Lost Crusader The Secret Wars Of Cia Director William Colby:

Lost Crusader John Prados, 2003-09-30 From his years as America's point man in Vietnam to his mysterious death in 1996 William E Colby was one of the most enigmatic figures of the Cold War Whether it was in CIA operations against Russia anti Communism in Western Europe covert action in Southeast Asia or its involvement in the Watergate affair Colby stood at the center of the agency's secret activities *Lost Crusader* for the first time uncovers the real story of this master spy from his beginnings in the OSS to his tumultuous years as Director of Central Intelligence in the 1970s Reviled by many outside the CIA for his role in Vietnam he was later cast as a scapegoat by the Nixon White House during the Church and Pike congressional investigations of CIA activities *Studies in Intelligence*, 2011 [Studies in Intelligence: Vol. 56, No. 1](#),

The Skorzeny Papers Ralph P. Ganis, 2018-06-26 In *The Skorzeny Papers* the author reveals the details of the post World War II activities of former SS Commando Otto Skorzeny Considered by British and American Allied forces as the most dangerous man in Europe Skorzeny planned and led numerous daring missions throughout the war The story in this book was extracted by Major Ganis from Skorzeny's personal papers The evidence reveals that Skorzeny gradually and methodically became involved in US intelligence and covert operations during the Cold War But Skorzeny's network had a greater point of destiny in November 1963 when it was utilized to carry out the most tragic mission in history This story would have been lost had Skorzeny not kept meticulous records of his businesses and contacts which were fronts for US covert activity In the end *The Skorzeny Papers* reveal the intriguing web of secret organizations and people linked to the events culminating in the assassination of President John F Kennedy

To Build as Well as Destroy Andrew J. Gawthorpe, 2018-12-15 For years the so called better war school of thought has argued that the United States built a legitimate and viable non Communist state in South Vietnam in the latter years of the Vietnam War and that it was only the military abandonment of this state that brought down the Republic of Vietnam But Andrew J Gawthorpe through a detailed and incisive analysis shows that in fact the United States failed in its efforts at nation building and had not established a durable state in South Vietnam Drawing on newly opened archival collections and previously unexamined oral histories with dozens of U S military officers and government officials *To Build as Well as Destroy* demonstrates that the United States never came close to achieving victory in the late 1960s and early 1970s Gawthorpe tells a story of policy aspirations and practical failures that stretches from Washington D C to the Vietnamese villages in which the United States implemented its nationbuilding strategy through the Office of Civil Operations and Revolutionary Development Support known as CORDS Structural factors that could not have been overcome by the further application of military power thwarted U S efforts to build a viable set of non Communist political economic and social institutions in South Vietnam *To Build as Well as Destroy* provides the most comprehensive account yet of the largest and best resourced nation building program in U S history Gawthorpe's analysis helps contemporary policy makers diplomats and military officers understand the reasons for this failure At a moment in time when American strategists are grappling with military and political challenges in Afghanistan Iraq and Syria revisiting the historical lessons of Vietnam is a worthy endeavor

Breach of Trust Gerald D. McKnight, 2005-10-04 The Warren Commission's major conclusion was that Lee Harvey Oswald was the lone

assassin of President John F Kennedy Gerald McKnight rebuts that view in a meticulous and devastating dissection of the Commission's work The President's Commission on the Assassination of President Kennedy was officially established by Executive Order to investigate and determine the facts surrounding JFK's murder The Warren Commission as it became known produced 26 volumes of hearings and exhibits more than 17 000 pages of testimony and a 912 page report Surely a definitive effort Not at all McKnight argues The Warren Report itself he contends was little more than the capstone to a deceptive and shoddily improvised exercise in public relations designed to prove that Oswald had acted alone McKnight argues that the Commission's own documents and collected testimony as well as thousands of other items it never saw refused to see or actively suppressed reveal two conspiracies the still very murky one surrounding the assassination itself and the official one that covered it up The cover up actually began he reveals within days of Kennedy's death when President Johnson FBI Director J Edgar Hoover and acting Attorney General Nicholas Katzenbach all agreed that any official investigation must reach only one conclusion Oswald was the assassin While McKnight does not uncover any smoking gun that identifies the real conspirators he nevertheless provides the strongest case yet that the Commission was wrong and knew it Oswald might have knowingly or unwittingly been involved but the Commission's own evidence proves he could not have acted alone Based on more than a quarter million pages of government documents and for the first time ever the 50 000 file cards in the Dallas FBI's Special Index McKnight's book must now be the starting point for future debate on the assassination Among the revelations in Breach of Trust Both CIA and FBI photo analysis of the Zapruder film concluded that the first shot could not have been fired from the sixth floor The Commission's evidence was never able to place Oswald at the sniper's nest on the sixth floor at the time of the shooting JFK's official death certificate signed by his own White House physician and contradicting the Commission's account of Kennedy's wounds was left out of the official record The dissenting views of the naval doctors who performed the autopsy and those of the government's best ballistic experts were kept out of the official report The Commission's tortuous Single Bullet or Magic Bullet theory is finally and convincingly dismantled Oswald was probably a low level asset of the FBI or CIA or both Commission members Gerald Ford for the FBI and Allen Dulles for the CIA acted as informers regarding the Commission's proceedings The strong dissenting views of Commission member Senator Richard Russell D Georgia were suppressed for years
