The Suburbs Marie Bouchet, Nathalie Cochoy, Isabelle Keller-Privat, Mathilde Rogez, 2022-02-01 While suburbs provide a rich field of research for sociologists architects urbanists and anthropologists they have not been given much attention in literary and cultural studies The Suburbs New Literary Perspectives sets out to enrich the limited existing body of critical analysis on the subject with a landmark collection of essays offering a far larger perspective than the books or collections published so far on the topic This interdisciplinary and wide ranging approach includes literary and art studies philosophy and cultural comment It examines the suburbs across cultural differences contrasting British South African and North American suburbs The specificity of this book therefore lies in a cross national and cross continental exploration of these unchartered territories The suburbs are redefined as those rebellious margins whose geographical borders are necessarily fuzzy and sketch out a common place where cultural frontiers can be transcended They are to use Sarah Nuttall's terminology places of entanglement where contraries meet and where new ways of being in the world is reborn Seen through the prism of art and literature the suburbs may then be recognized as philosopher Bruce Broughton argues as a new way of thinking and making urban space

Domestic Disputes Necia Chronister, 2021-02-08 Domestic Disputes is the first

monograph in German studies to offer a critical examination of the home ownership crisis in the former East Germany that resulted from unification policy taking as its focus news media made for television movies cinematic releases and prose fiction that depict property disputes between former East and West Germans In the cultural productions discussed in this book anxieties about social disenfranchisement through unification policy are dramatized in narratives in which Westerners acquire or attempt to acquire property in the former East Germany Each chapter addresses a different type of narrative that has emerged to frame those anxieties including those of neocolonial Western takeover the engagement with difficult family histories masculinity crises in the West and the corporatization of home Domestic Disputes is the first book length study to outline the way in which homes were awarded to individuals and families as the former East Germany privatized and to offer in depth examinations of the narratives that emerged from that social phenomenon **The Loss of Leon Meed** Josh

Emmons,2005-07-19 In Josh Emmons s inventive and utterly engaging debut ten residents of Eureka California are brought together by a mysterious man Leon Meed who repeatedly and inexplicably appears in the ocean at a local rock music club clinging to the roof of a barreling truck standing in the middle of Main Street s oncoming traffic and then as if by magic disappears Young and old married and single punk and evangelical black white and Korean each witness to these bewildering events interprets them differently yet all of their lives are changed by the phenomenon itself and by what it provokes in them And whether they in turn stagger toward love or heartbreakingly dissolve it Emmons s portrayal of their stories is strikingly real and emotionally affecting Queer Friendship George E. Haggerty,2018-03-29 Friendship in the classical world was celebrated as among the highest human achievements nothing was more likely to lead to the divine than looking for it in the eyes of a friend In exploring the complexities of male male relations beyond the simple labels of sexuality Queer Friendship shows how love between men has a rich and varied history in English literature The friend could offer a reflection of one s own worth and a celebration of a kind of mutuality that was not connected to family or home These same sex friendships are memorable because they give shape to the novels of which they are a part and question the assumption that the love between friends is different from the love between lovers Queer Friendship explores English literary friendship in three ways the elegiac the erotic and the platonic by considering a myriad of works including Sterne s Tristram Shandy Tennyson s In Memoriam A H H and Dickens Great Expectations
