book examines the emergence of modern consciousness as consciousness develops historically in one cultural form prose fiction narrative The book represents a critical history of crisis arguably the most characterizing single word in the modern world and a major figuration or trope Eugene Hollahan has studied the history of this important word within the development of the English language novel from Samuel Richardson to Saul Bellow After establishing a heuristic model for such a critical history Hollahan tracks the word characterized by George Eliot in Felix Holt the Radical as a great noun through two and a half centuries of narratives by major novelists with contextualizing excursions into discourses in related fields such as autobiography philosophy theology and social science Hollahan contextualizes his study of English language narrative fiction by examining the writings of crisis rhetoricians in the eighteenth century Thomas Paine nineteenth century Thomas Carlyle J S Mill and J H Newman and

twentieth century Karl Barth Edmund Husserl T S Kuhn and Richard M Nixon Such varied and powerful crisis rhetorics establish a matrix of language and ideas for the crisis centered novels Hollahan surveys These novels include major works by Samuel Richardson Walter Scott Jane Austen George Eliot George Meredith George Gissing George Moore D H Lawrence E M Forster James Joyce Lawrence Durrell Robert Coover and Saul Bellow Hollahan s description of the crisis trope interfaces with various critical issues such as canonical inclusion reader response and deconstruction On the whole his book acknowledges current critical issues but endeavors to remain basically a critical history It attempts to demonstrate that the crisis riddled modern world and the crisis conscious novel are analogous and coeval Crisis begins as Aristotle s term for logical plot structuring becomes Longinus s term for emotional exacerbation and eventually enters into a variety of critical and narrative formulations Matthew Arnold s cultural centrality Henry James s existential aestheticism Lawrence s self defining sexuality Marshall Brown s revolutionary turning point Paul de Man s error ridden criticism Floyd Merrell s cut into the primordial flux Durrell s reborn self and Bellow s analysis of hysterical escapism Broadly speaking Hollahan argues that any crisis trope will enable or even necessitate a unique confluence of writerly and readerly skills In Louis Lambert Balzac urged What a wonderful book one would write by narrating the life and adventures of a word The story Hollahan narrates fulfills Balzac s expectations as it depicts writer after writer working out influential representations of human life in terms of crisis consciousness centering upon George Eliot s great noun crisis Historically Hollahan demonstrates such consciousness comes to define modern humanity

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Empires of Print** Patrick Scott Belk,2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world Focusing on adventure fiction published from 1899 to 1919 Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines **Heart of Darkness (Fourth International Student Edition) (Norton Critical Editions)** Joseph Conrad,2016-04-04 The Fourth Edition is again based on Robert Kimbrough s meticulously re edited text Missing words have been restored and the entire novel has been repunctuated in accordance with Conrad s style The result is the first published version of Heart of Darkness that

allows readers to hear Marlow's voice as Conrad heard it when he wrote the story. Backgrounds and Contexts provides readers with a generous collection of maps and photographs that bring the Belgian Congo to life. Textual materials topically arranged address nineteenth-century views of imperialism and racism and include autobiographical writings by Conrad on his life in the Congo. New to the Fourth Edition is an excerpt from Adam Hochschild's recent book *King Leopold's Ghost* as well as writings on race by Hegel, Darwin, and Galton. Criticism includes a wealth of new materials including nine contemporary reviews and assessments of Conrad and *Heart of Darkness* and twelve recent essays by Chinua Achebe, Peter Brooks, Daphne Erdinast, Vulcan, Edward Said, and Paul B. Armstrong among others. Also new to this edition is a section of writings on the connections between *Heart of Darkness* and the film *Apocalypse Now* by Louis K. Greiff, Margot Norris, and Lynda J. Dryden. A Chronology and Selected Bibliography are also included.

Self-Analysis in Literary Study Daniel Rancour-Laferrriere, 1994-10-01 What makes one reader look for issues of social conformity in Kafka's *Metamorphosis* while another concentrates on the relationship between Gregor Samsa and his father? *Self-Analysis in Literary Study* investigates how the psychoanalytic self-analysis enables readers to gain a deeper understanding of literature as well as themselves. In the past, scholars have largely ignored self-analysis as an aid to approaching literature. The contributors in *Self-Analysis in Literary Study* boldly explore how the psyche affects intellectual discovery in the realm of applied psychoanalysis. Jeffrey Berman confronts a close friend's suicide through Camus and his student's diaries kept for an English class. Language, family history, and an attachment to Kafka are addressed in David Bleich's essay. Barbara Ann Schapiro writes of her attraction to Virginia Woolf during her emotional senior year of college. Other essayists include Daniel Rancour-Laferrriere, Norman N. Holland, Bernard J. Paris, Steven Rosen, and Michael Steig. Written for both scholars in the fields of psychology and literature and for a general audience intrigued by self-analysis as a tool for gaining insight, *Self-Analysis in Literary Study* answers traditional questions about literature and raises challenging new ones.

Shows how these novels are essential components in a modernist cultural tradition which includes the visual arts. Takes account of recent developments in theory and cultural studies. Written in an engaging style avoiding jargon.

Outlandish Nico Israel, 2000 *Outlandish* addresses geographical displacement as a lived experience in the twentieth century as a predicament of writing and as a problem for theory. It focuses on the work of three transnational writers from diverse backgrounds working in different genres: Joseph Conrad, the Ukrainian born Polish novelist and storywriter living in Britain at the turn of the century; Theodor W. Adorno, the German Jewish philosopher and sociologist transplanted to Los Angeles during the Second World War; and Salman Rushdie, the Indian born British novelist and journalist recently released from the peculiar conditions of his notorious houseless arrest. The author argues that Conrad, Adorno, and Rushdie emblemize significant shifts over the course of the century from a modernist expression of almost universal deracination to a post-Auschwitz disarticulation of home and subjectivity to an emergent conceptualization of displacement in terms of migrancy, hybridity, and flow. He theorizes a mode of reading between exile and diaspora, two fundamentally different descriptions of displacement, and allows the *outlandish* writing of these three figures to complicate this seemingly continuous trajectory. Drawing on texts from literary theory, philosophy, psychoanalysis, anthropology, and geography, the author explores what he calls the rhetoric of displacement, the struggle to assert identity out of place. He reads this writing predicament against the backdrop of the century's salient economic and technological changes, political upheavals, and mass migrations. In doing so, he draws attention to those aspects of exile and diaspora that have remained insufficiently considered: their relation to nationalism and colonialism, to authority and institutionality, and above all to broader questions of subjectivity, race, location, and language, as these concepts themselves subtly change over the course of the century.

A Wilderness of Words Theodore Billy, 1997 Beginning with a detailed discussion of Conrad's ambivalence toward the function of language and the meaning of fiction, Ted Billy explores the problematical sense of an ending in Conrad's tales and novellas. Billy demonstrates that Conrad's endings, instead of reinforcing the meaning of the narrative or lending finality, actually provide a contrasting perspective that clashes with the narrative's general drift.

Contested Masculinities Nalin Jayasena,2013-10-18 Exploring how English masculinity that was so contingent on the relative health of the British imperial project negotiated the decline and ultimate dissolution of the empire by the middle of the twentieth century this book argues that by defining itself in relation to indigenous masculinity English masculinity began to share a common idiom with its colonial other The rhetoric of indigenous masculinity therefore both mimicked and departed from its metropolitan counterpart The study combines an interdisciplinary approach with a focus that is not limited to a single colonial society but ranges from colonial Bengal Burma Borneo and finally to colonial Australia

European Writers in Exile Robert C. Hauhart,Jeff Birkenstein,2018-10-26 European Writers in Exile collects a series of original essays that address the writers universal existential dilemma when viewed through the lens of exile who am I where am I from and what do I write and to whom While we often understand the term exile to refer to writers who have either been forced to leave their home country or region or chosen self exile this term need not be defined so narrowly and the contributors to this volume explore a range of interesting and evolving definitions Various countries in Europe have long been both a refuge for people and writers from many countries and a strife torn region which has forced many to flee within the continent or beyond it The phrase in exile involves writers moving across borders in multiple directions and for multiple reasons including for reasons of duress or personal quest and these themes are addressed and critiqued in these essays This volume naturally examines the cataclysmic and near universal exilic experiences relating to the world wars including essays on Thomas Mann Vladimir Nabokov Hannah Arendt and Leo Strauss Additionally essays address the unique early twentieth century experiences of Emile Zola Franz Kafka Joseph Conrad and James Joyce More contemporary essay subjects include Milan Kundera Norman Manea Eva Hoffman Caryl Phillips and W G Sebald This collection of transnational globalized European literature studies envisions understanding the intersection of our

contemporary world and various writers in exile in new cultural historical spatial and epistemological frameworks How does literary production in an increasingly globalized world when seen from exile affect a view back towards a country or region left behind Or conversely how does exile push a writer to look outward to new trans nationalized space s These and other questions are important to investigate Taken in sum *European Writers in Exile* offers an academically rigorous important and cohesive volume
