Lost In The War:

The Lost War Justin Lee Anderson, 2022-12-13 Justin Lee Anderson's sensational epic fantasy debut was voted best self-published fantasy book of the year and begins a tale of magic mayhem and a ragtag group of adventurers who just might be the key to saving their kingdom. Excellent full of great characters, tense action scenes, and truly surprising twists. A highly recommended read. James Islington. The war is over but peace can be hell. Demons continue to burn farmlands, violent mercenaries roam the wilds, and a plague is spreading. The country of Eidyn is on its knees. In a society that fears and shuns him, Aranok is the first mage to be named King's Envoy. And his latest task is to restore an exiled foreign queen to her throne. The band of allies he assembles each have their own unique skills. But they are strangers to one another and at every step across the ravaged land, a new threat emerges, lies are revealed, and distrust could destroy everything they are working for. Somehow Aranok must bring his companions together and uncover the conspiracy that threatens the kingdom before war returns to the realms again. Rich in action and intrigue, this fantasy adventure is sure to please fans of David Gemmell. Anthony Ryan. Exquisite. Gareth Hanrahan. Strikingly intense. Immersive and thoroughly compelling. SFX. In this unique and significant addition to Vietnam studies, *Memories of a Lost War* analyzes the poems written by American veterans, protest poets, and Vietnamese within political, aesthetic, and cultural contexts. Drawing on a wealth of material often published in small presses and journals, the book highlights the horrors of war and the continuing traumas of veterans in post-Vietnam America. In its inclusion of Vietnamese perspectives, the book marks a departure from earlier works that have largely concentrated on Vietnam as a war rather than a country. To Win the Lost War Lawrence Cambria, 2015-11-21. Perhaps the most long overdue work ever written about World War II and America's role in winning it. Bold, fresh, unique, extremely well documented, and brutally honest. In *To Win the Lost War*, Lawrence Cambria examines and analyzes the war at numerous levels and spaced intervals in order to provide the reader with an ongoing assessment of the overall situation as the war progressed. He examines, analyzes, and compares the major turning points of the war in Europe in order to determine which has the best claim to being the decisive turning point. He also takes a fresh look at America's war experience, bringing into focus numerous aspects of the war which are unknown to most Americans. Finally, he brings greater context to the importance of the American military effort. With *To Win the Lost War*, the author joins a growing number of contemporary scholars who are making many of the same observations that he has. In fact, his work draws on a bibliography of works from more than 200 scholars on the war and has more than 1,100 supporting footnotes. In *To Win the Lost War*, Lawrence Cambria separates popular myth from reality and provides his readers with observations on the war from perspectives that many have never considered. Read *To Win the Lost War*. It will change the way you look at World War II forever. **A Veteran Of The Lost War** Tim Connelly, 2008-01-01. A prose poem memoir of war and its
